ACIP 2019-2020
Prattville Elementary School

Vision

Learning Today...Leading Tomorrow

Mission

To provide excellent educational experiences for all students to be successful in life.

Beliefs

Personalized Learning

Objectives

- Provide explicit instruction focusing on long passages and non-fiction text features.

- Provide increased opportunities for fact fluency/ fact practice and increase higher order thinking.

Critical Initiatives

- Invest in curriculum materials aligned to/in support of instructional practices that promote personalized learning.

- Utilize departmental planning time for collaboration and professional development training monthly throughout the year.

- Implement programs that are data driven to motivate teacher instruction and student learning.

Stakeholder Engagement

Objectives

- To promote a school environment that supports and strengthens the relationship of all stakeholders.

- Maintaining a positive and nurturing environment for parents and students.

Critical Initiatives

- Provide support to parents through engagement activities, meetings, and effective communication.

- Improve relationships by providing students with the necessary support system they need to succeed.

- Develop classroom management plans that align with our school PBIS program to help provide a safe, and orderly learning

Technology Implementation

Objectives

- Improve student engagement in the classroom to promote learning and increase student confidence.

- Effectively implement technology in the classroom to increase student collaboration among peers.

Critical Initiatives

- Ensure every student has the skills and exposure needed to preform at any level.

- Increase achievement gaps by the use of technology by promoting researched based programs that enhance student learning.

- Increase our student/device ratio in order to provide assessments more efficiently.

- Provide students with access to technology

Safety Management

Objectives

- Promoting student achievement by creating a safe environment where students can learn.

Critical Initiatives

- Students feel safe in order to achieve academic success.

- School safety drills will be conducted monthly and SIR's data will be reviewed and shared every nine weeks.

Critical Initiatives	Critical Initiatives	Critical Initiatives	Critical Initiatives
• Utilize departmental planning for collaboration and professional development. • Invest in interactive apps and programs for student retention and increased skills ability. • Provide instructional practices and strategies to improve student mastery.	environment. • Teachers will provide a nurturing, and stimulating learning environment that supports our schools vision of "Excellence in Every Classroom."	with correct implementation and validity. • Provide teachers with the necessary training to implement technology with validation.
