January 21, 2021

Dear school family,

The purpose of this letter is to inform you that we had a Life Skills teacher test positive for COVID-19.

The teacher was on the elementary campus as recent at 1/20/2021 and the positive test caused two aides and the students of the class to quarantine.

The families of those involved have been contacted regarding their quarantine status.

Also, we have two bus drivers that are quarantined at this time. One is an aide listed above and the other due to close contact away from the school. This may cause delays for bus riders in the days to come. Let's hope for no rain in the morning so kids are not getting wet waiting on a bus. And, because our bus driver numbers are dwindling, let's hope no other drivers test positive any time soon.

If your child does not get picked up at their typical time in the coming days, please have them wait a few extra minutes. If the bus does not come at all, please call the school and we will send someone out to get them. We are sorry for any inconvenience this may cause.

As always, we wish those involved a full and speedy recovery, with little to no symptoms.

We are staying positive here and have yet to become the band at the end of the Titanic.

We do believe more healthier days are coming.

Please let us know if you need anything.

Sincerely, msd
