## **Considerations:**

### 1. Small group instruction

Will we be able to run small groups if we are limiting transitions

Should we do ability grouped seating so kids don't go to teachers table,

### 2. Specialized instruction

How will we do ELD and SPED? Will we keep the same schedule and have kids jump on chromebooks to attend lessons?

### 3. Specials classes, will they still be on Wednesdays

### 4. Dismissal

Will assistants be available to help so teachers get a full half hour lunch and half hour prep between classes? Will assistants be available to welcome kids in the room during slack time so teachers have a bit more prep time

### 5. How much will Hybrid teachers have to assign on Seesaw for asynchronous time
