

April 19, 2021

Dear Brigantine Community:

This letter is to inform you that one student in our district received a positive test result for Coronavirus Disease (COVID-19) who has not been in school since before Spring Break. The district is coordinating closely with public health officials and following CDC, state, and local health department guidance in order to assure the health and safety of our community.

Cleaning and disinfecting of all areas continues to be completed and the school has taken precautions to prevent the introduction and spread of viruses and other germs and is cleaning frequently touched surfaces daily, as well as air scrubbing.

We understand the level of concern regarding COVID-19. We encourage parents, students and staff to continue following the Centers for Disease Control & Prevention promoted safeguards, such as:

- Staying home when you are sick;
- Washing hands often with soap for at least 20 seconds;
- Covering coughs and sneezes and properly disposing of tissues;
- Limiting close contact with people who are sick and not sharing food, drinks and utensils;
- Practicing social distancing (staying at least 6 feet apart);
- Wearing a face covering while in school; and
- Continuing to monitor your health for symptoms.

As always, we appreciate our community's support and cooperation. You can assist us by remaining vigilant but sensible in your approach to dealing with this health concern. Should you have any questions about this situation, please feel free to contact Mrs. Kathleen Fox, Principal. Below are some resources that might be helpful.
