

Safety Accommodations for Fall re-entry July 2020

(Many of these accommodations are listed in the re-entry plan that is posted on the website)

- Temperatures will be taken before students and staff board a bus or enter a school building. Anyone exhibiting fever or symptoms will be returned home.
- All staff and students will wear masks. Mask “breaks” will be given.
- Teachers in K-2 will wear a shield so that children can see their face during lessons.
- Extra furniture will be removed from the rooms. Desks are at least 3 feet apart and 6 feet wherever possible. When desks can only be three feet apart, partitions will be provided for each student.
- Each teacher and office and bus will have a “Covid pack” of masks, disinfectant and hand sanitizer.
- Classrooms K-3 will have barriers on the round tables allowing teachers to work individually with students.
- Direction arrows will be placed on the floors of the buildings
- Distance markings will be placed in the auditorium and in the gymnasium bleachers
- Signage will be posted to remind staff and students to wash hands, distance and wear a mask
- Electrostatic sprayers have been purchased to deep clean classrooms, offices, sick rooms and buses.
- Windows will be opened an hour a day in classrooms to provide a flow of fresh air. Fans will be used in rooms with no windows to assist in ventilation. We are looking into the purchase of ion air cleaners for the Central rooms.
- Standing barriers are being assembled for classrooms that have desks in pods
- Water fountains will be shut down. Water bottles are encouraged. Water and disposable cups will be provided.
- Meals will be served in two areas in each building with students at a distance. All Dishes and flatware will be disposable.
- Students will not use locker rooms nor lockers.

- Teachers are encouraged to move classes outside or in larger spaces whenever possible.
- Any staff/student exhibiting symptoms at school will be immediately isolated and all CDC procedures will be followed.
- Teachers are asked to spray and wipe down desks between classes and to wipe down commonly touched areas. Custodians will disinfect daily and deep clean with sprayers each week or immediately when illness is detected.
