Legal Notice: Annual AHERA Notification Letter

Piedmont City Schools
502 Hood Street West
Piedmont, AL 36272

Dear Parents/Guardians, School Staff, Temporary Workers and or Contractors:

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA). As a result of this act, our facilities were inspected for asbestos containing building materials and their conditions assessed. The materials are re-inspected and re-assessed every three years. We continue to monitor the conditions of these materials through our on going six-month surveillance program. It is our districts intent to comply with federal, state and local regulations governing asbestos to ensure a safe environment for our students, staff and visitors.

Pursuant to the Federal Environmental Protection Agency (EPA) mandate, as required by 40 CFR 763.84 (c)(d) of public access to environmental records, this letter is to acknowledge the availability of our facilities Asbestos Management Plan. Piedmont City Schools, as the Local Education Agency (LEA), retains such reports that are available for public inspection in the Office of the Principal or the Administration Building during regular school hours. Any questions regarding our districts Asbestos Management Plan should be directed to our Asbestos Coordinator Craig Parris at 256-282-9707 or by calling the central office at 256-447-8831.

A copy of this letter will be enclosed in our districts Asbestos Management Plan.
