Dear Parents and Guardians,

The Pennsylvania Department of Health has enacted a travel restriction order that is a mandate for the entire state of Pennsylvania and its residents.

The full order can be found here: [PA Department of Health Travel Mandate](#)

As a result of this order, we are asking that parents/guardians complete a travel form if they intend on traveling over the Thanksgiving break or at any point that the order is still in effect. This form needs to be completed PRIOR TO traveling to another state. If you plan to travel out of state, your child will need to show documentation of a negative COVID-19 test prior to returning to face-to-face instruction. If documentation regarding a negative COVID-19 test is not presented to district officials, your child will be required to quarantine for 14 days upon return. If your child is quarantining, they are also not permitted to participate in any school related activities of any kind.

The travel form can be accessed on our district website or by clicking on the following link: [Student Travel Form](#)

If you opt to have your child quarantine, they will be able to participate in our virtual academy during this time and have access to all assignments through their google classrooms.

As always, I appreciate your cooperation and understanding regarding this correspondence. If you should have any questions, please do not hesitate to reach out to your child's principal or contact me directly for assistance.

Thank you and have a safe and happy holiday season,

William R. Henderson III, Ed.D
