A. The application process will begin on the fourth Monday of January and will end at 5:00 p.m. on the second Friday of February of the current school year.

In the event that the last day of open enrollment falls on a school holiday during any school year, the last day of open enrollment will be changed to the first day the school resumes regular operations following the school holiday.

B. The pre-enrollment application shall only ask for basic information such as name, grade and contact information.

C. All students currently enrolled at the time of the deadline for pre-enrollment application will be automatically placed for the following school year unless the student's parent has notified the school of their intent to withdraw prior to the close of applications.

D. All other applicants will be enrolled based on the priorities set forth below and based on a random lottery to be held in accordance with the Enrollment Lottery process set forth in this policy.

V. Admissions Lottery and Enrollment Process

A. Pre-Lottery Procedures

- 1. Southwest Georgia STEM Charter’s admissions application can be found on the school's website or obtained in the main office. All completed applications should be submitted to personnel in the main office, mailed to the school to the attention of the School Leader, or emailed to enrollment@sowegastemcharter.org by the deadline posted for the current school year.
- 2. If there are more applications than available openings for any grade level, a random enrollment lottery will be held on the 2nd Saturday following the closing date for open enrollment. Students/parents or guardians do not have to be present during the admissions lottery in order for an applicant to secure enrollment.
- 3. To be considered in the lottery or enrolled without a lottery, a student must have a completed application on file. Failure to have a completed admissions/lottery application by the deadline (last day of established open enrollment) will exclude the individual from the admissions lottery process.

B. Lottery Procedures

1. The enrollment lottery will be held at 9:00 a.m. in the auditorium. Any seats that remain open after the admissions lottery will be filled on a first-come, first-serve basis.
2. The enrollment lottery will be recorded and will be open to the public. In the event that large gatherings are not recommended at the time of the lottery, the lottery will be conducted on Facebook live.
3. Before the lottery, the School will designate the following individuals:
 - a) *one person to draw names/numbers*
 - b) *one person to record the names/numbers drawn*
 - c) *one person to announce the names/numbers to attendees*
4. Randomization: Randomization shall be done through manual methods, preferably by the use of assigned numbers with cards drawn manually from a clear container. Randomization will not be performed prior to the lottery; it shall be done at the announced lottery in full view of the public. If the labeling is done by number rather than by name, families/individuals will be informed of their numbers prior to the drawing
5. Sequencing: Each number drawn will represent an entire family. All family members will be placed across grade spans when their number is drawn. Due to complications for sibling preference, enrollment offer lists will not be fully compiled until ALL families have been drawn. Once all families have been drawn, each grade will be sorted by priority group and draw order.

C. Post-Lottery Procedures

1. Parents/Guardians of students who are selected in the lottery will be expected to complete an enrollment packet and register during the established registration period. Enrollment packets may be obtained from the administrative office or through a request to receive one via email. Completed enrollment packets and requested information should be submitted during registration. Documentation needed for enrollment will be listed on the school website.

D. Errors in the Enrollment Lottery

1. Southwest Georgia STEM Charter will take immediate action to correct any errors. The Board of Directors will have the final decision regarding remedies to correct all lottery application errors. Remedies may include but are not limited to the following:
2. Adding a student to the top of the waitlist or admitting a student even though the school is oversubscribed.
3. Redoing a grade-level lottery to ensure fairness for all stakeholders involved. If the school needs to redo one or more lotteries, it will make a concerted effort to provide all stakeholders clear and consistent information.

VI. Waiting List

- A.** In the event that the number of applications for a grade level exceeds the number of seats, a wait list will be developed. The admissions lottery drawing process will be used to determine the order of the remaining applicant's position on the waiting list. Once the lottery has been completed, any new applicants will be placed at the end of the waiting list.
- B.** The wait list is separate from the list of students admitted through the lottery. Each family will be aware of the position of its student (s) on the waiting list at the conclusion of the admissions lottery drawing process.
- C.** Those offered the opportunity during the school year to enroll from the waiting list will have three days to complete the registration process before the opening will be offered to the next student on the waiting list. The wait list will be updated each time students on the waiting list are admitted, and parents/guardians may contact the administrative office at any time to determine the position of their child/children on the waiting list.
- D.** It is the responsibility of a waitlisted parent or guardian to maintain accurate contact information including a phone number, address, and an email if possible. The office will contact the next person on the waitlist if a seat becomes available. The office will contact waitlisted parents by phone, and if available, by email. Every effort will be made to reach the individual in person; however, if this is not possible, a message will be left on the phone and/or email. The parents/guardians will be given 72 hours to contact the administrative office to accept the opening. If contact or a decision is not made within this time frame, the next child on the waitlist will be extended an offer.
