

As you all know we will be 100% virtual beginning tomorrow, Monday, Jan. 11 through Friday Jan. 22.

You should have received communication from your child's teacher concerning all expectations as well as the parent letter your child brought home on Friday from me. If you need access to the parent letter, you can find it on our school website at www.prattvilleprimary.com. Along with this letter, you will find many needed links and other important information you will need for virtual learning.

We will begin and end our virtual days together with a call out from administration. Expect those calls daily at 8:00 and 3:00.

We understand that some students will need to complete assignments after 3:00 PM each day because of circumstances out of their control. Therefore, all call outs and live instruction will be recorded each day and placed in Schoology for easy access if needed after 3:00 PM.

Please remember if you need something, call our office at 365-6277 between 8:00-3:00 or email your child's teacher. You may also come by our office during those same hours.

We know this will be a challenging time for our students and their families but we intend to make this as positive as possible for all of us involved. It is vital that your children participate in all resources provided by our school to ensure they do not experience any further learning gaps.

Thank you for your support and we look forward to continuing learning and leading together just in a virtual format for a little while.

Please remember to report any COVID related sickness in your household to our teachers and school nurse so we may continue to monitor numbers and collect data.
