

December 7, 2020

Dear Cottonwood Families,

Due to staffing concerns, the Cottonwood Union School District will return to Distance Learning for the week following Winter Break which begins on January 4th and ends January 8th. We will have students returning to campuses for in seat instruction on January 11th.

Since we did return to several staffing issues after Thanksgiving break, we feel another week long buffer is needed after Winter break as well so that we have time to address and adjust to any staffing concerns and to be able to notify parents of any necessary changes that may take place in a timely manner.

The District apologizes for any inconvenience this creates for families, but due to issues after the last break we feel this is a necessity and that this is the safest plan for students and staff.

Thank you for your support and understanding.

Sincerely,

Doug Geren
Superintendent
