## Day 3

<https://www.fb.org/viewpoints/category/focus-on-agriculture>

Select an article from the above website. Read your article. Then do a web search and find another article related to the same topic. Read that article and then write a ½ page summary pertaining to both articles read. At the end of the summary include the name of the article from the web address above and include the URL (website) from the second article you found.

## Day 4

Research a career in agriculture industry and create an informational brochure/flyer including the name of the career, required education/ training, expected salary, job description, etc.

- You can use [canva.com](https://www.canva.com) to create a flyer. Download as a pdf and submit. Do not share the link or I won't be able to view it.
