

# Califon School 2021-2022

## “Safe Return” Plan June 16, 2021

Michele Cone, EdD

At this time, NJ Governor Executive Orders regarding mask wearing in all NJ schools remains in effect.

No guidance has been provided for September 2021 regarding the requirement for masks, social distancing, and other health matters.

# NJDOE Requirements:

All NJ Schools are required to develop the “Safe Return Plan” for Fall 2021 to indicate how the school will maintain health (masks & social distancing, handwashing, cleaning, contact tracing, screening, & vaccinations), and provide continuity of services, academic and social emotional health of staff & students.

**All of the required areas were addressed in the September 2020 Restart & Recovery Plan with the exception of vaccines.**

# Health

**If required:** Califon School will follow all requirements for masking, social distancing, handwashing, health screening, contact tracing and cleaning & maintenance of the facility.

The NJDOE does **not** require students to get the vaccination.

Resources are available for parents regarding the vaccination.

See the: Restart and Recovery Plan (Fall 2020 Plan) and revised content is located on the school website.

# Academics & Social-Emotional Health

Academic and social-emotional supports will continue for all students. Programs addressing emotional health will continue to be implemented.

See the: Restart and Recovery Plan (Fall 2020 Plan) & revised content is located on the school website.

---

# Communication

Communication regarding CDC, NJDOE and NJDOH will be distributed as soon as districts are notified.

Information will also be placed on the school website.

See the: Restart and Recovery Plan (Fall 2020 Plan) & revised content is located on the school website.
