SS8 World History

Course Content:

We will study the many peoples and events that have shaped history from the time of civilizations such as the Ancient Egyptians to the time of Renaissance artists such as Michelangelo. Rather than just memorizing names and dates (though there will be a little of that), we will use the material to help develop a set of skills that everyone can benefit from. We will build critical and creative thinking skills, we will learn how to form opinions and build arguments based on evidence, and we will learn how to communicate our thoughts and beliefs in writing. We will also be learning about some of the most influential and important cultures in the world – both today and in the past, which helps us become better citizens of the world.

Textbook:

World History: Ancient Civilizations Through the Renaissance by Houghton Mifflin Harcourt

Required Materials:

Binder, Notebook paper, Pen, and Highlighters.

Work to be graded:

- All grades will fall under two categories this year: 60% major grade and 40% minor grade. Each student will be given one 40% grade each week and one major grade every three weeks.

Assignments:

- **Quizzes:** Students will take a quiz on covered material usually at the end of the activity or section.
- **Chapter Tests:** Tests will consist of all class notes and activities leading up to the test including questions pertaining to related maps, graphs, charts, diagrams, and reading passages.

- **Creative Arts Project:** Each quarter students will be assigned a project to complete. Students will be notified in writing of project expectations and due dates with ample time to complete and turn them in. Late projects will be penalized ten points per day.
- **Missed Work and Late Work:** It is the responsibility of the student to make up any missed work. For classwork and homework, late work will be accepted, but will lose 10% of their final grade each day it is late (1 day late = 90%, 2 days = 80%, 3 days = 70%, 4 days = 60%, 5 days late = 50%).
