Create Account

Copyright © 2005 - 2015 Pearson Education, Inc. or its affiliate(s). All rights reserved.

Once you click on the Create Account tab, you'll see a screen that looks like this:

The screenshot shows the PowerSchool 'Create Parent Account' form. At the top is the PowerSchool logo. Below it is the title 'Create Parent Account'. The form contains several input fields: 'First Name', 'Last Name', 'Email', 'Desired Username', 'Password' (split into two boxes), and 'Re-enter Password'. Below these fields is a note: 'Password must: •Be at least 6 characters long'. Underneath is a section titled 'Link Students to Account' with the instruction: 'Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account'. There is a small box with the number '1' and a 'Student Name' label.

Please type in your first and last name in the form followed by whatever email account you'd like to use. This email will be the one the system uses to send you log-in information should you need to be reminded.

3. Next, choose a username, and a password. The username can be anything you like. The password must be 6 characters long at a minimum, and the system will tell you how strong it thinks your password is as you enter it. The longer, and the more random inclusion of numbers, capital letters, and wildcard characters the better. Here's an example:

 PowerSchool

Create Parent Account

First Name	Jane
Last Name	Smith
Email	jsmith@abc.com
Desired Username	QueenBee
Password Strong
Re-enter Password

Password must: -Be at least 6 characters long

4. Next, add your student's information like this. If you don't have this information please call the school registrar or specific personnel listed at the end of this document. The individual access id and password is individual to the student. These credential are for Parent Access to PS. The username will be 8 numbers and the password will be 8 random numbers and capital letters. Please see the end of this document regarding school contact person if you don't know this info.

Link Students to Account

Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account

Student Name

Access ID

Access Password

Relationship

-- Choose

Enter

Enter

That will take you back to the main sign in screen. Now please test your new log in information and sign in with your new credentials:

The image shows the PowerSchool login interface. At the top left is the PowerSchool logo. Below it is the heading "Student and Parent Sign In". There are two buttons: "Sign In" and "Create Account". The "Sign In" button is highlighted. Below the buttons are three input fields: "Select Language" (dropdown menu set to "English"), "Username" (text field containing "QueenBee"), and "Password" (text field with masked characters "••••••••"). Below the password field is a link "Forgot Username or Password?". At the bottom right is a "Sign In" button with a mouse cursor pointing to it.

That will take you to the familiar screen that reports on your student's grades and attendance:

The image shows the PowerSchool dashboard for a user named John. The top navigation bar includes the PowerSchool logo, the user name "John", and links for "Welcome, Jane Smith", "Help", and "Sign Out". The main content area is titled "Grades and Attendance: Smith, John Francis". Below this title are two tabs: "Grades and Attendance" (selected) and "Standards Grades". The "Grades and Attendance" tab displays a table titled "Attendance By Class".

Exp	Last Week					This Week					Course	S2	F2	Q4	Q3	S1	Absences	Tardies
	M	T	W	H	F	S	M	T	W	H								
1(A)																	0	0
2(A)																	0	0

The table shows attendance data for two classes. The first class is "Asian American Literature" taught by Kuehl, Cristin - Rm: L510. The second class is "U.S. Homefront: Mid 20th Century - Present" taught by Sansoe, Richard - Rm: D811. Both classes show 0 absences and 0 tardies.

If you only have one student then you will only see one name in the top bar under PowerSchool. If you add more than one you will see the names listed so that you can change students easily.

FOR EMAIL SETUP PLEASE GO TO THE NEXT PAGE

Email Notifications Set-Up

To modify the information sent to a parent or guardian and **resume** e-mails that you were receiving up until the update follow the directions below:

1. In the Navigation menu, click Email Notifications.
2. Select the desired information to be included in the email report.
3. Open the “How often?” menu and select the frequency of report delivery.
4. To send the report to other addresses, enter the addresses in the Additional Email Addresses field (separate additional addresses with commas)
5. If these changes are for all students on the account, check **Apply these settings to all your students?**
6. To send a report immediately for the selected student, click **Send now for [student name]**. If you would like to receive a second student’s email notification you will have to click on that student’s name at the top and click Send now for [student name].
7. To save the email preferences, click **Submit**.
