

Addye Coltrane and Principal Kim Bowie

Addye Coltrane is one tremendous student! She is kind, silly, smart, and creative. She never gives up, especially when learning new things. Addye is willing to help her peers and her teacher at all times. She loves to learn! Addye always extends what we learn in the classroom and then does her own research and reading at home. We love her ability to always put a smile on everyone's face. Addye Coltrane is pure sunshine and joy, and we are proud to name her as New Market Elementary School's STAR³ Student for March.
