**Reflection:** Love, Secretary

The super bowl was just played. Thousands of men trained, played games, gave of themselves physically and emotionally...they gave all they had but only two teams got to play in the super bowl and only one team won. That was the goal of every football player that got on the field this year. They weren't going for a win, division win, they wanted to win the super bowl.

1 Corinthians 9:25-26

25 All athletes are disciplined in their training. They do it to win a prize that will fade away, but we do it for an eternal prize.

26 So I run with purpose in every step. I am not just shadowboxing.

At Huntington, we don't want to just go through the motions of education but we want to train with a purpose. It isn't so the kids will pass middle school or even high school. It would be great for college but that isn't our goal either. It is to have students according to our vision is to become an institution that produces students who are academically, emotionally, and socially prepared to succeed in all facets of life. We want our students to win at the super bowl of life.
