5.1 Leave is permission granted in advance by the Board or its designee for an employee to be absent from his/her duties for a specific period of time.

5.2 Leave must be officially granted in advance and may not be granted retroactively. Sick leave is considered to be granted in advance if the employee submits a completed form to the proper authority on the day s/he returns to work. The employee must supply a reason for the leave request on the form. The parties recognize two (2) types of leave: paid leave and unpaid leave.

5.3 Paid Leaves

5.3.1 Sick Leave

5.3.1.1 All classified employees are entitled to one day of sick leave for each month of work. Unused sick leave may be accumulated without limit. Classified employees who work less than a full day are entitled to sick leave benefits based on the ratio their normal work day bears to a full day (8 hours). Sick leave shall not be charged against unused vacation except as provided under 5.3.1.6 below. For the purpose of computation, employees who work 50% or more of their required working days in a given month shall be credited with one-half month service, and employees who work 75% or more of their required working days in a given month shall be credited with a full month service for the purpose of accumulating sick leave. Nine (9) month employees meeting the above requirements will be granted ten (10) days of sick leave.

5.3.1.2 When employees are ill they are encouraged to take sick leave provided for that purpose. If the District has reason to suspect that a classified employee is abusing sick leave, it may require that s/he present proof of illness to qualify for pay during the absence. If the classified employee is entitled to sick leave, and should such a request cause any additional mileage or medical expense to the employee, the District shall pay these expenses. Mileage will be the amount approved by the IRS for tax-deductible expenses.

5.3.1.3 All illness or injury that physically incapacitates the employee from performing his/her regular duties is an authorized reason for a sick-leave absence.

5.3.1.4 When an employee is exposed to a contagious disease and is absent from work to prevent spreading the disease to their employees as verified by the employee's physician, sick leave is authorized. An employee shall be paid his/her regular salary for any period during which his/her place of employment is closed because of quarantine, epidemic, or other conditions involving the health or safety of employees, provided that the employee is ready, able and willing to perform his/her customary or other reasonable and suitable duties. During this period, the District shall endeavor to assign the employee to work elsewhere.

5.3.1.5 Time off for doctor of dentist appointments may be taken as sick leave if the appointment is necessary because of illness, injury or for dental care.

5.3.1.6 When an employee has exhausted his/her accumulated sick leave, s/he may, at her/his option, use accumulated vacation time earned to date at that time.

5.3.1.7 Any employee who is required to be absent from his/her duties for a period of five (5) months or less due to a serious illness or accident may be granted the difference between his/her regular salary and the salary paid a substitute for such a position. Such a salary differential will be granted only after all accumulated sick leave has been exhausted. Request for leave under this provision must be made directly to the Superintendent. Prior to making a decision, the Superintendent may request a report from the physician designated by the employee. Employees granted leave under this provision shall sign an agreement that the District will be given written notice no less than twenty (20) working days before the expiration date of the leave of their intention to return. Accompanying the written intention to return will be a physician's report verifying fitness to resume work. Failure to notify the District will be considered a notice that the employee will not return.

5.3.1.8 In any case in which a dispute arises as to the medical condition of an employee's ability to work, the employee will be referred, at District expense, to a physician, whose opinion shall be controlling, to provide an independent corroboration of diagnosis and/or length of recovery. The Union and the District will mutually agree yearly on a panel of doctors for employees to choose from for this purpose.

5.3.1.9 Annual sick leave entitlements will be posted the beginning of each school year or upon a new employee's effective hire date. An employee may request from the personnel or payroll departments a statement of sick leave accumulated at any time.

5.3.1.10 All transitional duty assignments shall be approved in accordance with a physician's written statement of ability to work without risk of re-injury with approved restrictions listed. The written transitional duty authorization from the treating physician shall be provided to the District at the beginning of the next business day of receipt by the worker.

5.3.1.11 No applicant for a transitional duty assignment will be discriminated against because of past work performance, age, physical handicap, or any other reason.

5.4 Industrial Accident Leave (Absence Due to Illness or Injury on the Job)

5.4.1 A classified employee who is absent from duty because of illness or injury resulting from an accident or condition which qualifies under Workers' Compensation Insurance shall be granted an industrial accident leave for such illness or injury.

5.4.2 Such leave shall not exceed sixty (60) working days in any fiscal year for the same accident and shall commence with the first day of absence.

5.4.3 Such leave shall not be cumulative from year to year, but at the end of the school year unused industrial accident leave may be carried into the next fiscal year for the same accident.

5.4.4 Sick leave shall not be deducted until all industrial accident leave has been used.

5.4.5 All checks received by an employee from the Workers' Compensation carrier shall be endorsed over to the District.

5.4.6 After expiration of all industrial accident leave, sick leave may be deducted in an amount equal to the difference between regular salary and compensation checks endorsed to the District from the Workers' Compensation carrier.

5.4.7 When all available leaves, including industrial accident, sick leave, accumulated vacation time and additional leave (if granted) have been used, and if the employee is not medically able to return to work, s/he shall be placed on a re-employment list for a period of thirty-nine (39)-months. When available, during the thirty-nine (39) month period, s/he shall be employed in a vacant position in the class of his/her previous employment over all other available candidates. Any employee who has been medically released for return to work and who fails to accept an appropriate assignment shall be dismissed.

5.4.8 It is the intent that all of the above provisions for industrial accident leave be construed in conformity to Education Code Section 45192 or any amendments thereof.

5.4.9 In the event an employee becomes disabled as the result of a work related injury, the District's worker's compensation program personnel shall assist the employee in becoming familiar with available rehabilitation programs.

No evaluation of any member shall be placed in his/her personnel file without an opportunity for private discussion between the member and the evaluator. Specifically, if the employee and employer have had discussions pursuant to Article XIV (14), these discussions may then be included in the evaluation immediately following whatever disciplinary action has been taken. Memorandum of Understanding

Between Dixon Unified School District and SEIU Local 1021

Notification to Employees upon Exhaustion of Accumulated Leaves

SEIU and the Dixon Unified School District, agree to the following procedure for the 2016-2017 bargaining period. This MOU shall sunset November 30, 2017 absent a negotiated agreement otherwise OR when the District implements electronic leave balance tracking in AESOP, whichever is earlier.

During this negotiations period, SEIU has proposed language addressing the notification to employees before a deduction is made to wages when sick leave balances have been exhausted. At this time, the District is preparing to utilize the absence management software, AESOP, to track employee leave balances. Once implemented, employees will have "real time" access to their leave balances and will be able to know when they have exhausted a particular type of leave balance. This Memorandum of Understanding has been developed to define a process that will be used to communicate to employees before deductions to wages are made when accumulated sick leave or vacation hours have been exhausted or when personal necessity days have been exhausted. During the time this MOU is in place, the following process will apply:

When an employee has exhausted his/her accumulated full-pay sick leave, or vacation or has exhausted the personal necessity days as outlined in the contract, the District will provide written notification to the employee before deductions are applied to the employee's wages and as soon as the District is made aware of the continued sick leave, personal necessity or vacation usage.

no later than 1 week before the pay date that the deduction is applied.

2018/2019 School Year**

As part of the 2016/2017 contract negotiations, the District and SEIU, Local 1021 agree to a 1.1 % one-time off schedule payment to be paid November 2018 with the implementation of a one-year Memorandum of Understanding for Classified Professional Development. With the approval of the proposal, in 2018/2019, the District proposes the following:

- 1.1% off schedule payment in fiscal year 2018/2019 paid in November 2018 to those members active as of November 1, 2018; *and*
- All bargaining unit employees would participate in Professional Development (PD) activities **between July 1, 2018 and May 30, 2019** as outlined below:

Determination of PD Hours

- 12-month employees would need to complete 16 hours of PD activities during their regular work day
- 11-month employees would need to complete 16 hours of PD activities during their regular work day or during a non-duty time.
- For 9 and 10-month employees, the District would work cooperatively with SEIU leadership, before implementation, to determine an appropriate amount of PD hours that would not exceed 1.1% that would be based on a sliding scale related to employee calendars and percentage of FTE. The PD activities would need to be completed during a non-duty time.

Types of Professional Development Activities

- The District would provide the activities that would apply to these hours. The activities could be those that are related to compliance requirements for the member's position, and workshops or trainings delivered by District staff or outside providers. Activities completed using the District's online training provider, Target Solutions, would apply to the hours required. Activities delivered by District staff or outside providers would be scheduled and announced to staff in advance of the activity.

The District will create a process to track completion of the required hours. Those employees who do not complete the required hours by May 30, 2019 will have their leave balances reduced by the outstanding amount. The employee would be given the option to select the leave balance type that would be reduced but if the employee had exhausted all leave balances by this date, the employee's pay would be reduced by the equivalent amount of the balance.

The hours completed under this MOU could not be submitted for professional growth credit.
