As of May, 1989, the schools and office building of School Administrative Unit #7 have been inspected for the presence of asbestos-containing materials. The condition of these materials will be reviewed every six months until they have been removed from the buildings.

Copies of these plans are on file in each office and are available for review during normal business hours.

Section 763.93 (g) (4) of the Asbestos Hazard Emergency Response Act of 1986 requires notification of the availability of the management plans to all parents, teachers, and employees. Notice is hereby given.
