Dear Warrior Parents:

Houston County Schools use *Infinite Campus* as our Student Information System. As parents of middle school students, you are able to view your student's grades, attendance, and messages from the teacher and school.

The portal for Middle School parents is the same as for High School. If you have a High School student and have already set up your parent account for that student, you will be able to see your Middle School student's data on that same page. You will only need to select your Middle School student's name by clicking on the down arrow on your account page to activate the drop down box and select your Middle School student's name to be able to view your Middle School student's grades. If you do not have a High School student and have not set up your parent account, you will be given a "Portal Activation Key" number to access your student's data on our website through *Infinite Campus*. You will have only one "Portal Activation Key" number to access any of your student's data who attend Houston County Schools.

Please follow the directions below to access the portal and receive a "Portal Activation Key." You will use that number to sign on to the portal and set up your parental account.

2. In order to retrieve your activation key, visit: <http://www.hcbe.net> and click on **the Infinite Campus- Parent Portal, First Time Login Option** on the left-hand menu. This will bring you to the following screen.
