Dr. Tangela Madge, Superintendent

November 8, 2020

Dear Parents and Guardians:

According to information obtained from the Center of Disease Control (CDC) a flu vaccine is more important than ever during 2020-2021 to protect yourself and the people around you from flu. This vaccine will also help reduce the strain on healthcare systems responding to the Covid-19 pandemic.

Therefore, as Superintendent of the Randolph County School System and member of the Randolph County Board of Health, I have reached out to Lindsey Hixon (Public Health Nursing Supervisor) and asked that members of her team provide the flu vaccine to our students and members of the community. Obtaining the flu vaccine is not mandatory, but I want to provide an opportunity for our students to get a flu shot at school by medical professionals. Also, this opportunity is extended to our virtual students and members of the community via a drive through flu vaccine drive at the J.B. Smith Complex.

All students now attending school will be given the necessary forms that must be completed by their parents and returned no later than November 12, 2020. Virtual students under the age of 18 must be accompanied by a parent or guardian. Parents may also obtain a copy of these forms from the schools and district's websites.

Sincerely,

*Tangela Madge, Ed. D.*
