

TO THE PARENTS OR GUARDIANS OF STUDENTS

We are once again offering you the opportunity to purchase Student Accident Insurance for your child. The enrollment form may be obtained from our agency website at www.colonnainsurance.com or the insurance company's website at www.commercialtravelers.com using the access code of 994A.

Please note that while the school has liability insurance, it covers injuries to pupils only if liability is proven against the school. The school does not pay for routine accidental injuries. The student accident insurance pays claims on a primary basis and covers accidental injuries regardless of liability. The exclusions and limitations are explained on the brochure.

1 Choose from these School-Approved Plans:

Around-the-Clock Plan

The student is insured for full 24-hour a day protection, for school-connected accidents, and at home or away—at play—at camp—on vacation—scouting—amateur sports—youth group activities—or just playing in the neighborhood.

Schoolltime-Only Plan

The student is insured while attending school when school is in session; participating in or attending activities sponsored solely by the school and supervised by a school official or employee, including school-supervised travel to and from the Insured's residence and the school for regular school sessions; and attending religious services, including travel.

Extended Dental Plan

Increases the Dental Treatment Benefit under the Plans to a maximum of \$25,000 for accidental injury to sound, natural teeth. This optional benefit cannot be purchased separately, but must be purchased with either Schoolltime or Around-the-Clock coverage. Optional Dental coverage is effective 24 hours a day even when selected with Schoolltime Coverage and provides coverage until the first day of the next Fall term. Treatment must begin within 100 days from the date of the accident. Benefits are payable only for covered expenses which are incurred within 24 months immediately following the date of the accident. However, if the dentist certifies that treatment must be deferred beyond the 24 month period, the Company will pay up to \$250 of the expense incurred for such deferred treatment. This benefit will pay up to a maximum of \$600 per accident for cost of dental prosthesis. The maximum payable under the Policy, however, as a result of any one accident will not exceed \$250,000 in the aggregate for all covered expenses, including benefits under this Dental Benefit.

2 Additional facts about the Plans:

Effective and Expiration Dates: Applicants are covered as of the date they submit an application and the required premium, but not prior to the first day of school. The expiration date of coverage (except for those applying for **Around-the-Clock** coverage) shall be the close of the regular nine month school term, except while the Insured is attending academic classroom sessions, exclusively sponsored and solely supervised by the school during the summer; in such case coverage will terminate at the end of the summer classroom sessions. **Around-the-Clock** coverage ends on the opening day of school for the following Fall term.

Student Accident Insurance covers accidental bodily injury sustained during the term of insurance and which causes loss directly and independently of all other causes. Insurance is good anywhere. For example, if the student buys the Plan at school and the family moves, the benefits would continue until the close of the school term at any new public or parochial day school. There is no limit to the number of accidents a student can have paid under the Policy. **Teachers and Administrative Employees** (excluding cafeteria and maintenance) **are also eligible to enroll. This Plan provides primary coverage. Eligible expenses are paid regardless of any other insurance coverage you may have.**
