Inez Coleman,

Greetings Parents, Students and Community Stakeholders,

I hope this communication finds you and your family safe and sound. As you know the school year has started and is off to a great beginning. We the faculty and staff of Jefferson County Elementary School would like to take this opportunity to officially welcome all of you to the most **EXCITING SCHOOL YEAR EVER**.

At JCES we the faculty, staff, and student body have **DREAMS** of making this the best school year ever. Our **DREAMS** are where we **Dare to Reach Educational and Academic Mega-Success** for all students. With a community of dedicated and life-long learners we intend to make our DREAMS a true reality. This endeavor cannot take place without your continued support and effort. We are aware of challenges we face as a result of the pandemic and it is our DREAM that we will all rise up together to meet those challenges.

The Dream Team is here for you as we help to #transform the JCPSD together. Whether virtual, hybrid, or traditionally feel free to reach out with questions, problems, issues, concerns or dramatic experiences of any sort.
