

The Beta Club is a club like no other. The only means of being invited into this select group of high school students is to maintain a 3.5 unweighted academic average during their junior and senior years of high school, while also demonstrating exemplary behavior and character. But the Beta Club is about much more than academic success—it's about leadership and service. Rather than making the members' talents and skills the focal point of its club mission, Beta Club seeks instead to humbly serve its school, its community, and its world, utilizing those same talents and skills, to make the world a better place. Currently, in a world of disease and unrest, Randleman High School Beta Club seniors of 2020 have donated over 1,500 hours of volunteer service with only one goal in mind—to make reaching out and helping others a priority in their lives. We celebrate these 2020 Beta Club seniors today and feel confident that as they continue their journeys down many different paths, they will steadfastly display the same humility and enthusiasm for serving and loving their fellow man as they did at RHS. This years Beta Club recipients are:
