Here are some of the things OHP pays for:

- Medical care such as checkups and shots
- Dental care such as cleaning, fluoride, fillings and extractions

- Prescriptions
- Physical, occupational and speech therapy
- Vision care for children through age 21 and pregnant women

Most Oregon Health Plan members get their health care from local coordinated care organizations (CCOs). CCOs:

- ▶ Help you use OHP in your area
- Work with all types of health care providers in your community: doctors, dentists, counselors, hospitals, pharmacies and more
- Help you when you have problems finding the right care
- Help you manage long-term conditions, such as diabetes and high blood pressure.
