Where the West
gets emergency care.

Advanced emergency care is close by.

A healthy respect for roping, riding and wrestling goes a long way towards staying healthy, but sometimes it takes a little bit more. At Texas Health Harris Methodist Hospital Fort Worth, our 100-bed Marion Emergency Center offers advanced trauma, chest pain, stroke and critical care. And we're just 3 miles from Dickies Arena when every second matters most.

1. **Competition.** Competition is open to the world in all classes, except where otherwise stated in this Premium List. Exhibitors are responsible for knowing and complying with all the rules and regulations contained herein.

2. **Application for Entry.** All entries must be submitted on entry applications obtained from the office of the Southwestern Exposition and Livestock Show or from our website fwssr.com and in accordance with instructions on same. These applications, after being signed by the exhibitor, are to be filed in the general office of the Southwestern Exposition and Livestock Show, PO Box 150, Fort Worth, TX 76101-0150.

Emails, telephone calls or facsimiles will not be accepted for the purpose of entry, substitution or cancellation.

3. **Entry Deadlines.** Entries postmarked by midnight of the above dates will be accepted, if otherwise in order. EXHIBITORS ARE URGED TO MAKE THEIR ENTRIES AS EARLY AS POSSIBLE. This is necessary in order that entries can be shown in the official catalog and stalls can be assigned.

4. **Entry, Stall, Pen and Grooming Chute Space Fees** (Note for 2020: *Some fees have changed*). The entry and stall fees include the original bedding which will be in the stall upon arrival of livestock. All fees must be enclosed with entries. NOTE: The entry/stall fee or tie out fee does not guarantee the standard stall, pen or tie-out space. In divisions where entries exceed available space it may be necessary to provide less than one (1) standard stall, pen or tie-out space per animal. Fees will not be refunded under these circumstances.

ENTRIES WILL NOT BE CONSIDERED UNLESS REQUIRED FEES ACCOMPANY ENTRY.

Credit cards are not accepted for any entry related fee.

5. **Taxes.** Effective January 1, 1984, federal law requires the withholding of twenty percent (20%) federal income tax from payments made to vendors for which we do not have a taxpayer identification number. This withholding requirement was included in the Tax Equity and Fiscal Responsibility Act of 1982, and generally applies to payments which are required to be reported on Form 1099 to the Internal Revenue Service.

In order to validate our records and prevent needless withholding of taxes, please provide the correct social security number (for individuals) or federal identification number (for partnerships and/or organizations) on each entry application.

Your premium check will be made payable to the name shown as owner, so please provide us the number for that name. If more than one name is shown, we must have all identification numbers (except husband and wife filing joint return). Minors must also provide their social security number if the check is to be made payable to them.

6. **Returned Checks.** A \$30 return check fee will be charged for checks returned by the bank for any reason.

SPECIAL NOTE TO CATTLE, SHEEP, GOAT AND SWINE EXHIBITORS

You will need one (1) entry application for each single class entry, one (1) entry application for each group class entry, and one (1) Agent/Summary sheet is needed for the entire group of entries sent in by the Agent, County Agent or the Agricultural Science Teacher.

7. **Accepted Entries.** In all cases, the Management reserves the right to reject, accept, or conditionally accept any entry and does not guarantee space in the show barns to any entry. It is intended that only such animals shall be entered and shown as have merit and will be a credit to both the exhibitor and this Exposition. An exhibitor who makes a material misrepresentation subjects himself to being barred from all further competition.

ONLY ANIMALS OFFICIALLY ENTERED WILL BE ALLOWED ON THE SHOW GROUNDS.

8. **Erroneous Entry.** Exhibits that have been erroneously entered may be transferred to their proper class provided that notification is given to the Livestock office no later than January 16, 2020. No refund will be made on entries canceled by Show Management due to exhibitor exceeding entry limit or same animal entered with two Agents.

9. **Catalog Number.** Each entry will be assigned a number in the official catalog of the Show. Cattle exhibitors, upon their arrival, will receive from the Department Superintendent, cards with entry numbers to correspond with the catalog numbers. These cards must be displayed by exhibitors when animals are being judged.

10. **Substitutions.** Substitutions of animals will be allowed up to entry closing deadline. Change in ownership is not a substitution but is considered a new entry that will be charged the entry/stall fee provided it is submitted prior to the entry closing deadline. Any substitutions made after this time will be subject to a **\$50 substitution charge** and must be within the same Department number and same owner as the original entry. No entries in group classes may be substituted. Substitutions will be taken between 8 a.m. to Noon in the Stock Show Main Office. All substitutions must be made by Noon the day before judging. The only exception will be Junior Breeding Beef Heifer substitutions (see Rule 8, Page 212). Animals presented to a sifting or inspection committee must be substituted prior to the dates and times outlined in the special rules for that department. For information regarding mailing in substitutions, contact the Stock Show Main Office before January 9, 2020.

UNDER TEXAS LAW (CHAPTER 87, CIVIL PRACTICE AND REMEDIES CODE), A LIVESTOCK SHOW SPONSOR IS NOT LIABLE FOR AN INJURY TO OR THE DEATH OF A PARTICIPANT IN A LIVESTOCK SHOW RESULTING FROM THE INHERENT RISKS OF LIVESTOCK SHOW ACTIVITIES.

21. **Protests.** Each protest must be in writing and accompanied by a deposit of \$50, which will be forfeited if protest is not sustained. Such protest must state plainly the cause of the complaint or appeal and must be delivered to the Management of the Exposition immediately after the occasion for such protest. Any protest as to the eligibility on account of age or breeding of animals must be filed with the Management prior to the day on which they are to be judged.

Judging procedures will not be interrupted for protest investigation; and depending on the basis of the protest, a decision may be withheld until a thorough investigation is completed.

In the Shorthorn classes, three (3) exhibitors or members of the American Shorthorn Association may submit protests at shows provided:

- a. Protests are submitted 24 hours prior to the beginning of the judging.
- b. Protests are submitted immediately at the conclusion of the judging.
- c. Protests must be accompanied by \$75 which is refundable if protest is sustained.

22. Objectable Exhibits. The Management reserves the right to remove from the grounds any exhibit, animal, stand or show that may be falsely entered, or may be deemed unsuitable or objectionable, without assigning a reason therefore, and, if necessary, return any money already paid for space or stalls which shall exonerate the Exposition from any claims whatsoever on the part of the exhibitor or purchaser.

23. Conflicts. Nothing shall be sold or given away or otherwise disposed of by exhibitors which will in any way conflict with, or which is subject matter of, any privilege or concession granted or sold by the Southwestern Exposition and Livestock Show.

No person will be permitted to distribute advertising matter upon the grounds, except from his place of business or exhibit space. The tacking or posting of any advertisement, bills, etc., other than within the space occupied by exhibits, is strictly prohibited. The distribution of handbills, flyers and heralds will not under any circumstance be permitted. Begging, soliciting, singing, or public speaking are prohibited.

EXHIBITOR'S RULES

24. Cooking. Cooking is not allowed on the show grounds at any time other than by food concessionaires. No cookers, crock-pots, microwaves, coffee pots, warmers or other cooking utensils will be permitted

25. Registration and Certificate of Veterinary Inspection. EXHIBITORS MUST HAVE THEIR ORIGINAL REGISTRATION PAPERS AND CERTIFICATES OF VETERINARY INSPECTION AVAILABLE WITH THEIR EXHIBITS AT ALL TIMES DURING THE SHOW. Photocopies or facsimiles will not be accepted, unless specified by the association.

26. Ownership of Animals. To be eligible for competition, whether singly or in groups, animals must be the bona fide property of the exhibitor, and all animals entered for competition in the open breeding classes must be entered in the name of the owner and must have been owned by the owner prior to entry closing date. If proof of ownership is required, an affidavit must be furnished.

Jointly-owned animals must be entered and shown under the multi-ownership (all co-owners) in the individual classes. In the group classes, jointly-owned animals may be entered and exhibited under the name of one (1) of the co-owners provided he owns a full or part-interest in each of the animals in the group entry.

For ownership of animals entered for competition in the Junior Show, see Special Rules.

27. Firms and Partnerships. Firms and partnerships entering animals for competition must be in existence at the time of making entry and, in all cases, must be bona fide. Affidavits of the age of the firms may be required by the Management. In all cases, a firm or partnership is considered an exhibitor.

28. Breeder Defined. The breeder of an animal is the owner of the dam at the time of service and shall be so considered in all cases which require animals to be bred by exhibitors. When a breeder, prior to close of entries, disposes of his herd to a corporation wherein he is a stockholder or manager, the animals may be exhibited as bred by said corporation.

29. Eligibility of Animals. All animals in breeding classes must be purebred, unless otherwise stated, and must be recorded or accepted for record in the recognized books of record for their respective breeds. An animal is eligible to enter and/or compete in only one (1) breed classification regardless if the animal is registered to two (2) or more breed associations or registries. The animal must be registered in the recognized U.S. registry for that breed classification or, if registered in country of origin other than the U.S., said animal must be eligible for registry in the recognized U.S. registry. Exhibitors must produce original certificates of registry at the request of the Superintendent in charge any time during the Exposition. The exhibitor must give, on his application for entry, the breed, date of birth, registration number and names under which the animal is registered in the record association; otherwise, entry will not be accepted. Also, to be eligible, animals must bear a legible tattoo, firebrand or freeze brand number as required by the respective breed association.

30. **Limitation on Open Show Entries.** No exhibitor shall be permitted to enter more than two (2) animals or two (2) groups of animals in any one (1) class (excluding the Open Dairy Goat and Boer Goat Shows). However, an exhibitor may enter a third animal in only one (1) individual class for the sole purpose of qualifying and entering the get-of-sire class. (Third animal is not eligible for premium money.)

31. **Group of Animals.** Animals to compose a competitive group need not be named in application of entry. Exhibitors must indicate, on separate entry applications, each group class in which they expect to compete and number of groups to be entered in each class so full information may be shown in official catalog. Animals entered in group classes must show as individuals in single classes. There is no charge for group class entries. Cow/Calf classes: Entries in the Cow/Calf classes require that two (2) stall fees be submitted. Dams entered in Cow/Calf classes are ineligible to compete in any other class. **ENTRIES IN GROUP CLASSES MUST BE MADE ON A SEPARATE ENTRY APPLICATION AND SUBMITTED BY THE ENTRY CLOSING DEADLINE.**

32. **Nurse Cows.** Nurse cows will **NOT** be permitted on the show grounds.

33. **Barren Animals.** No barren animals will be eligible in the breeding classes. An affidavit that the animal is a breeder must be furnished upon request.

34. **Diseased Animals Barred.** Efforts will be taken to ensure no animals having a disease of any character will be admitted into the show grounds at any time, and the Livestock Show Manager, Horse Show Manager or President are authorized to refuse unloading privileges or remove any stock on the facility having a disease or undesirable ailment as determined by the official Stock Show Veterinarian or the Texas Animal Health Commission.

35. **Care of Animals.** All owners of property or livestock, or others having same in charge, shall care for, guard, protect and preserve the same, as the Southwestern Exposition and Livestock Show does not undertake to do so, and it shall not be held responsible for any loss or damage to said property or the owners thereof.

**NO LARGE ROUND OR SQUARE BALES OF STRAW OR HAY
WILL BE ALLOWED ON THE GROUNDS**

36. **Bedding.** All pens and stalls will be initially bedded with wood shavings upon arrival. Dairy cattle will be bedded on straw. Additional wood shavings or straw will be available at the Feed Office. **NOTE: No straw will be allowed in any of the barns except for Dairy Cattle.**

37. **Dogs.** Service animals in compliance with the Americans with Disabilities Act (ADA) or similar Texas statutes are allowed on the Stock Show grounds. Pets and dogs whose sole function is to provide comfort or emotional support do not qualify as service animals under ADA and are not allowed on the Stock Show Grounds including Stock Show parking lots.

ADA defines service animals as dogs that are individually trained to do work or perform tasks for people with disabilities. Examples of such work or tasks include guiding people who are blind, alerting people who are deaf, pulling a wheelchair, alerting and protecting a person who is having a seizure, reminding a person with mental illness to take prescribed medications, calming a person with Post Traumatic Stress Disorder (PTSD) during an anxiety attack, or performing other duties. Texas statutes define an assistance animal as one that is specifically trained or equipped to help a person with a disability.

Service animals can accompany people with disabilities in all areas of the Stock Show grounds where the public is normally allowed to go. A person with a service animal may be asked to remove the service animal from the premises if: 1) the dog is out of control and the handler does not take effective action to control it; or 2) the dog is not housebroken. Any Stock Show visitor who is asked to remove a dog or pet from the grounds will be able to participate in, and enjoy Stock Show offerings without the animal's presence.

This rule does not apply to official entries in the Texas Sheep Dog Association Trials or Stock Show specialty acts.

38. **Care of Stalls and Pens.** All stalls, pens and exhibition spaces must be cleaned before 8 a.m. each day and refuse matter must be disposed of as the Livestock Manager may direct. **No heat lamps, tarps or coverings may be used in the stalling areas.**

NOTICE
EXHIBITORS ARE PROHIBITED FROM USING PAINT, TAPE, ADHESIVES OR ANY OTHER MATERIALS THAT DEFACE TIE-WALLS OR ANY PROPERTY ON THE EXPOSITION GROUNDS. EXHIBITORS VIOLATING THIS POLICY WILL BE INVOICED FOR ALL COST ASSOCIATED WITH REPAIRS AND WILL BE SUBJECT TO DISQUALIFICATION FROM THE SHOW.

An exhibitor will not be permitted to place any bedrolls, buckets, feed boxes, feed or equipment boxes in the main alleys or in the barn aisles.

ANY EQUIPMENT BROUGHT IN TO BE USED IN STALL OR SPACE MUST COMPLY WITH AND USED IN COMPLIANCE WITH ALL FEDERAL, STATE AND MUNICIPAL OCCUPATIONAL SAFETY AND HEALTH REGULATIONS.

NOTICE

NO PORTABLE GENERATORS WILL BE ALLOWED ON SHOW GROUNDS.

ANY EXHIBITOR FOUND TO BE HEATING AEROSOL SPRAY CANS WILL BE DISQUALIFIED AND RELEASED FROM THE SHOW.

All decorations used in or about the livestock facilities, such as cloth bunting or banners, crepe paper and cellulose materials, **MUST BE FLAMEPROOF**, subject to approval of the City of Fort Worth Fire Department.

NOTICE

Fort Worth Fire Prevention Code Prohibits:

LIQUID OR GAS-FIRED HEATERS IN LIVESTOCK BARNES

In all enclosed structural areas, no liquefied petroleum-fueled or flammable or combustible liquid-fueled heating or other devices will be allowed.

39. **Grooming Chute Space.** Grooming chute space will be available on a limited basis for a fee of \$30 per space. The space must be reserved and paid for at the time of entry. Stickers will be issued and must be placed on the upper, right hand corner at the back of the chute. Any exhibitor violating this rule will forfeit any prizes or premium money won. Any apparatus used for a grooming chute must be used in the stall and completely off concrete aisles.

Junior Exhibitor Grooming Chute/Scale Permit - See Junior Show Rule 9, Page 197 (**Note: new fee**).

Electricity will be available. All 110-volt electrical outlets will be of the three-wire type.

NOTICE LIVESTOCK EXHIBITORS:

One duplex electrical outlet is provided per two cattle ties. Outlets should not be loaded over 2,000 watts. All extension cords must be UL listed, factory molded (not repaired or altered) and have a maximum length of 25 feet and a minimum gauge size of 12.

Exceeding the 2,000 watts will result in an overload.

40. **Tie Outs.** Tie Outs must be reserved and paid for at the time of entry. Tie Outs will be numbered and assigned (see note on Rule 4, Page 77). **TIE OUT TIME IS 7:30 P.M.**

All cattle must be in their assigned stalls between the hours of 8 a.m. and 7:30 p.m.

41. **Signs.** In show barns, livestock exhibitors are permitted to display a sign over each exhibit advertising their own herds. Exhibitors in pen area, having livestock for sale, may display one (1) sign to each exhibit, showing the name of firm or individual to whom shipment was consigned. Signs are to be a maximum of 22x36 inches. All other forms of signs or advertising must be approved by the Management, which reserves the right to have objectionable signs removed. Commercial signs, such as feeds, minerals, stock medicines, etc., will not be permitted anywhere on livestock exhibits.

45. **Sifting Committee.** The Management will appoint sifting committees to inspect fitness and breed classification purity of animals for show competition. Animals, in the judgment of the sifting committee, lacking competitive exhibition merit or breed classification purity will become ineligible for competition and may be ordered by the sifting committee from exhibition buildings to a division provided for such animals or from exhibition grounds.

47. **Showing.** Any animal or animals properly entered in any show class and passed upon by the sifting committee is eligible for competition and must be brought into arena for exhibition, unless the reason for their nonappearance in the ring is acceptable to the Superintendent in charge. All single breeding cattle and steers for exhibition must be shown with halter.

48. **Communication Devices.** No portable communication devices (i.e. cell phones, radios, etc.) may be used by exhibitors during competition in show arenas. Exhibitors using such devices will be automatically disqualified.

49. **Refusal to Parade.** Exhibitors refusing, for any cause not meeting with the approval of the Management, to lead out their animals for parade or for competition in the show ring when called by the Superintendent in charge, will not only forfeit any prizes previously won but may be barred from further participation in the Show and required to remove their stock from the show grounds within six (6) hours after such refusal.

50. **Using Animals in Judging Contests.** When an exhibitor is called upon to furnish one (1) or more animals for the students to judge in Livestock Judging Contests, he is expected to do so. Refusing to allow his animals to be used in this manner for any cause not meeting with the approval of the Management will forfeit any prizes he may win and be barred from further participation in the Show. Animals to be used in Livestock Judging Contests will be selected through the Department Superintendents and, insofar as possible, will be obtained from those who wish to cooperate with the contests in this manner.

51. **Photographs of Champions.** Exhibitors must allow the Management to photograph Champion and Grand Champion winners. These photographs will become the property of the Exposition and will be used for publicity and illustrations in publications.

NOTICE

RULES REGARDING UNETHICAL FITTING WILL BE STRICTLY ENFORCED.

JUDGE'S RULES

Judges are earnestly requested to familiarize themselves with all the rules and regulations of this Show and to especially note those rules bearing on the classes to be judged by them.

52. **Selection of Judges.** Judges will be selected by the Exposition in cooperation with the breed associations. In every case, the judge is selected with the utmost care and, as far as possible, will be of national reputation.

53. **Decision of Judges Final.** The decision of the judges will be final in all cases, except where mistake, fraud, misrepresentation or collusion, not discovered at the time of award, is proven. In such cases, the Management or such referee as it may appoint may make the decision, or the case may be referred to the Executive Committee from whose decision there can be no appeal.

54. **Interference with Judges.** If any exhibitor, in any way, whether in person or by agent, or servants, interferes with the judges, or shows any disrespect to them, or the Show, the Management may demand a proper apology from such exhibitor, or it may exclude him from competition and from the ring and may also withhold from such exhibitor premiums that may have been awarded.

55. Time of Judging. The Livestock Judging Program as published in this Premium List will be followed as closely as possible. Exhibitors should ascertain at what time the exhibits entered will be judged. Any exhibit not presented promptly at scheduled time will be ruled out and barred from competition in the class called. No complaint or protest on the grounds that the judges overlooked exhibits will be considered.

56. Method of Awarding. No animal will be awarded a prize unless removed from its stall or pen and exhibited, with catalog number, before the judge in the show ring, except animals judged in pens.

The Management reserves the right to return entries and cancel any class in which, in its judgment, the number of entries is insufficient to insure adequate competition. Where there are fewer entries in a class than the number of premiums offered, the judge may, at his discretion, award prizes of such grade as the animals deserve.

57. Unethically Fitted Livestock. Judges shall not award a prize to an unworthy exhibit. It is the intention of the Management that no premium or distinction of any kind shall be given any animal that is not deserving. Unethically fitted animals will be barred from exhibition. Humane treatment of animals must be exercised at all times by all exhibitors and their employees. Animals that have been given any form of intoxicating beverage, tranquilizer or other drug affecting mood or attitude prior to judging will be disqualified. Any product administered internally or used externally to alter the appearance or conformation of an animal for exhibition is prohibited and will be cause for disqualification. This includes but is not limited to stomach pumping, airing injections, bruising and balancing the udder by any means other than leaving naturally produced milk in any of the quarters. The use of graphite, powders, dyes, hemp, false tailheads, glued on hair, or hair-like substances, or other similar substances externally and steroids, growth stimulants or artificial filling internally is prohibited. Exceptions to this will be granted for practices which are accepted by the breed association sanctioning an event. Judges are also requested to report to the Management any animals upon which a surgical operation has been performed to improve their "show" appearance. If after examination by an official veterinarian, an animal is found to be in violation of any of the above a) it will be barred from further exhibition b) no awards will be made c) stall and entry fees will not be refunded. The decision of the official veterinarian will be final. These rules will be strictly adhered to whether there is competition or not. (See Wholesome Meat Act on next page).

58. Medication and Growth Stimulants. The use of medication or growth stimulants should be administered in accordance with the directions as printed on the label in regard to dosage and withdrawal periods for milk producing and slaughter animals. A licensed veterinarian should be consulted before administering any medication or growth stimulant.

59. Prohibited Feed Substances; Merchantable Condition. No slaughter animal entry shall have been fed any substance in any manner not approved by the FDA and/or USDA for use on livestock for slaughter. Ruminant animals shall not have been fed any feed containing ruminant derived meat and bone meal or any other prohibited mammalian protein as defined by Food and Drug Administration Directive 21CFR589.2000. In addition, all slaughter animal entries shall be in merchantable condition. If this rule is violated, the animal will be disqualified and exhibitor will forfeit all rights to sale proceeds, premiums and prizes.

60. Animals Disqualified. Should any animal awarded a prize be disqualified, the lower prize winning animals will remain as placed by the judge and will not be graduated up to higher positions.

61. Ribbon Awards. The colors of ribbons designating awards are as follows: blue, first; red, second; white, third; pink, fourth; yellow, fifth; dark green, sixth; light green, seventh; tan, eighth; gray, ninth; from tenth place on, light blue.

SALES

62. Sale of Breeding Animals. Breeding animal sales are under the management of the respective associations; however, animals entered in these sales, if eligible, must be entered in the breeding classes of that breed to be allowed to go through the sale.

FEED

Feed of all kinds will be available through the Stock Show Feed Department at reasonable prices. All feed and shavings must be paid for, in full, at time of purchase. Feed office will accept cash, checks and major credit cards for these purchases.

Credit cards are not accepted for any entry related fees.

UNITED STATES DEPARTMENT OF AGRICULTURE WHOLESOME MEAT ACT

The United States Department of Agriculture Wholesome Meat Act applies to the market livestock which are exhibited and/or sold during the Southwestern Exposition and Livestock Show as follows:

- A. Animals must be in good health and carcasses free of drug or chemical residues.
- B. Drug label directions for use and withdrawal periods must be followed.

SUBSTANCE ABUSE POLICY

Samples of urine, blood and/or other body samples will be taken from the Grand and Reserve Grand Champion Barrows, Lambs, Steers and Wether Goats in the Junior Show and any other animals that may be randomly selected by the Show. All test samples will be delivered to the Texas Veterinary Medical Diagnostic Laboratory and/or another qualified laboratory chosen at the Show's discretion.

An animal will be disqualified and Exhibitor will forfeit all rights to sale proceeds, premiums and prizes if the animal tests positive (defined as any measurable quantity) for:

1. Any substance which is not approved by the Food and Drug Administration (FDA) and/or United States Department of Agriculture (USDA) for use in slaughter animals and for use in the species and sex of the animal being exhibited;
2. Any substance which, regardless of approval by the FDA or USDA, has a required withdrawal period;
3. Any substance not administered in accordance with drug label directions; and/or
4. Any substance which has the potential to enhance an animals performance including but not limited to steroids, diuretics, anti-inflammatory, tranquilizers and pain killers.

It is the sole responsibility of the Exhibitor to insure that the animal is free of prohibited drugs and substances. Extent of knowledge on the part of the Exhibitor with regard to drugs or substances found in an animal is not relevant to any issue, and it shall not be a defense that a third party or unknown person introduced the prohibited substance into the animal. Exhibitor shall have sole responsibility for providing security for Exhibitor's animal(s) to prevent such occurrences.

WHOLESOME ASSURANCE STATEMENT

ATTENTION:

The use by non-veterinarians* of animal drugs or other substances in any manner other than in accord with the labeling approved by FDA is a violation of federal law.

*** Note: Abuse of the extra-label privilege by veterinarians is unethical and is subject to serious consequences such as license revocation.**

Any food animal must not exceed FDA/EPA/USDA-established tolerances for any foreign substance including drugs, pesticides, feed additives, or other chemicals.

Violative results of residue testing are subject to investigation by USDA and FDA for prosecution.

Any misrepresentation of a food animal that can potentially affect the acceptability of the carcass or milk will be considered fraud.

ANIMAL HEALTH REGULATIONS

2020 SOUTHWESTERN EXPOSITION AND LIVESTOCK SHOW

The Southwestern Exposition and Livestock Show is an intrastate (accepting entries of livestock and poultry only from within Texas) show for Junior Division livestock and all poultry entries and an interstate (accepting entries of livestock from within Texas and from other states) show for Open Division livestock and horse entries. Exhibitors with livestock originating outside the state of Texas are encouraged to contact their state Animal Health officials to confirm specific requirements (if any) their state may impose on animals returning from a Texas show.

THE FOLLOWING IS A SUMMARY OF THE SOUTHWESTERN EXPOSITION AND LIVESTOCK SHOW ANIMAL HEALTH REGULATIONS FOR ANIMALS ENTERING THE SHOW GROUNDS. IN SOME INSTANCES THESE REGULATIONS EXCEED CURRENT TEXAS ANIMAL HEALTH COMMISSION REGULATIONS THAT GOVERN MOVEMENT OF LIVESTOCK INTO SHOWS, FAIRS AND EXHIBITIONS. THESE REGULATIONS ARE CURRENT AT THE TIME OF PRINTING OF THIS PREMIUM LIST. ANY NEW REGULATIONS WILL SUPERSEDE THIS SUMMARY IF THERE IS A DISPUTE BETWEEN THE TWO. FOR FURTHER CLARIFICATION OR INFORMATION, CONTACT THE STOCK SHOW OFFICE, 817-877-2400 OR THE TEXAS ANIMAL HEALTH COMMISSION, 512-719-0777 OR 1-800-550-8242 EXT. 777, PO BOX 12966, AUSTIN, TX 78711-2966.

PRIOR ENTRY PERMITS ARE REQUIRED AS NOTED FOR SPECIFIC CLASSES OF LIVESTOCK. PERMITS MAY BE OBTAINED BY CALLING 512-719-0777, 1-800-550-8242 EXT. 777, OR BY WRITING THE TEXAS ANIMAL HEALTH COMMISSION, ATTENTION: PERMIT DEPARTMENT, PO BOX 12966, AUSTIN, TEXAS 78711-2966

SPECIAL RULES

1. The American Angus Association®, 3201 Frederick Avenue, St. Joseph, Missouri 64506-2912, will participate according to the premium schedule based on the number of head shown. The premium amount is based on the previous year's number of head shown. The Association's contribution will be paid directly from the Southwestern Exposition and Livestock Show office to the exhibitors.
2. Premiums from the Association are paid by registration number. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay on Championship or any group classes.
3. Exhibitors must have the original registration certificate issued by the American Angus Association® available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association® pedigree look up. Any animal upon check-in which does not have a legible permanent identification mark (ear tattoo, freeze-branded or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/branded) and rechecked at the Show.
4. Any female shown with a calf at side, the calf must be her most recent natural calf and be registered by show day and have proof of registration at check in. Any female that qualifies for female classes in the Association's standard classifications are not eligible to show in the Cow/Calf classes. However, the calf at the side of the female is eligible to show in its respective class. Grand and Reserve Grand Champion Cow/Calf pairs do not show for Grand Champion Female and are ineligible to compete in the Get-of-Sire, Junior Get-of-Sire and Breeder's Six-Head classes.
5. Only one (1) person at a time shall lead animals into the show ring.
6. Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the use of chin straps, covering of white skin, false tail heads (or use of any false hair), use of graphite, powders, hemp or other similar substances externally and steroids, growth stimulants or artificial filling internally. Any animal found to be in violation will be barred from showing. The exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

7. Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association® are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules.

8. All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.

ENTRIES CLOSE NOVEMBER 15

SPECIAL RULES

1. Animals must be registered in the American Brahman Breeders Association to be eligible to compete in association sponsored shows. The registration certificate for each entry must be available for presentation to the Superintendent or Manager of the Show at the time entries are verified prior to judging. All animals MUST have a birth weight submitted to be eligible to show in ABBA approved shows. The ABBA requires that everyone who exhibits cattle in an ABBA show must be a member in good standing as either a Junior, Active or Show member.

2. The registration number and animal identification number (number branded on animal) of: (a) each animal entered in an individual class, (b) the sire of each get-of-sire entry and (c) the dam of each produce-of-dam entry must be listed on the entry card of each animal entered.

3. In cases where families, companies, corporations, etc., are operated as a unit under the same management, but have cattle also registered in the names of individual partners, said cattle, even though bearing a different ownership brand, are eligible to be shown in competition under firm name provided they have not been and will not be shown in the name of the individuals.

4. For females being shown in the four oldest classes, females calved Jan. 1-Dec. 31, 2017, the exhibitor must have a certificate of pregnancy issued by a licensed veterinarian which will be presented to show officials at time of check-in or registration paper check. The show reserves the right to perform pregnancy determination by palpation for females in the above classes at any given ABBA approved show if an official protest has been filed. Females exhibited in the last class MUST have her nursing, natural calf at side. The only exception from this rule will be cows that have already weaned a calf and a registration certificate of the calf MUST be presented to the judge. For bulls being shown in the oldest class, the exhibitor must have a certificate issued by a licensed veterinarian, stating the bull can settle cows. This certificate must be available for inspection by the judge on request.

5. Cows that are exhibited with calves at side must be in a lactating stage. Calves must be the natural calf of the cow being exhibited and must not exceed 240 days of age on day of judging. The judge will be made aware by the ring steward for those cows whose calves are ineligible to show by this rule.

6. All bulls must be shown with a nose ring or nose restraint with lead attached.

7. Cattle will not be allowed to show if their switches have been balled or glitter applied to their skin.

8. Color Classification Rule effective February 23, 2018 for animals exhibited in ABBA approved shows. ABBA color chart is available from the ABBA office.

9. Animals to be eligible to be shown in group classes must be entered and shown in individual classes.

10. The ABBA Show Committee made the decision to judge the Group Classes (Produce-of-Dam, Embryo Produce-of-Dam and Get-of Sire) at the beginning of the Brahman Show, prior to the first class. All group classes must be held by a handler in the show arena to be placed.

**ENTRIES IN GROUP CLASSES MUST BE MADE ON A
SEPARATE ENTRY APPLICATION AND SUBMITTED BY THE
ENTRY CLOSING DEADLINE, NOVEMBER 15.**

**DOGS ARE NOT ALLOWED ON SHOW GROUNDS INCLUDING STOCK SHOW
PARKING LOTS, WITH THE EXCEPTION OF OFFICIAL ENTRIES IN THE SHEEP DOG

The registration certificate (or photocopy) for each entry must be available for presentation to the Superintendent or Show Manager at the time entry is verified prior to judging. Owner of record on all animals entered in an IBBA Regional point show must be active members of the IBBA in good standing.

2. The IBBA, and its representatives, have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited animals. Said authority shall extend to, and cover the enforcement of, all show rules as adopted by the IBBA.

3. Prior to check-in, heads of breeding animals must be clipped of all hair (including topknots) and be free of scurs and/or slick spots.

4. All bulls fifteen (15) months of age or older that are exhibited at IBBA sponsored shows must have passed a fertility examination given by a licensed veterinarian to be eligible to show. The results of the examination must be available at check-in. Once a bull has a positive examination, retesting is not required. 5. All females twenty (20) months of age or older exhibited at IBBA sanctioned shows, must have available at the time of check-in, a certificate of pregnancy issued by an accredited, non-owner veterinarian, or blood test results certificate. If the female is open due to being in an embryo transfer program, this fact must be verified in a written statement by a non-owner embryologist. If verification cannot be produced, the female may be allowed to participate if the exhibitor can produce a qualified veterinarian to examine the female at the show site and verify pregnancy. Females showing in the Senior Heifer Division of Spring Shows (January 1-May 31) must adhere to the classifications and have an IBBA registered natural calf, not older than 250 days of age on show date. IBBA official show information can be found at gobrangus.com/shows.

7. Animals eligible to be shown in group classes must be entered and shown in respective individual classes. Cows exhibited in the cow/calf classes are not eligible for the group classes. Entries that have not complied with all of the above rules will not be eligible to show, to receive premium monies, or earn points in the IBBA's Show Sire of the Year, Show Dam of the Year, Show Bull of the Year and Show Heifer of the Year awards.

8. All IBBA and IJBBA members will abide by the show rules as adopted and posted online at gobrangus.com, regardless of show premium book. ENTRIES CLOSE NOVEMBER 15

SPECIAL RULES

1. **Read General Rules.** All entries and awards in this department will be subject to the General Rules and Regulations published in this Premium List and the following special rules.
2. **Eligibility of Animals.** All breeding sheep must be registered in the recognized Flock Books of their respective breeds and must bear such identification as that breed association requires before entering the ring. Registry certificate of ownership must be produced at the request of the Superintendent.
3. **Disqualifications.** Any sheep showing any pronounced defect or abnormality, such as weak constitution, unthrifty condition, overshot jaw, or undershot jaw, will be barred from showing in any of the breeding classes.
4. **Record of Numbers.** The records of awards must have the correct ear tag and entry numbers of all animals awarded prizes. All entries must bear an association ear identification number in order to receive premiums. It is not necessary to show ear identification numbers on entry application.
5. **Entries.** Each exhibitor may show two (2) animals in each of the single classes, but will be restricted to only one (1) entry in each group class. **ENTRIES IN GROUP CLASSES MUST BE MADE ON A SEPARATE ENTRY APPLICATION BY ENTRY CLOSING DEADLINE.** To be eligible for a group class, the animals must be shown in a single class.
6. **Registration Verification.** Upon arrival, exhibitors must obtain animal information cards from Superintendent's office. Exhibitors are responsible for filling out cards and presenting them to Superintendent with the Registration Paper for each animal entry from 10 a.m., Wednesday, January 29 until 2 p.m., Thursday, January 30.

ENTRIES IN GROUP CLASSES MUST BE MADE ON A SEPARATE ENTRY APPLICATION AND SUBMITTED BY THE ENTRY CLOSING DEADLINE, NOVEMBER 15.

7. **Computing Ages.** While it is recognized that there is some variability in the age at which the different pairs of permanent incisor teeth first show, for the purpose of this Show (except in the case of breed association specials, when their rules will govern), the following rules will prevail:

(a) All lambs, in order to be eligible to compete in their respective classes, must be carrying all milk teeth at the time of entering the show ring. Lambs showing either or both of their first pair of permanent incisors will not be eligible to show in any of the lamb classes. Lambs under six (6) months of age will not be eligible.

(b) Sheep eligible to compete in the two-tooth breeding classes must show only the first pair of permanent incisors. Sheep which have dropped their central pair of milk teeth and show one (1) or both teeth of the first permanent pair are eligible to show as singles only in the two-tooth classes of their respective breeds.

(c) Sheep showing the second pair of three (3) pair of permanent incisors will be eligible to show as singles in the four- to six-tooth class only.

8. **Heelers.** Heelers will not be allowed except in the four- to six-tooth aged ewe and ram classes.

9. **Shown in Fleece:**

Delaine-Merino four- to six-tooth must be shorn to the skin with mechanical shears on or after March 15 of the calendar year preceding the Show leaving a uniform length of wool over the entire body.

Rambouillet must be shorn to the skin with mechanical shears on or after October 20 of the calendar year preceding the Show leaving a uniform length of wool over the entire body. Wool on Rambouillet may not exceed two (2) inches in length. Boots may be left on Rambouillet.

Medium Wool and Hair Sheep must be shorn to the skin with mechanical shears one (1) week or less prior to showing leaving a uniform length over the entire body. Foretops and boots may be left on Medium Wool. Boots may be left on Hair Sheep.

10. **Points Considered.** The Rambouillet and Delaine-Merino breeding classes will be judged from a dual-purpose standpoint: body conformation and breed characteristics to count 50 percent, and wool production to count 50 percent, due consideration being given to the content of quality of the fleece.

11. **Exhibitor's Flock.** An exhibitor's flock in all breeds shall consist of one (1) ram, any of the eligible ages, two (2) two- to six-tooth ewes, and two (2) ewe lambs.

ONLY ANIMALS OFFICIALLY ENTERED WILL BE ALLOWED ON THE SHOW GROUNDS

Breed Champion and Reserve Breed Champion as well as any other barrows designated by the show management will have samples collected for DNA analysis. In the event the DNA analysis reveals there is not a positive match, the animal will be disqualified.

2. Each exhibitor is entitled to enter only one (1) barrow in the Barrow Show and must have owned the barrow prior to December 1, 2019. The barrow must have been fed and cared for by the exhibitor from date of purchase.

SPECIAL RULES

1. **Read General Rules.** All entries and awards in this department will be subject to the General Rules and Regulations published in this Premium List and to the following special rules.
2. **Eligibility of Animals.** All breeding sheep must be registered in the recognized Flock Books of their respective breed and must bear such identification as that breed association requires before entering the ring. Registry certificate of ownership must be produced at the request of the Superintendent.
3. **Disqualifications.** Any sheep showing a pronounced defect or abnormality, such as weak constitution, unthrifty condition, overshot jaw, or undershot jaw, will be barred from showing in any of the breeding classes.
4. **Record of Numbers.** The records of awards must have the correct ear tag and entry numbers of all animals awarded prizes. All entries must bear an association ear identification number in order to receive premiums. It is not necessary to show ear identification numbers on entry application.
5. **Entries.** Each exhibitor may show two (2) animals in each of the single classes, but will be restricted to only one (1) entry in each group class. **ENTRIES IN THE GROUP CLASSES MUST BE MADE BY THE ENTRY CLOSING DEADLINE.** To be eligible for a group class, the animals must be entered and shown in a single class.
6. **Registration Verification.** Upon arrival, exhibitors must obtain animal information cards from Superintendent's office. Exhibitors are responsible for filling out cards and presenting them to Superintendent with registration paper for each animal entry from 10 a.m., Wednesday, January 29 until 10 a.m., Friday, January 31.

7. **Computing Ages.** While it is recognized that there is some variability in the age at which the different pairs of permanent incisor teeth first show, for the purpose of this Show (except in the case of breed association specials, when their rules will govern), the following rules will prevail.

(a) All breeding lambs, in order to be eligible to compete in their respective classes, must be carrying all milk teeth at the time of entering the show ring. Lambs showing either or both of the first pair of permanent incisors will not be eligible to show in any of the lamb classes. Lambs under six (6) months of age will not be eligible.

(b) Sheep eligible to compete in the two-tooth breeding classes must show only the first pair of permanent incisors. Sheep which have dropped their central pair of milk teeth and show one (1) or both teeth of the first permanent pair are eligible to show as singles only in the two-tooth classes of their respective breeds.

(c) Sheep showing the second pair of three (3) pair of permanent incisors will be eligible to show as singles in the four- to six-tooth class only.

8. **Heelers.** Heelers will not be allowed except in the four- to six-tooth aged ewe and ram classes.

9. **Shown in Fleece.**

Delaine-Merino four- to six-tooth must be shorn to the skin with mechanical shears on or after March 15 of the calendar year preceding the show leaving a uniform length of wool over the entire body.

Rambouillet must be shorn to the skin with mechanical shears on or after October 20 of the calendar year preceding the Show leaving a uniform length of wool over the entire body. Wool may not exceed two (2) inches in length. Boots may be left on Rambouillet.

Medium Wool and Hair Sheep must be shorn to the skin with mechanical shears one (1) week or less prior to showing leaving a uniform length over the entire body. Foretops and boots may be left on Medium Wool. Boots may be left on Hair Sheep.

10. **Points Considered.** The Rambouillet and Delaine-Merino breeding classes will be judged from a dual-purpose standpoint. Body conformation and breed characteristics will count 50 percent, and wool production will count 50 percent. Due consideration will be given to the content and quality of the fleece.

11. **Ownership.** Animals must be registered in the name of the exhibitor and must have been owned by the exhibitor prior to November 1, 2019, as evidenced by the date of transfer to the breed association.

12. **Partnership.** Both or all partners must be eligible to show in the Junior Show before an entry may show in this division.

13. **Open Show.** Junior exhibitors may enter the same animal in the Open and Junior Shows. However, the Junior entry and the Open entry must be submitted on separate entry applications. Only one (1) Agent/Summary Sheet is needed for both entries. An additional show fee of \$20 must be paid with the Open entry. **ENTRIES MUST BE SUBMITTED BY THE ENTRY CLOSING DEADLINE.**

ENTRIES IN GROUP CLASSES MUST BE MADE ON A SEPARATE ENTRY APPLICATION AND BE SUBMITTED BY THE ENTRY CLOSING DEADLINE, NOVEMBER 15.

All Junior Livestock Exhibitors must be Quality Counts Verified and verification number must be provided on all entry applications when entries are submitted.

Entries will not be accepted without Quality Counts verification number.

Animals must be registered in the International Brangus Breeders Association to be eligible to compete in the Association sponsored show. Both Red and Black Brangus are eligible to show. Animals recorded in the appendix registry are disqualified.

The IBBA, and its representatives, have the authority to require such tests as they deem necessary to verify the accuracy of the classifications and pedigree of exhibited Brangus animals. Said authority shall extend to, and cover the enforcement of, all show rules as adopted by the IBBA.

Prior to check-in, heads of heifers must be clipped of all hair (including topknots) and be free of scurs and/or slick spots.

Any animal found to have scurs and/or slick spots or evidence of incisions, surgical or otherwise, in the following areas: head, navel or dewlap, will be disqualified from showing. Animals with illegal white (white in front of the navel) or any indication of brindling (a color pattern characterized by red streaks mingled with black) are ineligible to show.

All Brangus entries are subject to the provisions of a rule of the International Brangus Breeders Association entitled "Inspection of Exhibits", which can be found at gobrangus.com/shows.

Any animal upon check-in which does not have a legible tattoo or brand corresponding to its registration certificate is ineligible to show. Once disqualified due to an incorrect or illegible tattoo/brand, animals cannot be re-tattooed and rechecked at the show. The tattoo/brand can be rechecked at the next available show.

ENTRIES CLOSE NOVEMBER 15

SPECIAL RULES

1. To be eligible, lambs must be validated with the Texas Lamb Validation Program administered by the Texas AgriLife Extension Service and the Texas Education Agency, division of Agricultural Science and Technology. The first, second and eighth place lambs in each class will be nose printed and the print must match the nose print taken at the time of validation. Breed Champion and Reserve Breed Champion Lambs as well as any other lambs designated by the show management will have samples collected for DNA analysis. In the event the DNA analysis reveals there is not a positive match, the animal will be disqualified.

2. **Upon arrival.** A representative from each County 4-H Group or FFA Chapter must obtain from the Superintendent's office a packet containing their group's ear tags and weight/breed cards for their entries in this division.

3. **Ear Tag Numbers.** All lambs must have ear tags that match lamb's entry number at the time they are presented in the show ring. Ear tags will be provided by the Stock Show.

4. **Weighing.** Exhibitors will be responsible for weighing their own lambs and must return weight cards to Superintendent by 10:30 a.m., Saturday, January 25. Any entry whose weight card is not received by this deadline will be disqualified. Texas Lamb Validation number must be included on weight card. Fine Wool, Fine Wool Cross and Medium Wool lambs weighing less than 90 lbs. will not be eligible to compete. Minimum weight on Southdowns and Dorper will be 80 lbs. Scales will be provided by Southwestern Exposition and Livestock Show.

All Junior Livestock Exhibitors must be Quality Counts Verified and verification number must be provided on all entry applications when entries are submitted.
Entries will not be accepted without Quality Counts verification number.

NOTICE
RULES REGARDING UNETHICAL FITTING WILL BE STRICTLY ENFORCED. See page 88, General Rule 57.

5. **Classifying.** Exhibitors must indicate on weight card the breed of each entry. All lambs will be classified at the time of judging by a three-man classifying committee. **If the animal is classified out, it will be sifted.**

6. **Sale Weight.** Weight given on weight card will be the sale weight. Animals not in the sale are the responsibility of the exhibitor.

7. **Class Weights.** After weight cards have been returned to the Superintendent's office, entries will be divided into weight divisions, as equal in number as possible, light, medium, and heavy, for each breed. All placing lambs in each class and any lambs designated by the Superintendents will be weighed back. Any lambs not meeting minimum weight requirements, or lambs with weights more than 5 lbs. above or below the weight turned in to the Superintendents on the weight card will be disqualified. One (1) or more of the top five (5) placing best ten (10) lambs will be re-weighed in their entirety, and any lamb not meeting the weight criteria stated above, will disqualify the entire group.

8. **Shearing.** All lambs must be shorn to the skin with mechanical shears one (1) week or less prior to arrival at the Show, leaving a uniform length of wool over the entire body. Boots may be left on all lambs. No electrical or battery operated clippers or blocking tables will be allowed in the lamb barn. Hand shears may be used.

9. **All Champions and Reserve Champions must sell.**

10. **Number of Animals.** Each exhibitor is entitled to enter a maximum of eight (8) wether lambs in the Junior Lamb Show, but no more than two (2) will be allowed in each weight class.

11. **Best 10 Lambs Class.** Lambs can be any of the breeds shown. Only two (2) groups of ten (10) may be entered in the class from any one (1) 4-H Group or FFA Chapter. If it is a combined group, only two (2) groups may be shown from one (1) county. All lambs competing in the Best 10 Lambs class must have been entered and shown previously in their individual classes. Best 10 Lambs will be judged immediately following the selection of Medium Wool and Crosses Champion and Reserve Champion. Only one (1) premium check will be issued per placing.

12. **Ownership.** The exhibitors must have owned their lambs prior to November 1, 2019, and shall have fed and cared for their lambs exclusively during the period from ownership date to the date of the Show.

13. **Artificial Coloring.** No paint, powder, or artificial coloring may be used on lambs.

14. **Sale Animals.** The Grand Champion and Reserve Grand Champion Lambs as well as all Breed Champion Lambs and Reserve Breed Champion Lambs will be sold in the Junior Sale of Champions on 9 a.m., Saturday, February 8. All other sale lambs must be delivered to the Sheep Arena at 3 p.m., on Monday, January 27. **A delivery card must be turned in to the sale personnel on each lamb sold.** A lamb shown in the group class must sell with the group rather than as an individual. SPECIAL RULES

1. To be eligible, steers must be validated with the Texas Steer Validation Program administered by the Texas AgriLife Extension Service and the Texas Education Agency, division of Agricultural Science and Technology. The first and second place steers in each class will be nose printed and the print must match the nose print taken at the time of validation. Breed Champion and Reserve Breed Champion as well as any other steers designated by the show management will have samples collected for DNA analysis. In the event the DNA analysis reveals there is not a positive match, the animal will be disqualified.

2. Each exhibitor is entitled to enter only one (1) steer in the Steer Show and must have owned the steer prior to July 1, 2019. The steer must have been fed and cared for by the exhibitor from date of purchase.

3. **Upon Arrival.** A representative from each County 4-H Group or FFA Chapter must obtain from the Superintendent's office a packet containing their group's ear tags, weight/breed cards and show numbers for their entries in this division.

4. **Ear Tag Numbers.** All steers must have ear tags that match steer's entry number at the time they are presented in the show ring. Breed steers must have ear tags at time of classification. Ear tags will be provided by Stock Show.

5. **Weighing.** Exhibitors will be responsible for weighing their own steers. Texas Steer Validation number, breed and declared weight must be included on weight/breed cards. Weight given on weight/breed card will be the official weight and used as both the show weight and the sale weight. Exhibitors entering European Crossbreds and Other Breed classes must submit weight/breed cards to the Superintendent's office by 10 a.m., Wednesday, February 5. Any entry in these classes whose weight/breed card is not received by this deadline will be disqualified. Exhibitors entering Angus, Hereford, Polled Hereford, Shorthorn and American Breeds and Crossbred classes will submit weight/breed cards at the time of classifying.

6. **Classifying.** Will begin at 8 a.m., Wednesday, February 5 in the Coliseum. Exhibitors of Angus, Hereford, Polled Hereford, Shorthorn and American Breeds and Crossbreds will be called to present their steers by breed to the Coliseum. Exhibitors will declare the breed of the steer by presenting the animal at the designated time for that breed. Any steer classified out of that breed division will not be allowed to declare an alternate breed and will be sifted out of the show. The decision of the classifiers will be final and protests will not be considered by Management.

7. All steers must have a minimum weight of 1,000 pounds.

8. After weight/breed cards are turned in, entries will be divided into weight divisions, as equal in number as possible, as specified under each breed. After the judge's placing of each class, the first and second prize winning steers, along with any other steer designated at the discretion of the Show management will be reweighed. **Any steer weighing more than 105 percent of its official weight will be disqualified.** In case of disqualification, the lower prize winning steers will remain as placed by the judge and will not be graduated up to higher positions.

9. Fans will not be allowed in the Junior Steer Show.

10. First prize/Division Champion steers of each classification will compete for Champion Steer of the Breed. Second prize/Reserve Division Champion steers are required to be brought into the arena. After the Champion Steer of the Breed is selected, the second prize/Reserve Division Champion steer from the class/division which furnished the Champion will compete with the first prize/Division Champion steers in the other classes/divisions of this breed for Reserve Champion Steer.

11. All prize winning steers will be eligible for the Junior Sale of Champions, PROVIDED DESIGNATION IS MADE AS ANIMAL LEAVES THE JUDGING ARENA. STEERS ENTERED FOR THE AUCTION SALE WILL BE IDENTIFIED BY A JAW BRAND (F) PLACED BY A SHOW OFFICIAL IMMEDIATELY AFTER THE CLASS IS JUDGED AND BEFORE THE ANIMAL LEAVES THE JUDGING ARENA. All sifted and non-placing steers will be sold by sealed bid prior to Friday, February 7. To sell sifted and non-placing steers, the exhibitor must deliver the steer to the holding pen area in the Burnett Building at 4 p.m., Friday, February 7. All sifted and non-placing steers must be delivered by 5 p.m. **A delivery card must be turned in to the sale personnel on each steer sold.**

SPECIAL RULES

The Ag Robotics Challenge is a challenge-based contest. Some challenges will be released prior to the contest, and some will be revealed the day of the contest. As such, teams will be required to build and program their robot prior to the contest for the known challenges. The known challenges will be posted at this link: <https://texas4-h.tamu.edu/projects/robotics/> by December 24, 2019. On the day of the contest, additional "blind" challenges will be revealed, and teams will be given time to further build and program to account for the new challenges.

All entries in this Junior Ag Robotics Challenge will be subject to the General Rules and Regulations and Special Rules of the Junior Livestock Show Department published in this 2020 Premium List and in addition, the following special rules.

1. Eligibility. Entries in this division are limited to Texas FFA and 4-H members. Any contestant violating any rule will be disqualified from the contest along with his or her team. Teams must consist of members from the same county or chapter. Three (3) to six (6) students may constitute a team in this contest. Teams may not include members from different age divisions. Team members may only compete on one (1) team.

2. Entry Applications. Entry applications may be obtained by contacting the Southwestern Exposition and Livestock Show, PO Box 150, Fort Worth, Texas 76101-0150, 817-877-2400, or on our website fwssr.com.

3. Entry Limitation. Due to space limitations, only the first twenty (20) Junior teams and the first twenty (20) Senior teams will be accepted. After twenty (20) Junior and twenty (20) Senior entries are received, additional entries will be placed on a waiting list subject to space availability.

4. Age Divisions. (as of January 1, 2020)

Junior: At least eight (8) years old and in the third grade, but no more than eighth grade

Senior: Must be in at least the ninth grade, but not older than nineteen (19) years old and in the twelfth grade

5. Contest Format/Rules of Play.

a. Teams must pre-build and program a robot prior to the competition.

b. Teams will report to the designated location for check-in and submit their robot and additional pieces/equipment for inspection.

- c. Each team will be directed to a team pit (one (1) 6' or 8' table and chairs). Each pit will have access to electricity to power laptops and robot batteries.
 - d. An Orientation will be provided for all participants where Superintendents will review the challenges, rules and scoring.
 - e. The design of the game and designated number of challenges will be released in advance of the Contest. There will be 34 additional "blind" challenges revealed the day of the contest during the Orientation.
 - f. Each team will have 1.5 hours for additional designing, building, programming and testing of their robot.
 - g. Teams will practice and compete on the same game table.
 - h. If time permits, teams are allowed to make alterations to their robot design and/or program between matches.
 - i. Teams must report immediately to the playing field when called.
 - j. The robot must perform challenges autonomously.
 - k. Only registered contestants and contest officials will be allowed in the pit Robot Challenge areas.
 - l. Teams that experience equipment malfunction(s) may not replace the equipment with supplies outside the contest area (from leaders, volunteers, CEA, AST or contest officials). Instead, team members must work together and be creative in completing preparation without the malfunctioning equipment or visit with other teams to borrow the needed part.
 - m. Depending on the challenges, contest officials may allow or require teams to use non-Lego items in the design of the robot. In such cases, details will be outlined in the Game Release and/or Orientation.
 - n. Coaches will be permitted to meet with their team for a 10-minute time period prior to Build Time following Orientation. This time should be used to help team members develop a plan and foster positive youth development. Due to space limitations, there will not be a spectator area available until the finals.
 - o. No cell phones or other types of communication devices are allowed in the pit or contest areas. Exceptions include the approved items listed in the Participant Rules. During Build Time and Robot Challenge, contestants are not allowed to communicate with spectators (including coaches and parents).
 - p. A match will range between one (1) and three (3) minutes in length, depending upon the challenges designed for competition. The specific time limit will be announced during the Orientation. Contest officials will make periodic announcements regarding time remaining in Build Time.
 - q. Teams will have two (2) preliminary matches in which to earn points. The sum score of the two (2) matches plus the teamwork score will determine teams that qualify for the finals. The top three (3) teams in each age division will advance to the final match. If there are fewer than three (3) teams in an age division, no finals will take place. The total score from the preliminary matches (match + teamwork scores) will be used for preliminary placings.
 - r. Finals will consist of two (2) additional matches. The two (2) match scores from the final round will be added to the total preliminary score. Finalist teams will be ranked based on their total scores. Judges' results are final.
 - s. Tie-breaker procedures will be announced during the Orientation.

JUDGING CONTESTS

GENERAL RULES AND REGULATIONS

General Rules and Regulations govern all the judging contests held at this Show; and in addition, each contest will be governed by the special rules under that contest. Refer to these special rules for eligibility of contestants, time of contest and awards. The special rules govern in case of a conflict with the general rules.

1. **Entry of Teams.** Entry applications for each Judging Contest must be obtained from and filed with the General Office of the Southwestern Exposition and Livestock Show by the entry deadline for each respective contest. This application for entry must be signed officially by the coach, certifying that the team is eligible for entry in the contest and that each team member is eligible under the rules of the contest.

2. **Superintendent.** It shall be the duty of the Superintendent to see that all rules and regulations governing each contest are duly carried out.

3. **Judges.** It will be the duty of the judges to examine the classes of livestock, to place the animals in each class, and to determine the essential reasons for each placing without any assistance or consultation. Except for close observation, the judge shall make his placings of the animals at the same time the students are at work in the arena. The judges will make known their placings to the Superintendent but otherwise will keep their ratings secret until all contestants have finished giving oral reasons.

After all classes have been judged by the contestants and placed by the judges, the judges will hear and grade oral reasons on the classes on which reasons are required.

Each contestant's scan sheet will be scored against the official placings and cuts.

ENTRIES WILL NOT BE CONSIDERED UNLESS REQUIRED FEES ACCOMPANY ENTRY.

4. **Procedure of the Contests.** No one will be allowed in the arena during the contest other than the Superintendent, his clerks and assistants, the attendants holding the animals, judges, and the contestants taking part in that particular contest. Coaches and alternates must not come in contact with the contestants during the contest.

5. **NO PORTABLE COMMUNICATION DEVICES MAY BE USED BY CONTESTANTS DURING COMPETITION. CONTESTANTS USING SUCH DEVICES WILL BE AUTOMATICALLY DISQUALIFIED.** (Refer to Rule 48, Page 87)

While a contest is in progress, there shall be no conferring between contestants or between a contestant and anyone else, except as directed by the Superintendent or a designated representative.

No contestant shall wear any uniform, school colors, or school hat, nor signify in any way to the judges personal identity or identity of the school represented.

NO CONTESTANT OR COACH WILL BE ALLOWED ON THE SHOW GROUNDS THE DAY PRIOR TO THE JUDGING CONTEST (with the exception of 4-H and FFA groups exhibiting animals in the Junior Division).

Contestants in each Judging Contest will meet with the Superintendent of their contest promptly at the scheduled time and location of their respective contest (see SCHEDULE OF JUDGING CONTESTS, Page 247) at which time they will receive full instructions concerning the program to be followed and the manner in which the contest will be conducted.

The contestants in each contest will be divided into groups by the Superintendent and a leader will be appointed for each group.

Animals within a class will be designated by numbers 1, 2, 3 and 4.

Contest classes will be selected from those livestock breeds having an economic impact on their respective industry.

Any contestant violating any of the rules and regulations applying to their contest will be barred from competition.

6. **Passes.** Season grounds passes which will admit the coach and team members onto the show grounds will be mailed to the coaches of the Intercollegiate Judging Contests in January. Please take care of these exhibitor grounds passes and bring them to the Show. Replacement passes must be purchased at a charge of \$35 each in the Accounting Office in Cattle 4. 4-H and FFA Judging Contest coaches will receive letters of admittance for their groups.
