## CLASSROOM NEWS

This week our focus is Dental Health. February is Dental Health Month but due to snow I had to push our lesson back to this week.

As we all know Dental Health is very important! We discussed how to care for our teeth, what foods are good for our teeth and which aren't so good, going to the dentist, and what happens when our baby teeth fall out.

We identified the healthy and unhealthy foods for our teeth, used a tooth brush to paint a yellow tooth white, did a sequencing activity where we had to cut and paste in order of how to brush our teeth, and tomorrow we are watching a video about animal teeth.

Easter will be here soon which means our last party! I will be looking for about 3-4 parents to help with this so if you can help let me know!

## BOOK ORDERS

THANK YOU to those that ordered books! I was able to get over \$20 worth of free books for our classroom!!
