

2005 Graduate: David Smith was proud to show us the medal he received from the United States Army for his Meritorius Service - Our Hero!

2005 Graduate: Gabby earned Associates Degree from University of Hawaii Hilo. She worked in the educational system for a couple of years and then decided to follow a life dream..one of being an adventurer and traveling, learning from a variety of people how to travel on a low budget. She has dedicated her time to activism as she traveled and participated in many huge protests and smaller community projects around North America. From working with the Indigenous people's resistance to destruction of their land in British Columbia, to cooking and serving with Food not Bombs (a group that feed the homeless) in San Diego and other cities, I've had an amazing and enriching journey. She now is staying in Eugene, Oregon. was 35 other people. I am truly blessed. Next week I will be hosting a day of workshops here about alternative traveling technique's.

2005 Graduate: Dan Jock stopped by to give us an update. He stated that he had bought a house in Woodville, was working full time as a as a Fuel Technician for an oil company. He has two children and is very happy.

2010 Graduate: Nate Carter is an intelligent individual enlisted in the United States Army and begins his training at Fort Benney, GA, this coming August.

2010 Graduate:: A success! After Amber had her son, she found it very difficult to continue with school while being a mom at the same time. After taking care of her son for three years, she decided to get her diploma so that she can pursue a career in nursing. This summer, Amber begins her LNA training through the Clinical Career Training program in Lancaster and then she plans to go on to get her RNA.

2010 Graduate: Vicki Camacho: We are proud to announce that Vicki has already completed a college level Psychology course through the Virtual Learning Charter Academy and is now enrolled in Granite State College majoring in Criminal Justice.

6/22/10: "Not only have I been accepted to a private college, but all of my classes I am taking this term are currently A's. I'm in philosophy, psychology, and sociology. I just got a paper graded about nature vs. nurture for psychology. The teacher give me a 100% and said that it was one of the best papers she had read in a while since I took the stance that it can't be one or the other it must be both. I got all A's and B's last term too. I will be the first in my family to go to a college and, hopefully, graduate. My aunt went but financial aid messed her over. The great thing is it got sorted out and my success has inspired her to finish her degree in child care. With a degree in creative writing hope to write for Dungeons and Dragons as a freelance writer. starting out as novels and then to playtesting. Playtesting is creating the rules that run the game."
