Isaiah and Hector’s Headline Interviews with Mary Meduri

For November, we decided to interview someone who takes really good care of all of us, Nurse Mary Meduri. We decided to ask Mary some questions about her job and what it is like to work at ADS.

“What do you like best about working here?” Mary said, “The best part of my job is working with the kids.” This is Mary’s 19th school year at ADS and in addition to helping the students, she also helps the staff, and sometimes administration.

“What do you need to know to be a nurse?”

“All of the things your teachers teach you, like math, science, and knowing how the body systems work. In nursing you learn what is normal for each person, and for our students, normal can be very different for each person. To finish up the interview, we asked Mary

“What’s the least favorite part of your job?”

Mary quickly answered, “Graduation is my worst day, because I hate to see the kids leave. One year during graduation practice, I cried so hard I almost lost both of my contact lenses!”

Around Town with CBI

Four students (Semaj, Sean, Noah and Matt) from the School to Work Program are job sampling in the community. At Rolferry’s Imprint and Award Specialties, the students take the silk screen printed shirts from the conveyor belt, count and sort by sizes, then finally box them.

At the Empire Diner, the students are working as bussers where they clear the tables and wrap silverware. All students are supervised and instructed by their job coach. They are making great transition from school to a work situation.

Happy Thanksgiving!!!

This Thanksgiving give a hand with these 5 tips:

1. Thanksgiving is about sharing a great meal with family and friends. Find a way to help out, like setting the table before the meal.
2. In the kitchen, remember when the oven or stove is on it means it is HOT. Make sure to stay a safe distance away so you don't get burned.
3. Before you eat, don't forget to wash your hands so we don't spread germs and get sick.
4. After the meal you can help again with jobs like clearing the table or washing dishes.
5. Don't forget to have a great day and remember what you are thankful for.

Daniel and Tysai's Tech Talk-

Zen Studios App-

Zen Studios is a free meditation app for kids that uses geometric shapes that kids can finger paint, while relaxing music plays in the background. It is cool because when you change a color and paint the music changes so it's never the same twice. You can make your own picture or fill in several premade templates. Great way to teach students about shapes and tangrams.

'Twas the Night before Thanksgiving

Story and pictures by Dav Pilkey
Book review by Emily O'Mara

This book is about a class that took a CBI trip to a turkey farm the day before Thanksgiving. We don't want to give away the surprise but let's just say the turkeys magically disappeared before dinner!

Brian said, "This book is excellent!"
Georgie thinks the book would be fun to read at Thanksgiving.
Andre said, "I don't want to eat turkey anymore."
Emily thinks the book is hilarious.
Lizzie says, "Happy Thanksgiving to all and save the turkeys!"

Cortney's Pumpkin Pie Dip-

Want an alternative to that heavy pumpkin pie, a light dessert to snack on all night? Then try a lighter pumpkin pie dip! Perfect for dunking sliced apples, graham crackers, or pretzels. It's super easy to make with only 5 ingredients:

- 15 oz. can of pumpkin
- 5 oz. box of vanilla instant pudding mix
- 16 oz. Cool Whip
- ½ TBSP Pumpkin pie spice
- ½ TBSP cinnamon

Just mix the vanilla pudding mix, pumpkin, pumpkin pie spice, and cinnamon until well blended and then fold in the Cool Whip and mix until creamy and smooth. Chill for 2-3 hours before serving. I'm sure just about anything would taste good dipped in this delicious dip! Enjoy!
