Responsibilities of Board Members and School Personnel

It is the responsibility of each Board member, as well as each employee of the district, to exercise care when answering questions about the public schools. Individuals should answer questions only when they have full and complete understanding of the point about which they have been asked. If the employee or Board member is not prepared to answer accurately and fully, he/she should refer the inquirer to a staff member who would have the appropriate information.

All school personnel and Board members are encouraged to be informed on Board of Education policy and school policies and programs in order that they may better advance public understanding of the schools.

Staff Participation In Community Activities

All staff members are encouraged to support and to volunteer their services to various community organizations in New Milford.

School Volunteers

The Board of Education recognizes that volunteers can make many valuable contributions to our schools. The Board endorses a program encouraging community residents to take an active role in improving schools and to become school volunteers in schools subject to suitable regulations and safeguards. Appropriate recognition of volunteer services shall be made by the Board and school district administration.

The Board of Education encourages the use of volunteers to: (1) increase students' educational attainment, (2) provide enrichment experiences for students, (3) increase the effective utilization of staff time and skills, (4) give more individual attention to students, and (5) promote greater community involvement.

The Superintendent shall establish procedures for securing and screening resource persons and volunteers. No person who is a "sex offender," as defined by Connecticut General Statutes §54-250, "Registration of Sexual Offenders" shall be used.

Securing and Screening Volunteers

The Building Principal or his/her designee directs the use of volunteers within the school. Specifically, the Principal or designee directs volunteer recruitment, screening, placement, and training within the following perimeters:

1. **Qualifications.** Volunteers may come from all backgrounds and all age groups. The main qualification for a volunteer is that he or she has a desire to give his or her time and talent in order to enrich student learning opportunities and the school community generally.
2. **Persons Not Allowed to Serve as Volunteers.** No person who has a criminal record of any felony conviction may serve as a volunteer. Criminal background checks shall be required of all prospective volunteers. Every time a new list of registered sex offenders is received, the Building Principal or his/her designee shall review it for any person's name who has submitted a volunteer information form during that school year. Whenever someone submits a new volunteer information form, the Building Principal or designee shall review the sex offender list.
3. **Recruitment.** School personnel may recruit volunteers through the following resources: parent(s)/guardians, parent organizations, retired teachers and other senior citizen groups, community businesses, local volunteer centers, and universities. If a staff member, other than the Principal, recruits a volunteer, the staff member must provide the volunteer's name and address to the Principal.
4. **Role.** Volunteers serve only in an auxiliary capacity under the direction and supervision of a staff member; they are not a substitute for a member of the school staff. Volunteers do not have access to confidential student school records.

Securing and Screening Volunteers (continued)

5. **Selection, Placement, and Supervision.** Volunteer selection and placement shall be on the basis of the volunteer's qualifications and availability and the school's needs. A volunteer will be assigned to a staff member only with the staff member's consent. The relationship between a volunteer and staff member should be one of mutual respect and confidence.
6. **Screenings.** Screening volunteers is critical because of the vulnerability of the population the school district serves. Each volunteer must register in the school's main office at the beginning of each visit and wear a name tag while in the building. Unless he or she has already done so during the current academic year, the volunteer must complete an information form and waiver. Absent an indication on the form that the volunteer may not qualify, e.g. the volunteer is a convicted felon; the volunteer may proceed to the assigned activity.
A request to volunteer or to continue volunteering will be denied if the volunteer behaves in any manner that demonstrates he or she is not a good role model or is otherwise detrimental to the school environment. Examples of such behavior include: swearing, failing to be dependable, failing to follow the supervisor's instructions, committing any criminal act on school grounds or at a school activity, touching a student in a rude or overly forceful manner, failing to dress in an appropriate manner, or violating any school rule.
7. **Training.** Each academic year, when a person first completes the volunteer registration form, the Principal or designee should give the person a copy of this administrative procedure along with other pertinent information. The staff member to whom the volunteer is assigned is responsible for explaining his or her expectations of the volunteer. The Principal or designee should arrange appropriate training opportunities for those volunteer activities requiring a skill or knowledge base, e.g., working in the computer lab.

Community Relations

Visits to the Schools

The Board of Education and staff of the school district welcome and strongly encourage members of the community and other interested persons to visit the schools.

Board of Education members are expected to visit schools to become acquainted with school personnel and programs; however, Board members have authority only in scheduled meetings of the Board, as members of Board committees or when delegated specific tasks by specific Board action.

Members of the public and individual Board members interested in visiting schools or classrooms will make arrangements for visitations through the administrators of the various schools. Such visits shall be regarded as expressions of interest in school affairs and/or efforts to become informed about school programs and activities.

Subject to the direction and approval of the Board, the Superintendent is authorized to establish such reasonable regulations as will:

1. Encourage parents, guardians and other family members of students to visit our schools.
2. Provide for appropriate hospitality for visitors.
3. Require all visitors to register in the office of the Principal upon their arrival at the school.
4. Ensure student safety.
5. Ensure that the orderly process of school activities is not disrupted.
6. Channel expressions of approval as well as constructive criticism to the school administration and to the Board of Education.

Since continuity in classrooms is often difficult to achieve and maintain, while visiting in a classroom, a visitor must not interrupt the class in any way, nor speak to (unless invited to do so) or disturb the students or teacher.

Community Relations

Visits to the Schools (continued)

The Principal or her/his designee shall have complete authority to exclude from the school premises any persons whom s/he has reason to believe are disrupting the educational programs in the classroom or in the school, are disturbing the teachers or students on the premises, or whom the Principal believes are on the premises for the purpose of committing an illegal act.

Visitor Registration

It is required that all visitors, including members of the Board of Education, register in the office of the Principal. Staff members should be alert to the presence of unauthorized visitors and report their presence to the Principal promptly.

Visitors not associated with the schools may not initiate, direct, conduct, control or regularly attend the meetings of student groups.

Gifts to School Personnel

Gifts from Suppliers and/or Contractors

The members of the Board of Education and its employees wish to avoid any conflict between their personal interests and the interests of the school district in dealing with suppliers, contractors and all organizations or individuals doing or seeking to do business with the school district.

Although it is customary for some suppliers to give gifts to customers' employees at different times which are not of more than nominal value, and are not intended to influence in any manner the school district's procurement practices, the Board of Education requests, in view of the possible adverse publicity that might arise from such practice on the part of the suppliers, that suppliers or potential suppliers do not include the name of any individual connected with the school district on their gift lists.

Gifts to Board Members and Employees

No Board member or employee shall directly or indirectly solicit any gift; or accept or receive any gift having a value of seventy-five dollars (\$75) or more, whether in the form of money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form, or accept or receive any gift under circumstances in which it could be reasonably inferred that the gift was intended to influence the Board member or employee in the performance of his/her official duties or was intended as a reward for any official action on his/her part.

Gifts between Students and Teachers

The New Milford Board of Education does not encourage gifts between students and teachers. Certified staff is expected to decline any gratuity, gift or favor that would impair or influence professional decisions or actions.
