

Instructions for Daily Health Check Form Submission

We have had many parents request instructions for submitting their daily health check form and many have not submitted this form at all. **Please be aware that submission of this form is mandatory each day for your child to be able to attend school on that day.** This information was sent in the original welcome pack. You must login to Oncourse using your **Guardian login**. You must submit the form daily for each child separately.

*When you log on to Oncourse a pop-up window will appear with a list of symptoms.

*If your child has any symptoms you check the symptom box that applies, then submit. **If your child has any symptoms they cannot come to school.**

*If they are symptom free the final check box needs to be marked before you submit the form.

*You cannot submit the form in advance but must submit it each day your child is to attend school. You do not need to submit on their remote instruction days.

Should you have any problem accessing this form or Guardian passwords please contact Mike Grelli at mgrelli@gtsdk8.us
