- Students will be able to access recorded virtual lessons at any time and complete work at any time during the day. The schedule above is so that all teachers will not post work at the same time and overwhelm students, and for those students who want a schedule to help keep organized.

**Schedule for PACKETS:**

- All work will be delivered by bus each morning during breakfast. If you are receiving a packet, you **MUST** meet the bus to receive your work. Packets will also be available for pickup/drop off at the school each morning from 8 - 9 AM.
- Packet work will be delivered daily and students are expected to complete the work for that day **ONLY** and return the work to the bus driver the following day.
  - Example: Susie meets the bus Monday morning during breakfast and receives a folder with her work for the day. Susie should complete all work and can contact the teacher with any questions. On Tuesday morning, Susie will meet the bus driver for breakfast and return Monday's work and will receive a new folder with Tuesday's work. Susie will continue this process throughout the week. Friday's work will be turned in on Monday morning.

**Attendance:**

- Students must complete 4 hours of work each day to be counted present for that day.
- Students completing PACKET work will be counted present based upon completing and turning in the previous days work. Students completing ONLINE work will be counted present based upon the time spent logged in online and completion of assignments for that day.
- You must complete 4 hours of work per day; students cannot work ahead.

**Teacher Schedules/Communication:**

- Teachers will be at work each day 7:30 - 3:30.
- Teachers will post assignments online at the times listed in the schedule. They may also post videos or do a live google meet during those time periods. However, teachers will be available all day for questions. Students and parents may email, text/call through School Status Number, or send messages through Schoology.

**Schoology -- Learning Management System (LMS):**

- Schoology is our LMS. Think of it as the online school building. Students will log in or "enter the building" daily. Inside the LMS are classrooms. Each class they are assigned to will show up on Schoology. Students will enter each class and the teacher will provide all the class assignments, information, and resources there.

- One major resource used will be Edgenuity. Students will access Edgenuity to receive virtual instruction through videos and complete assignments and quizzes. There will be links to Edgenuity inside of Schoology for the students.
- 7th and 8th graders will also use i-Ready as another online resource.
- Teachers may provide other online resources as well, but all of these links and instructions will be found inside of the classroom on Schoology.

### **Library:**

- Students can still check out library books.
  - Mrs. Menhel can be reached at [kmenhel@westernline.org](mailto:kmenhel@westernline.org). Please contact her and she can make sure the book is delivered to your home.
- Renaissance is still offering MyOn for free. Students can access numerous free ebooks that are AR approved.
