

Beecher High School is committed to providing a range of educational opportunities for the different learning styles of all our students.

We have six available AP classes:

AP Biology

AP Calculus

AP U.S. History

AP Literature

AP Language

AP World History

Students and parents are welcome to stop by the guidance office for information and applications to highly selective colleges and universities.

Beecher also offers an Early College Program for seniors who wish to take coursework at Prairie State College. Student can graduate with at least 18 credit hours if they take their electives at the local community college.

The following links are helpful for parents and students.

Parents of Exceptional Students

This link provides practice questions and information about Advanced Placement coursework. [AP College Board](#)
