39 **6. INTERVIEWING OF POTENTIAL BOARD CANDIDATES**

40  
41 *Roseanne Lombardo and the Board interviewed two potential candidates,*  
42 *Joseph Harbeson and Susan Vernacchio, for the vacant Board of Education*  
43 *seat. Each candidate was asked the same questions and the final selection will*  
44 *be voted on in Executive Session.*

1                   **Question #1 – Why do you want to be a Board Member?**  
2

3                   Joseph Harbeson – I have been a life-long resident of Gibbstown and I feel that  
4                                   Sue Vernacchio and myself could give back to the  
5                                   community.  
6

7                   Susan Vernacchio – I want to be a Board member because I feel as though  
8                                   some things were left undone in my last term. Unfortunately  
9                                   I wasn't able to commit to the election as we have had some  
10                                  medical issues in my family and going forward things have  
11                                  worked out and I feel that I will be able to offer some time  
12                                  back to the district. Things need to be moving forward and I  
13                                  just feel that I'm able to offer my skills to the Board. I come  
14                                  from many different backgrounds job wise. I am an  
15                                  accountant two days a week, I run the books for many  
16                                  different non-profit nursing homes and I am also the director  
17                                  at Gibbstown SACC so I have a lot of "comings and goings"  
18                                  in the district. I see a lot of things that I think need to be  
19                                  done and I would hope as a board member, I could get some  
20                                  of these things done.  
21

22                   **Question #2 – What specific skills would you bring to this Board?**  
23

24                   Joseph Harbeson – Problem solving. In my past jobs, I dealt with a lot of  
25                                   problem solving, fast-paced, along with dealing with other  
26                                   companies, finding out what the issue is and solving it so  
27                                   both sides are happy with the results.  
28

29                   Susan Vernacchio – I kind of answered that—I have done numerous budgets on  
30                                   the Board and other places where I have worked. I have  
31                                   been involved with large organizations and well as small  
32                                   organizations. I'm used to doing things from "soup to nuts".  
33                                   I'm used to multi-tasking and doing all aspects of the job.  
34                                   I've been on many different committees here on the Board.  
35                                   I've seen how they all are important and how they all tie back  
36                                   together.  
37

38                   **Question #3 – Please give some specific examples of your ability or skills**  
39                                   **in a team-work environment and interpersonal relationships.**  
40

41                   Joseph Harbeson – As I have said before, I have worked for a larger  
42                                   corporation, did a lot of traveling with them setting up trade  
43                                   shows so on a day-by-day basis, I was working with a full  
44                                   team of maybe five or six other employees where as I said

1 before, coming up with solutions along with cost-cutting or  
2 cost-spending solutions.

3  
4 Susan Vernacchio – As far as teamwork, I was a member of the Board. I don't  
5 necessarily know if it worked as the best team that I've ever  
6 participated with but there were some years where it did  
7 seem to work a little better than others. I am the head of the  
8 team over at Gibbstown SACC so I do have that whereas at  
9 my other job, I am a small "frog" in the larger sea so I  
10 understand teamwork from the low guy to the major player.  
11 And again, my vast experience with the Board, I think I can  
12 be an asset.

13  
14 **Question #4 – What do you see as the role of a School Board Member?**

15  
16 Joseph Harbeson – I see the role of a School Board Member as someone that  
17 needs to work with the community in the best interest of the  
18 community and the taxpayers, along with the children; that is  
19 the most important part. That is the reason there are  
20 schools and why we need to be on the school board to help  
21 guide the children so they get the correct education and  
22 move forward and be successful as well.

23  
24 Susan Vernacchio – I see the role of a School Board Member basically as an  
25 "over-see". We hire administration and teachers to do their  
26 job; we hire janitors to do their job; everyone has a job. Our  
27 job is to oversee things and make sure things are running  
28 adequately within the realm of the policies that are  
29 established by the state as well as the board itself. Our job  
30 is to make sure they are being done without, per say, us  
31 doing them ourselves. That's why we hire certain individuals  
32 to do those things.

33  
34 **Question #5 – Please describe your previous community or non-profit**  
35 **experiences.**

36  
37 Joseph Harbeson – Right now, I am currently a member of the Paulsboro  
38 Sportsman Association and formally a member of the South  
39 Jersey Officials Organization which is refereeing for the  
40 Tri-County Youth Football League.

41  
42 Susan Vernacchio – My non-profit experience is not only with this Board but I do  
43 the tax return for the PTA which is non-profit and Gibbstown  
44 SACC is also non-profit so I understand non-profit  
45 accounting with fund balances and that sort so I do

1 understand it. I haven't had as much opportunity because  
2 the Board took up a lot of my time, to do any of my other  
3 community service work that I had been doing in the past.  
4 The Board kept me pretty busy.  
5

6 **Question #6 – What areas would you like to strengthen in our district?**  
7

8 Joseph Harbeson – I feel that technology is very important to the future of  
9 children. I'm not sure if right now this school is where it  
10 needs to be technology wise. I think there are some great  
11 opportunities out there to basically bolster that for the kids  
12 but without the technology it will be hard for them to succeed  
13 with the world is today.  
14

15 Susan Vernacchio – I'd like to strengthen communication. Communication is so  
16 lacking—the grapevine in this town is atrocious. I think  
17 better communication would be key. I'm not going to say  
18 better fiscal management because I truly believe our district  
19 does good business. I firmly believe that the money that we  
20 receive from the taxpayers is put to good use. But I think  
21 communication and communicating that and knowing that  
22 students come first above and beyond anything else,  
23 students' education has to be number one and asking the  
24 public and the community to help pay for that and help fund  
25 that...their jobs as taxpayers is to fund education for the  
26 students.  
27

28 **Question #7 – Are you aware of the time, training commitments and ethics**  
29 **law disclosures required for School board membership?**  
30

31 Joseph Harbeson – Yes. I really would like to have the opportunity to work with  
32 everyone here. As I said before, it is about the kids and  
33 giving back to the community. That's the most important  
34 thing.  
35

36 Susan Vernacchio – I'm sure there is on-going training but I have been through  
37 all the training and the things that are necessary. Yes, it is a  
38 huge time constraint especially when you get on some of the  
39 committees such as negotiations which will be coming up.  
40 We have to look for a new Superintendent; there's going to  
41 be a lot of hours that are going to be needed. We all have to  
42 work as a team. There is going to be a lot of time  
43 constraints but nothing that I have shied away from. I have  
44 been willing to put my time in.  
45

1 **Roseanne Lombardo** thanked both candidates and asked if the Board had any  
2 other questions. **Louis Fabiani** said to **Mrs. Vernacchio** that the Board has a  
3 policy to record all committee meetings but there was one meeting that was  
4 conducted back in February that she was present and that meeting was not  
5 recorded and he would like to know why? **Mrs. Vernacchio** asked who else was  
6 present? **Mr. Fabiani** said that Vincent Tarantino, Scott Campbell and the  
7 auditor were there. **Mrs. Vernacchio** said that it doesn't sound like a committee  
8 meeting; it was most likely the exit interview of the audit. **Mr. Tarantino** wanted  
9 to follow protocol and tape the meeting but **Mrs. Vernacchio** said the auditor  
10 was very uncomfortable when asked if the meeting could be recorded. She also  
11 said that was the only meeting where she was there without other board  
12 members and it was because the auditor asked for the chairperson of the Budget  
13 & Finance Committee to be there. **Mrs. Vernacchio** said that the auditor then  
14 came before the whole board at the February 23<sup>rd</sup> meeting to disclose what was  
15 discussed at that exit interview. **Mr. Fabiani** said that a motion was brought up  
16 where we were to tape all the meetings and **Mrs. Vernacchio** apologized but  
17 that exit interview was not recorded. **Mrs. Lombardo** said she was present at a  
18 few meetings where it was not recorded because the recorder was missing and if  
19 the auditor stated they were uncomfortable with it then it wasn't done. **Lisa**  
20 **Morina** said there were meetings at Broad Street that were not taped also so  
21 let's not go there.

22  
23 **President Roseanne Lombardo** said a decision will be made tonight in  
24 Executive Session.

The New Jersey Department of Education debits the District's state aid payment for services.

**Andrew Chapkowski** asked on Item E, grades 3 and 4; do we choose which field trip they go on or do the teachers choose? **Vincent Tarantino** said the teacher's choose. **Jason Murschell** asked about Item E for the PEP Club trip to Dave & Busters. He wanted to know if this club has been there before and what benefit it would have to take grade school kids to a place that has a bar? He said there has to be other places that you can go for Leadership/Team Building that doesn't have a bar to which **Mr. Tarantino** agreed. **Lisa Morina** said we should table it until we find out more information. She suggested there might be a program there during the day for the kids. **Daniel Giorgianni** stated that he has

*Lisa Morina said on purchase order #200-12 for Design Collaborative for the energy audit, we are making final payment for this energy audit and if the board will recall in January when it was originally presented to us, we would be funding this \$28,000.00 through the continuation of the project and at that time, Mr. DeLosso told us he would be assisting us with obtaining an ESCO (Energy Savings Company), but instead when he delivered the energy audit, he basically dumped it on us and told us we had to pay him. Mrs. Morina's concern is at this point, we now have a document we can't do anything with and we were presented in public session with one way of how we were going to obtain the funds where we were going to do all these projects in the summer and it was going to be "fabulous". Instead we have a three-inch thick document that we have to pay for because we are not moving forward. At the same time, the actual energy audit is with the ombudsman at the BPU because we requested assistance in moving forward. He is reviewing the document and is going to help us to figure out if we can "salvage" what we have to try to move forward. Mrs.*

1 **Morina** would like to present to the board to table this payment to Design  
2 Collaborative until we figure out if we actually got what we paid for. She isn't  
3 sure if anyone on this board could read through that document and say whether  
4 or not it's a fair assessment of our energy needs. She also said that since it was  
5 under such controversy and we did not get what we were told we would get at  
6 that January board meeting, she thinks it's imperative that we are watchful of this  
7 project until we know that we can move forward and see some actual savings.  
8 **Mrs. Morina** said there are two payments on this bills list, one for \$9,745.33 and  
9 one for \$4,125.00 and she is suggesting we table that until we get back the  
10 information from the BPU ombudsman whose job it is to assist us in navigating  
11 this process since we don't actually have an expert to do that for us at this point.  
12 **Roseanne Lombardo** said that was a very good recommendation and asked the  
13 board how they feel about it. **Louis Fabiani** said he can recall at the last  
14 presentation that Mr. DeLosso recommended that given the fact of the piping that  
15 needed to be replaced and that money was not available to do that project, he  
16 suggested we not move forward with that. **Mrs. Morina** said that ESCO is who is  
17 supposed to be following through with that and piping wasn't the real  
18 consideration. ESCO comes in and does the projects for us. She doesn't recall  
19 piping being the issue; the issue was he was delivering the product and that was  
20 the end of that. She said we actually could move forward and do those energy  
21 savings projects at the Broad Street School. Unfortunately we didn't have an  
22 energy audit of the Nehaunsey School so we can realize the savings here. We  
23 need some guidance to move forward and we aren't going to get that now. She  
24 also said that was part of the presentation where we were having this energy  
25 audit and we don't have to use the free audit from the state; we were using Mr.  
26 DeLosso's group because it would get funded at the end and we would get the  
27 money back during the construction. **Mr. Fabiani** said Mrs. Morina is taking a  
28 different approach but **Mrs. Morina** said that is the approach that Mr. DeLosso  
29 suggested but now we don't have him. She also said we do need that guidance  
30 and the BPU may come back to us and say we didn't get what we paid for. So  
31 before we pay in full, we should wait until they come back and tell us what our  
32 next course of action should be. Otherwise we have "no leverage". **Mrs.**  
33 **Lombardo** agreed and said that is a lot of money to put out and she is no expert  
34 in this so she would like to hear from someone who is. **Jason Murschell** asked  
35 Mrs. Morina how long the BPU would take to review that? **Mrs. Morina** said she  
36 just dropped the documents off on Friday. **Andrew Chapkowski** amended his  
37 motion to not pay PO# 200-12 for Design Collaborative for the energy audit and  
38 **Roseanne Lombardo** seconded it.

39  
40 Motion carried by unanimous roll call vote.

41  
42 **12. REGULATORY**

43  
44 Motion: (Fabiani/Morina) to approve the following as one, A-D:  
45

- 1 A. The approval for the Greenwich Township Police Department to use the  
2 Nehaunsey Middle School the week of June 18, 2012 through June 22,  
3 2012 from approximately 8:00 a.m. – 4:00 p.m. for Active Shooter  
4 Training. This was approved at the Regular/Reorganization Meeting on  
5 April 23, 2012 to take place at Broad Street School; however, the  
6 Extended School Year Program will be in session at that time.  
7  
8 B. The approval for the Greenwich Township Historical Society to use a  
9 classroom at the Broad Street School to store their collection of historical  
10 artifacts during the 2012-2013 school year.  
11  
12 C. The approval for repairs to be made on the bathrooms at Broad Street  
13 School. Total estimated cost for all repairs is \$6,000.00. (Attachment –  
14 EXHIBIT L)  
15  
16 D. The approval for submission of the 2012-2013 Alternate Toilet Room  
17 Facilities – Early Intervention, Pre-Kindergarten and Kindergarten form to  
18 the New Jersey State Department of Education to be in compliance with  
19 the N.J.A.C. 6A:26-6.2(h)4ii and iii. This would be for rooms 104, 106,  
20 107 and 111 at Broad Street School. (Attachment – EXHIBIT M)  
21

22 *Lisa Morina wanted to know on item B if that is a second room they are*  
23 *requesting or is it the room they are currently using and if so, has that issue been*  
24 *resolved? Roseanne Lombardo said it isn't resolved as of yet. We are telling*  
25 *them that they do have a classroom but we haven't decided if we are going to be*  
26 *moving them or not and also because the PTA is getting bumped out of their first*  
27 *grade classroom due to it becoming a first grade classroom again. Mrs.*  
28 *Lombardo feels that the PTA should have first preference over the Historical*  
29 *Society because the PTA is in the school almost every day doing something for*  
30 *the kids. We have to make a decision because Diane Shirley is trying to get into*  
31 *that classroom and the PTA is trying to clear their stuff out and we may have to*  
32 *ask the Historical Society to move so it is something that we have to resolve.*  
33 *Scott Campbell said that Mr. Vince Giovannitti, Councilman, contacted him and*  
34 *he said he couldn't guarantee what room the Historical Society would have but*  
35 *we weren't looking to get them out of the building. Mr. Campbell said he is not*  
36 *responsible for the e-mail content that went out but he knows what he said to Mr.*  
37 *Giovannitti and he will leave it at that. Mr. Tarantino said the board has to make*  
38 *a decision tonight. Mrs. Lombardo made a suggestion that the Historical*  
39 *Society move down to the second grade classroom and the PTA use the room*  
40 *that the Historical Society was using.*

1 **13. USE OF FACILITIES**

2  
3 **Vincent Tarantino** said he was presented with a memo from Rob Harris, Child  
4 Study Team Director who is also a board member at East Greenwich Township.  
5 The memo requests possible usage of classrooms at Broad Street School for the  
6 East Greenwich Township summer ESY programs due to the construction going  
7 on at East Greenwich that may impact their programs. **Mr. Tarantino** said that  
8 there would be a fee and possible sharing of services with the nurse. He also  
9 suggested that he and Scott Campbell reach out to Mr. Joseph Conroy,  
10 Superintendent at East Greenwich, and negotiate some terms per the Board's  
11 permission, with a fee that is fair to both parties. They will need four classrooms  
12 for approximately 12 students. **Mr. Tarantino** said we would probably have to  
13 charge them per classroom per day and they would share the cost of the nurse.  
14 He also said he would need authorization to negotiate a fair agreement with East  
15 Greenwich for occupying that space. **Mr. Campbell** said we do have a fee  
16 schedule in place for our use of facilities and it can range from \$25.00 a  
17 classroom a day plus utilities.

18  
19 Motion: (Lombardo/Fabiani) to approve negotiating with East Greenwich for  
20 possible usage of classrooms at Broad Street School.

21  
22 Motion carried by unanimous roll call vote.

23  
24 **14. OLD BUSINESS**

25  
26 None at this time.

27  
28 **15. NEW BUSINESS**

29  
30 **Vincent Tarantino** commented about a satellite nurse's office at Broad Street  
31 School. After discussion with Scott Campbell and the school nurse, we came up  
32 with a satellite office for emergency purposes and it is located near the  
33 playground entrance and the cafeteria. This office will be shared with the  
34 maintenance supervisor who is hardly ever there and he has agreed to share that  
35 office.

36  
37 **Jason Murschell** said looking back on the minutes and the recording of those  
38 minutes, if it is on the tape that goes out to the public, why isn't it transcribed in  
39 our minutes? If that tape is requested and that is what we are putting out, then it  
40 should be transcribed to us. It should be someone's responsibility to listen to that  
41 tape all the way through. **Mr. Murschell** said he didn't know the whole process  
42 of how far the minutes are listened to. If it is being distributed as a request of  
43 official minutes, then it should be typed up on our minutes that we receive. **Mr.**  
44 **Murschell** said there should be a policy of what is considered in the printed  
45 minutes. Is it everything that goes until that tape is shut off or is it until we hear

1 “meeting adjourned and in the same case, if there is an official request, we need  
2 to have an established policy of what is released. **Lisa Morina** said that it brings  
3 to mind the point that when comments are made underneath the breath or to  
4 another fellow board member, should those be included in consideration when  
5 they are derogatory or directed at the public? There were a lot of things that  
6 were said on that tape that were not transcribed and thankfully for the people that  
7 said them, they were not transcribed. They were not part of the official minutes  
8 but they were part of the audio. **Mr. Murschell** said if there is something  
9 derogatory in the audio, we can X-out the specific word and say “see tape for  
10 reference” but he feels it should be transcribed and maybe our Policies &  
11 Regulations Committee could look into that. **Mrs. Lombardo** asked Scott  
12 Campbell if the secretary listens to the tapes until it says adjourned to which **Mr.**  
13 **Campbell** said she did and also that no one knew what was on that tape. **Mr.**  
14 **Murschell** then said that before you put that tape out to the public, it should be  
15 checked. **Mr. Campbell** said if you don’t know it is on there, how are you going  
16 to do that? He said Mike Grelli is the one who copies the tape and he copies  
17 from start to finish. He doesn’t listen to the tapes so how would he know to stop  
18 it at a certain point. **Mr. Campbell** also said that to alleviate that issue, we have  
19 to stop the tape at adjournment and he usually does but that night, he didn’t. He  
20 has since then. **Louis Fabiani** asked how this conversation got released to the  
21 public? **Mr. Murschell** said that is an outside matter. **Mrs. Lombardo** said  
22 anybody can put anything on “you-tube” as her kids have put videos of  
23 themselves on there. We have to make sure the tape gets shut off as soon as  
24 we adjourn. **Mr. Campbell** said that when Mr. Lani and Mr. Reel were on the  
25 board, they didn’t like the way he was recording the minutes and they requested  
26 to have the meetings recorded and he, **Mr. Campbell**, told them to be careful  
27 what you wish for because it can come back to haunt you one day and sure  
28 enough it did. It didn’t come back to haunt them but it did come back to haunt  
29 other people. He also said that the Board has the right to abolish that policy of  
30 recording minutes if they choose.
