

"SOARING ABOVE THE REST"

## MEET YOUR TEACHERS

### Ms. Lyons- Math

This will be my 17<sup>th</sup> year of teaching. I am originally from Michigan and graduated from Western Michigan University. I have a son(10) and daughter(4). I love cooking and decorating cakes in my spare time.

This year in math we will cover these topics: Ratios/Proportions, Rational Numbers, Geometry, Probability/Statistics, and Expressions/Equations. We will also use an online program called i-Ready. Students will be required to complete 45 minutes per week (time will be provided at school).

### Mrs. Welch- Language Arts

This will be my 9<sup>th</sup> year of teaching. I have taught Special Education and Middle Grades Math in the past. I have 3 wonderful step-children, Hagen(12), Weston(10), and Emma(8), and then my son, Larson(1). I enjoy clogging and cooking in my spare time.

This year in Language Arts we will explore different aspects of short stories and poetry, differences between fiction and non-fiction, and breaking

down the basics of novels. Hopefully I will be able to encourage a love of reading in those who don't already love it.

### Mrs. Slone- Social Studies

This will be my 21<sup>st</sup> year of teaching in NC. I am originally from Kentucky, and I have also lived in both Indiana and Illinois. I graduated from Alice Lloyd College (KY), attended Morehead State University, and, finally, High Point University. I have one daughter and one grandson (15 months). I enjoy reading, traveling, and visiting historical sites.

This year in 7<sup>th</sup> grade social studies, our focus will be studying world history from the Renaissance Era (about 1450) through events of today.

### Mr. Miller- Science

This will be my 13<sup>th</sup> year teaching and my 6<sup>th</sup> year at ATMS. I am a native of North Carolina and I graduated from Liberty University. In my time away from work, I enjoy spending time with my wife and kids, attending church services and activities, pursuing outdoor interests, and playing musical instruments.

In our Science class we will be covering many exciting topics including weather, cells, human body, genetics, motion, and energy. I'm looking forward to getting to know each of you and I'm anticipating a very positive and successful learning experience in Science this year!

With the AA/BB rotation this year and incorporating remote learning as well, it is imperative that students check their Randolph County Gmail daily. This will be one of the main ways teachers will contact students. We will be utilizing Canvas as our online platform for all students. We will also use Google Meet to have group/individual virtual sessions where we can see each other and provide assistance.

#### TEAM EXPECTATIONS

- 1- Respect others and their property.
- 2- Listen closely and follow directions the first time given.
- 3- Be prepared for class and in your seat.
- 4- Raise your hand to speak or leave your seat.
- 5- Do not interrupt instruction or learning in class.

**We are looking forward to a great year, even though things may be very different. We will bring our best efforts each and every day to exemplify our school theme of "True Grit."**
