School Goals

North Columbia Academy is a safe, cooperative environment, where learners are challenged to participate in their own growth and learning, preparing them for post-secondary opportunities in college, specialized training, and the work force in the course of developing into life-long learners.

State Goals

The Oregon Department of Education is working in partnership with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

North Columbia Academy is a welcoming place to grow and learn. We have Positive Behavior Support and student support systems in place to insure a safe and welcoming place to grow and learn. We have common expectations for our students and staff. We have introduced Trauma Informed Practices to better support our students and community.
