Nocturnal Animal Road Show

Do you want to educate others about nocturnal animals?
If so, the ESC's Nocturnal Animal Road Show can help make this possible!

- Engages and educates your audience about the wonders of native, nocturnal animals
- Appropriate for most audiences and/or venues
- Correlated to the ALCOS objectives when appropriate
- Features rehabilitated, unreleasable wildlife
- Live animals may include owls, opossum, and/or alligator
- The ESC cannot guarantee any particular animal for any specific program due to circumstances beyond our control
- All moneys raised through this program, including donations, help to support the ESC's non-profit wildlife rehabilitation program
