Required MCA Trainings

- 3-6th grade teachers and 7th, 8th, 10th, and 11th Math, English, and Science teachers are required to complete the following trainings:
 - Active Monitoring for Statewide Tests
 - Preparing for Online Testing
 - **Test Security Training --> This one HAS to be done before testing!** (This needs to be completed by all staff) Most of you completed this on the March 2-Hour Late Start
- Special Ed Teachers administering MTAS:
 - New MTAS administrators will complete:
 - MTAS Overview
 - MTAS Test Administration
 - MTAS Scoring
 - Experienced MTAS Administrators will complete:
 - MTAS Scoring
- To access the trainings:
 - Minnesota.pearsonaccessnext.com
 - Click on “Resources and Training” and then “Training”
 - Click on “Training Management System (TMS)”
 - All of the teachers who will be monitoring testing should be in the TMS System already (I am still working on this)
 - Enter your email in the TMS system and it should take you to the trainings required for your role
 - If your email is not registered follow these steps
 - In the new window you will enter your school email address and then complete the registration information on the next page
 - You will then select “Test Monitor” or “MTAS Test Administrator” and complete the trainings listed under this category
