

Take Part in Norming a Revised GIFTED RATING SCALES (GRS)

Study Title: Gifted Rating Scales (GRS)

Study Description: MHS is collaborating with **Dr. Steven Pfeiffer** and **Dr. Tania Jarosewich** to re-norm the GRS teacher report and create a new parent report. The GRS identifies children for gifted/talented programs based on teacher and parent observations. The GRS measures: Intellect, Academic Ability, Motivation, Creativity, Leadership, and Artistic Ability.

Who is MHS? MHS is a leading test publishing company that creates scientifically validated assessments for children and adults.

Who Can Participate?

Teachers of ***gifted identified*** students in Pre-Kindergarten or Kindergarten

Parents of ***gifted identified*** students in Pre-Kindergarten to 12th Grade

What Will Participants Be Doing? Parents and teachers will be sent an online link to the GRS questionnaire, which should take approximately **10 minutes** to complete. Parents/teachers will be asked to rate their gifted child/student.

MHS will **compensate** teachers and parents with a **\$25 Amazon Gift Card**, per questionnaire.

Why Participate? Your participation will help MHS revise and update the Gifted Rating Scale so that it meets the needs of students/educators alike. Your responses are confidential and will not impact the status of the child you are rating.

Voluntary Participation, Right to Withdraw, and Privacy: Participation in this project is strictly voluntary and participants are not obligated to participate. Participants may withdraw from this project at any time. All information collected will be treated anonymously. Any and all information obtained in connection with this study remains confidential.
