Board of Education

Drew Shuster, President

Dr. Teri Martin, Vice-President

Susan Simpfenderfer, Member

Debra Bunce, Member

Melissa Maldonado, Member

Administrative Staff

John Wiktorko - Superintendent

Tammy Hebert - Assistant Superintendent

David Donner – Building Principal

Lara McAneny - Director of Student Services

Megan Wilkey – School Psychologist

Michelle Mattice – School Business Manager

Wendy Oftedal – Director of Transportation

John Mattice – Director of Building and Grounds

AJ Savasta – Director of Technology

Nicole Ray – Director of Instructional Technology

Nicole Baldner - K-6 Guidance Counselor

Mike Pellettier - 7-12 Guidance Counselor

Joel Middleton – Athletic Director

Diana Potter – Cafeteria Manager

Alma Mater

Nestled in the Cozy Catskills
In Among The Hills
Stands Our Dear Old Windham High School
Sheltered From All Ills.
Shout The Name 'Tis Windham High School
Loud Her Praises Sing
With Her Glories All Unnumbered,
Let The Dear Hills Ring.

When Our High School Days Have Ended
Armed With Precepts True,
May We Give The World Such Service
As We Honor You.
Shout The Name 'Tis Windham High School
Loud Her Praises Sing
With Her Glories All Unnumbered,
Let The Dear Hills Ring.

Mission Statement

Windham-Ashland-Jewett Central School will provide the resources and environment that maximizes the opportunity for each and every student to reach his or her academic, creative, and athletic potential.

I. Introduction to Code of Conduct

The Windham-Ashland-Jewett Central School District believes that order and discipline are essential to effective education. It also believes that everyone in the school community, students, staff, and all visitors, are responsible for contributing to an orderly environment, and that the standards for behavior extend to the school grounds, property, and school-sponsored trips and activities. A safe and orderly school environment requires a Code of Conduct that clearly defines individual rights and responsibilities, categorizes unacceptable behavior, and provides for disciplinary options and responses for all members of the community, not just the students. The district has adopted a zero tolerance for violent behavior of any kind for the safety of all individuals and in recognition that a safe environment is a prerequisite for learning. It is our belief that a successful Code of Conduct must:

- A. Identify and recognize acceptable behavior.
- B. Be preventive in nature.
- C. Promote self-discipline.
- D. Promote a close-working relationship between home and school.
- E. Be conscious of the importance of the balance between the welfare of the individual and that of the school community.
- F. Encourage a high regard for every person's right to reasonable hearing procedures and due process when accused of misconduct.
- G. Discriminate between minor and serious offenses and first time and repeat offenders.
- H. Provide consequences that are appropriate to the behavior.
- I. Be administered in a fair, firm, and consistent manner.

This Code of Conduct was developed in adherence to WAJ Board Policy #3410 and #7310.

II. Definitions: For the purposes of this *Code of Conduct*, the following definitions apply:

- A. *Activity* – a general function of a group (e.g. yearbook committee)
- B. *Disruptive student* - an elementary or secondary student under the age of 21 who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom
- C. *Parent* - the adult (e.g. parent, guardian) who is legally responsible for the student in question
- D. *School property* - in or within any building, structure, athletic playing field, playground, parking lot, or land contained within the real property boundary line of a public elementary or secondary school, or in or on a school bus, as defined in Vehicle and Traffic Law §142
- E. *School function* – any school-sponsored extra-curricular event or activity, or any event approved by the BOE and sponsored by an outside group
- F. *Violent pupil* – an elementary or secondary school student under age 21 who:
 - 1. Commits an act of violence upon a teacher, administrator, or other school employee; or who while on school property does so upon another student or any other person lawfully there;

2. While on school property possesses a gun, knife, explosive or incendiary bomb, or other dangerous instrument capable of causing physical injury or death, or displays what appears to be the same;
 3. While on school property threatens to use any instrument that appears capable of causing physical injury or death
 4. Knowingly and intentionally damages or destroys district property or the personal property of a teacher, administrator, other school district employee or any person lawfully on school property
- G. *Weapon* – Under the Guns-Free Schools Act, a weapon means any device, instrument, material or substance that is used for or is readily capable of causing death or serious bodily injury. WAJ Board Policy #7360 defines *weapon* as “a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or bodily injury.”
- H. *Firearm* – For the purposes of compliance with the Gun-Free Schools Act, a firearm means the same as that term is defined in section 921 of Title 18 of the United States Code. The following are included within the definition:
1. Any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive
 2. The frame or receiver of any weapon described above
 3. Any firearm muffler or firearm silencer
 4. Any destructive device, which is defined as any explosive, incendiary, or poison gas, such as a bomb, grenade, rocket having a propellant charge of more than four ounces, a missile having an explosive or incendiary charge of more than one-quarter ounce, a mine, or other similar device
 5. Any weapon which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and that has any barrel with a bore of more than one-half inch in diameter
 6. Any combination of parts either designed or intended for use in converting any device into any destructive device described in the two immediately preceding examples, and from which a destructive device may be readily assembled.
- I. Harassment – the creation of a hostile environment by conduct or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical wellbeing. It also includes conduct, verbal threats, intimidation or abuse that reasonably cause or would reasonably be expected to cause a student to fear for his or her physical safety. WAJ Board Policy #3420 defines harassment as “communication (verbal, written or graphic) and/or physical conduct based on an individual’s actual or perceived race, color, creed, religion, national origin, political affiliation, sex, sexual orientation, age, marital, military or veteran status, or disability that “has the purpose or effect of substantially or unreasonably interfering with a student’s academic performance or participation in an educational or extracurricular activity, or creates an intimidating, hostile or offensive learning environment; and/or effectively bars the student’s access to an educational opportunity or benefit.”

- J. *Sexual Harassment* – unwelcome sexual advances, request for sexual favors and other verbal or physical conduct or communication of sexual nature when:
 - 1. Submission to or rejection of such sexually harassing conduct and/or communication by a student affects decisions regarding any aspect of the student's education, including participation in school-sponsored activities;
 - 2. Conditions exist within the school environment that allow or foster obscene pictures, lewd jokes, sexual advances, request for sexual favors or other harassing activities of a sexual nature; and
 - 3. Such conduct and/or communication has the purpose or effect of substantially or unreasonably interfering with a student's academic performance or participation in an educational or extracurricular activity, or creating an intimidating, hostile or offensive learning environment; and/or effectively bars the student's access to an educational opportunity or benefit.
- K. *Bullying* – when someone repeatedly and on purpose says or does mean or hurtful things to another person who has a hard time defending himself or herself. (Olweus definition)
- L. *Tobacco* –any lighted or unlighted cigarette, cigar, cigarillo, pipe, bidi, clove cigarette, and any other smoking product, and spit tobacco (smokeless, dip, chew, and/or snuff) in any form (WAJ Board Policy #5640).

III. Student Rights and Responsibilities

The district is committed to safeguarding the rights given to all students under state and federal law. Additionally, to promote a safe, healthy, orderly and civil school environment, all district students have the right to:

- A. A free and appropriate education with equal opportunities regardless of race, color, gender, national origin, ethnic group, religion, disability, or sexual orientation.
- B. Be informed of charges against them. Unless the well-being of the student or others may be jeopardized, in all disciplinary matters, students shall have an opportunity to present their version of the facts and circumstances before discipline is imposed.
- C. An expectation of privacy from other students regarding their lockers, desks, or other storage area; however, under law items that are school property such as lockers, desks, computers, and their technological equipment are subject to searches by school authorities at any time. School authorities may also search students and / or their belongings where reasonable suspicion of a violation of the Code of Conduct or a violation of the law exists.
- D. Learn in an environment which promotes healthy, intellectual, emotional, physical and moral development.
- E. Pursue their education without fear of harassment and / or discrimination.
- F. Participate in educational programs that prepare students for jobs, for college, for responsible family life, and for citizenship in a self-governing society.

All students have a responsibility to:

- A. Contribute to maintaining a safe and orderly school environment that is conducive to learning.
- B. Show respect to other persons and to property.
- C. Be familiar with and abide by all district policies, rules, and regulations concerning student conduct.
- D. Attend school every day unless they are legally excused and be in class on time and prepared to learn.
- E. Work to the best of their ability in all academic and extracurricular pursuits and strive toward their highest level of achievement possible.
- F. Accept direction given by teachers, administrators and other school personnel in a respectful, positive manner.
- G. Dress appropriately for school and school functions.
- H. Accept responsibility for their actions.
- I. Conduct themselves as representatives of the district when participating in or attending school-sponsored, extracurricular events and to hold themselves to the highest standards of conduct, demeanor, and sportsmanship.

Code of Conduct

IV. Roles and Responsibilities of Essential Partners

- A. Parents: All parents are expected to:
 - 1. Recognize that the education of their children is a joint responsibility of the parents and the school community.
 - 2. Ensure that their students attend school regularly and on time.
 - 3. Send their children to school ready to participate and learn.
 - 4. Know school rules and help their students understand and comply with them.
 - 5. Provide a place for study and ensure homework assignments are completed.
- B. Support Staff (e.g. clerical staff, bus drivers, custodians, and food service members): All support staff are expected to:
 - 1. Contribute to a positive and orderly environment.
 - 2. Understand and support the Code of Conduct.
 - 3. Report any violations to the building principal or other administrator.
- C. Teachers (including teaching aides and assistants): All teachers are expected to:
 - 1. Maintain a climate of mutual respect and dignity.
 - 2. Be prepared to teach.
 - 3. Know school policies and rules, and enforce them in a fair and consistent manner.
 - 4. Communicate regularly with students and parents concerning behavior, progress, and achievement.
 - 5. Communicate to parents and students course objectives and requirements, marking/grading procedures, assignment deadlines, expectations for students, and classroom discipline plans.

- D. School Counselors and Support Personnel: All counselors and support personnel are expected to:
 - 1. Assist students in coping with peer pressure and emerging personal, social, and emotional problems.
 - 2. Regularly review with students their educational progress and career plans.
 - 3. Provide information to assist students with career planning.
- E. Principals: The principal is expected to:
 - 1. Provide a safe and orderly school environment.
 - 2. Enforce the Code of Conduct in a fair and consistent manner.
 - 3. Report crimes to the police.
 - 4. Support the development of and student participation in appropriate extracurricular activities.
- F. Assistant Superintendent: The assistant superintendent is expected to:
 - 1. Promote a safe, orderly and stimulating school environment, supporting active teaching and learning.
 - 2. Communicate with other district administrators and instructional staff regarding state and federal laws and mandates relating to curriculum and instruction.
 - 3. Monitor data related to teacher and student performance and modify curriculum and instructional programs when needed.
- G. Superintendent: The superintendent is expected to:
 - 1. Promote a safe, orderly and stimulating school environment, supporting active teaching and learning.
 - 2. Provide effective leadership for the school district.
 - 3. Develop staff leadership capabilities.
 - 4. Enforce board policies and regulations in a fair and consistent manner.
 - 5. Review with district administrators the policies of the Board of Education and state and federal laws and mandates related to school operations and management.
- H. Board of Education: Members of the Board of Education are expected to:
 - 1. Monitor the operations and achievements of the district.
 - 2. Provide appropriate resources.
 - 3. Review board policies and the Code of Conduct regularly.
- I. Visitors: All visitors are expected to:
 - 1. Exhibit behaviors that support the Code of Conduct.
 - 2. Model behaviors expected of our students.
 - 3. Sign in at the office when entering the building. (Note: While on district premises or at school activities, visitors are subject to the authority of the building principal or his/her designee. Failure to comply with school rules or regulations may result in removal from the building. If a visitor refuses to leave the campus when asked by the building principal or his/her designee, that visitor may be subject to immediate referral to law enforcement support.)

V. Student Dress Code

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students and their parents have the primary responsibility for acceptable student dress and appearance; however, student dress and appearance must be in accordance with the District Code of Conduct. The administration is authorized to take action in instances where individual dress does not meet these stated requirements (WAJ Board Policy #7312). Teachers and all other district personnel should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

Dress code requirements include the following:

- A. A student's dress and appearance shall be safe, appropriate and not disrupt or interfere with the educational process. This includes make-up, nails, costumes, jewelry and accoutrements such as hanging chains and tattoos.
- B. Students shall wear clothing and footwear that is safe and appropriate for school and school-related activities. Flip flops may not be worn on the playground or in physical education. Students may not wear footwear that has wheels.
- C. Appropriate protective gear may be required for instructional activities in some classes. (e.g. science lab, Family and Consumer Science, and Physical Education)
- D. Headwear may not be worn in the building during school hours. Only at the discretion of the building principal may it be allowed in school (e.g. religious purposes). Students may not wear any form of headphone(s) during the school hours of 8 AM to 2:45 PM or during school events detailed by administration, unless approved for instruction by the building principal or if there is an exception in a child's Individualized Education Plan (IEP).
- E. Underwear must be completely covered with outer clothing. All clothing shall be fastened appropriately.
- F. Garments that are extremely brief, revealing or see-through or that otherwise potentially expose private parts of the body or skin (e.g. midriff, buttocks, bare shoulders and/or backs) are not permitted. This includes tube tops, halters, spaghetti straps, backless shirts, shirts with plunging necklines, and extremely short skirts or shorts).
- G. A student's dress shall not include items that are vulgar, obscene, libelous or that denigrate others on account of race, color, religion, creed, national origin, gender, sexual orientation or disability.
- H. A student's dress shall not promote and / or endorse sexual activity of any kind, the use of alcohol, tobacco or illegal drugs and / or encourage other illegal, violent or gang activities. This includes depictions of guns, knives, and other weapons. See § XVI (B) (4) of this manual.
- I. Appropriate attire that adheres to the dress code must be worn at all school events. This includes dances, concerts, athletic practices and contests, inductions, and graduations. Exceptions may be made by the building principal for formal events like the prom.
- J. Students may not conceal their identity with hoods or masks at any time during the school day.

VI. Alcohol, Tobacco, and Other Substances

- A. The consumption, sharing, and/or selling, use and/or possession of alcoholic beverages, tobacco products, illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of such drugs is prohibited at any school-sponsored event or on school property at all times (WAJ Board Policy #7320), this includes, but is not limited to cigarettes, cigars, e-cigarettes and/or vaping devices. The inappropriate use of prescription and over-the-counter drugs shall also be disallowed. Students in violation of this policy will be suspended (ISS / OSS) and law enforcement will be notified if it is determined that a crime has been committed.
- B. Any student caught with tobacco products on school property, or found using tobacco products, will be suspended (ISS / OSS) in accordance with the Student Code of Conduct. (WAJ Board Policy #5640)
- C. Persons shall be banned from entering school grounds or school-sponsored events when exhibiting behavioral, personal or physical characteristics indicative of having used or consumed alcohol or other substances (WAJ Board Policy #7320).

VII. Weapons

The possession of a weapon on school property, in District vehicles, in school buildings, or at school-sponsored activities or settings under the control and supervision of the District, regardless of location, is strictly prohibited, except by law enforcement personnel. Any person possessing a weapon for educational purposes in any school building must have written authorization of the Superintendent of Schools or his/her designee. (WAJ Board Policy #7360)

It shall be unlawful for any person to knowingly possess any air-gun, spring-gun or other instrument or weapon in which the propelling force is a spring, air, piston, or CO₂ cartridge upon school grounds or in any District building without the express written authorization of the Superintendent or his/her designee. (WAJ Board Policy #3411)

For a detailed definition of “weapon” or “firearm,” see Section II, (g), (h) above.

Authorized law enforcement officers are the only people permitted on school property to have a weapon in their possession. Prior approval from the building principal must be granted before a prop resembling a weapon can be used in a drama production or classroom presentation, or before a weapon, without ammunition, can be used in a demonstration of school property. See also WAJ Board Policy #7361, “Gun-Free Schools.”

VIII. Freedom from Harassment and Discrimination

The Board of Education is committed to nondiscrimination and recognizes its responsibility to provide an environment that is free of harassment and intimidation. Harassment is a violation of law and stands in direct opposition to district policy (WAJ Board Policy #3420). Therefore, the Board prohibits and condemns all forms of harassment on the basis of race, color, creed, religion,

national origin, political affiliation, sex, sexual orientation (WAJ Board Policy #7551), age, marital (WAJ Board Policy #7150), military, or veteran status, or disability.

The Board also prohibits harassment based on an individual's opposition to discrimination or participation in a related investigation or complaint proceeding under the anti-discrimination statutes.

Any student who believes he/she has been a victim of harassment in the school environment and/or at programs, activities and events under the control and supervision of the district, as well as any individual who is aware of and/or who has knowledge or, or witnesses any possible occurrence of harassment, should report these incidents immediately to the building principal or any other district administrator.

In compliance with *The Dignity for All Students Act* (effective July 1, 2012), WAJ prohibits student harassment by school employees or students on school property or at a school function. This prohibition extends to cyberbullying: verbal or written threats through an internet service such as e-mail, chat room, discussion group, instant messaging, or social networking sites on or off school property.

Any person having reasonable cause to suspect that a student has been subjected to discrimination or harassment, who acts reasonably and in good faith in reporting such information or initiates informal or formal proceedings, has immunity from any civil liability that may arise. No school district or employee may take, request or cause retaliatory action against a person who, acting reasonably and in good faith, makes a report or initiates informal or formal proceedings.

IX. Sexual Harassment of Students (WAJ Board Policy #7551)

The Board of Education affirms its commitment to non-discrimination and recognizes its responsibility to provide for all District students an environment that is free of sexual harassment and intimidation. Sexual harassment is a violation of law and stands in direct opposition to District policy. Therefore, the Board prohibits and condemns all forms of sexual harassment by employees, school volunteers, students, and non-employees such as contractors, vendors which occur on school grounds and at all school-sponsored events, programs and activities including those that take place at location off school premises. Generally, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communication of a sexual nature when:

1. Submission to or rejection of such sexually harassing conduct and/or communication by a student affects decisions regarding any aspect of the student's education, including participation in school-sponsored activities;
2. Conditions exist within the school environment that allow or foster obscene pictures, lewd jokes, sexual advances, requests for sexual favors or other harassing activities of a sexual nature; and
3. Such conduct and/or communication has the purpose or effect of substantially or unreasonably interfering with a student's academic performance or participation in

an educational or extracurricular activity, or creating an intimidating, hostile or offensive learning environment; and/or effectively bars the student's access to an educational opportunity or benefit.

X. Student Safety: Prevention of School Violence and Bullying

The Windham-Ashland-Jewett Central School District is committed to the prevention of violence against any individual or property in the schools or at the school activities whether such acts and/or threats of violence are made by students, staff, or others. Threats of violence against students, school personnel and/or school property will not be tolerated whether or not such threats occur on school grounds or during the school day. (WAJ Board Policy #3412)

The Windham-Ashland-Jewett Central School also complies with *The Dignity for All Students Act (effective July 1, 2012)* which outlines procedures for the creation of school environments free of discrimination and harassment. To assure compliance with this law, the district has implemented the Olweus Bullying Prevention Program. According to Olweus, "bullying is when someone repeatedly and on purpose says or does mean or hurtful things to another person who has a hard time defending himself or herself." This can be done directly or indirectly and can be physical, social, emotional, or through electronics (cyber bullying). The district is committed to educating students about bullying and ensuring compliance among all students, staff, and parents. To achieve this goal, it has developed a district-level Bullying Prevention Committee that includes members from all stakeholder groups: administrators, parents, community members, bus drivers, custodians, counselors, school psychologists, Green County Mental Health Staff, teachers, and teaching assistants.

XI. Disruptive Student

For the purpose of this Code of Conduct, a disruptive student is any elementary or secondary student under the age of 21 who is substantially disruptive of the education process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a staff member's authority occurs when a student demonstrates a persistent unwillingness to comply with instruction or the respective school activity, or repeatedly violates the rules for behavior.

XII. Student Conduct on School Buses

The Board of Education believes it is crucial for students to behave appropriately on district school buses. (WAJ Board Policy #5750, #7340). Appropriate behavior is to ensure the safety of all passengers and not to distract the bus driver. In accordance with district guidelines and educational law, transportation is provided to district residents. While the law requires the district to furnish transportation for such students, it does not relieve parents(s) or guardian(s) of the responsibility of supervision until the child boards the bus in the morning and after the child leaves the bus at the end of the school day.

The student who is granted the privilege of riding a school bus will be held accountable for their actions while on the school bus. All of the rules delineated in the student Code of Conduct apply to the student as well as those specific to district transportation outlined below:

1. Student will be ready when the bus arrives at the stop.
2. Students will enter and leave a bus only when it has come to a complete stop.
3. Students must obey the instructions of the bus drivers at all times.
4. When exiting the bus, the students must pass in front of the bus. In crossing the street to board a bus, or after disembarking a stopped bus, students must cross at least 10 feet in front of the bus, in full view of the driver.
5. Students must conduct themselves in a manner that will not interfere with the safe operation of the bus and, subsequently, the safety and well-being of the passengers.
6. Leaving a seat while the bus is in motion, extending any part of one's body out of the school bus window, occupying a position on the bus that interferes with the driver's vision or operation of the bus, throwing anything on the bus or out of its doors or window is not acceptable.
7. No student will be allowed to ride a school bus from school to a destination other than his/her home without written permission from his/her parent(s) or guardian(s). This destination would be for long-term placements such as a babysitter, a relative's house, etc. Trips to birthday parties, scout meetings, or any other short-term one-time event will be the parent's responsibility. The form for the bus note / change in transportation request can be found in Appendix M.
8. Students will not have in their possession any of the following:
 - a. Animals
 - b. Glass containers
 - c. Bulky or unsafe items such as snowboards and skateboards.

Within the limits of the philosophy of these regulations regarding the safety and conduct of students on school buses, the bus driver will have the authority to give directions, arrange seating, and implement rules for the safe and orderly conduct of students. Parents are reminded that riding the bus is a privilege extended by the school district and that behavior that is prohibited by this regulation is subject to the school Code of Conduct and could result in the revocation of bus privileges. (WAJ Board Policy #7340)

XIII. Discipline of Students on School Buses

If a student's conduct on a school bus, according to the bus driver, is disruptive and jeopardizes the safety and orderly transportation of passengers, the driver will first make an attempt to correct any discipline problems by asking the student to behave and, if necessary, assigning seats to certain students. If this is not successful in improving the student's behavior, the district may impose disciplinary actions as follows:

1. The student and/or his/her parent(s) are given the opportunity to appear informally before the building principal to discuss the factual situation underlying the impending discipline.
2. Depending on the severity and/or number of the infractions committed by a student, a variety of corrective measures may be imposed. Consequences may include, but are not

limited to, verbal reprimand/parent conference, detention, extended detention, In-school suspension, and out-of-school suspension and/or suspension or total exclusion from school-provided transportation.

3. In the event a suspension from transportation amounts to a suspension from school, the school district will make appropriate arrangements to provide for the student's education. Any such suspension will be in accordance with district policy and education law.

XIV. Electronic Devices (WAJ Board Policy #7314, #8271)

A. Electronic devices are instruments that can be used to transmit images, sound or information from one source to another. Cell phones, iPods, and MP3 players fall in this category. Such devices shall not be used during the school day from the official start time of the school day until school is dismissed, except when part of classroom instruction or as authorized by the building principal or a technology administrator.

B. Laptop computers, notebooks, PADs or any other hand-held computing devices brought from home may be used during school hours with the following restrictions:

1. The device can only be used for academic purposes under the direct supervision of a classroom teacher during the instructional period.
 2. The device can be used during lunch under the following conditions:
 - a. The student has permission from the building principal or a technology administrator.
 - b. The device is used in a location other than the cafeteria under the supervision of a classroom teacher.
 3. The device can be used in study hall under the following conditions:
 - a. The student has permission from the building principal or a technology administrator.
 - b. The building principal or technology administrator has notified the study hall teacher in advance that the student will be using the device in study hall.
 - c. The study hall teacher monitors the student's use of the device for academic purposes only.
 4. In order to bring a laptop, notebook, or IPAD to school for classroom use, a student must receive permission from the building principal or a technology administrator. The classroom teacher must also agree to supervise its use for academic purposes only. If a student's Individual Education Plan (IEP) makes provisions for an electronic device, it must still be used for academic purposes only under the direct supervision of a general or special education teacher or teaching assistant.
 5. WIFI is not available to students at WAJ. Accessing personal WIFI connections on any electronic device during the school hours is prohibited. If a student's Individual Education Plan (IEP) requires this resource, arrangements can be made through the Technology Department.
 6. Windham-Ashland-Jewett Central School is not responsible for the loss or damage to any personal electronic device brought to school.
- For a copy of WAJ's Technology / Acceptable Use Policy, see Appendix G.

XV. Student Behavior and Attendance at Extracurricular Activities

A. Expected Behavior / Conditions

Attending and experiencing extracurricular activities is a very important component of an educational experience. Students are reminded that while at these events, they are to behave in a manner that is representative of the high standards that are set at WAJ. Students are also expected to follow and are held accountable to the stipulations set forth in the Windham-Ashland-Jewett Central School Code of Conduct. (WAJ Board Policy # 7410).

B. Attendance: In order to attend an extracurricular event, a student must be in good standing.

1. Students who are suspended from school on a day of an athletic game or practice session, party, school dance, other school affair scheduled after regular school hours are not eligible for participation or attendance at such events. (WAJ Board Policy #7410)

2. In order for students to attend a school-sponsored function, it is necessary that students attend classes for at least one half (1/2) of the school day on the day of the activity, unless otherwise excused by the building administrator. One-half (1/2) of the school day is defined as follows: from 8:30 a.m. until noon or from noon until the end of the school day. (WAJ Board Policy #7410)

3. Students listed on the Academic Ineligibility list may not attend extracurricular events.

4. If a student fails to attend an assigned detention on the day of an event, he or she forfeits his ability to attend the event.

C. Dances: Attendance

Only Windham-Ashland-Jewett Central School students are allowed to attend school dances; however, pre-approved guests may attend ONLY if the Dance Guest Approval form has been completed and signed by students, parents, and principals in both school districts (if applicable). This form must be turned into the main office no later than two days prior to the event.

D. Dances: Procedures / Expectations

Upon arrival to a school-sponsored dance, students must sign in and out with the advisor or his/her designee. Once a student/person leaves the building, he/she may not return. Parents have a reasonable expectation that their son/daughter will attend the dance until the end time listed; therefore, if a student wishes to leave a dance early, he/she must have a parent make verbal contact (via cell phone) to the building principal or advisor or his/her designee before leaving the dance.

X. Loitering/Trespassing/Supervision of Students

Loitering is remaining in or near the school building and grounds with no reason for being there and with no authority or written permission to remain.

A person is suspected of loitering/trespassing when he/she remains in or about the school building or grounds, buses, or at a school sponsored event; not having any reason or relationship involving custody or, or responsibility for, a student or any other specific legitimate reason for being there and not having

written permission from an authorized school official for being there. (Section 240.35 of the State Penal Law)

District personnel will be fully responsible for the supervision of all students in either their class or their after school activities. (WAJ Board Policy #7570)

Students working on any activity must be supervised by the teacher or staff member in charge of the activity. This applies to all school and extracurricular activities as well as sports activities and events. Permission to hold practices or meeting must not be granted unless a teacher or staff member is definitely in charge. (WAJ Board Policy #7570).

Students are only authorized to be in locker rooms immediately before or after their assigned physical education class. In addition, students may access locker rooms to change for sports practices and games. If a student needs to access a locker room at any other time, written permission must be obtained from a staff member. Unauthorized access to locker rooms shall be considered trespassing. Students *must keep their lockers locked at all times*. This is especially important during the time that they are attending physical education class. The school is not responsible for items that are lost or stolen as a result of a student's failure to properly secure personal property.

Coaches will maintain supervision over the dressing rooms by personally being present during the dressing periods. Coaches are responsible for the supervision of their athletes at the end of practice. This may entail bus duty, or making sure the students have transportation home. (WAJ Board Policy #7570)

XVI. Prohibited Student Conduct

The Board of Education expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, district personnel and other members of the school community, and for the care of school facilities and equipment.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as consequences of their misbehavior. District personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The Board recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

Students may be subject to disciplinary action, up to and including suspension from school, when they:

A. ***Engage in conduct that is disorderly.*** Examples of disorderly conduct include, but are not limited to:

1. Using language or gestures that are profane, lewd, vulgar or abusive.

2. Running in the hallways.
 3. Making unreasonable noise.
 4. Engaging in any willful act, which disrupts the normal operation of the school community.
 5. Trespassing. Students are not permitted in the school building without permission from the administrator in charge of the building.
 6. Computer/electronic communication misuse, including any unauthorized use of computers, software, internet/intranet account; accessing inappropriate websites; or any other violation of the district's acceptable use technology policy.
 7. Using cellular phones, headphones, iPods, MP3 players, notebooks, iPads, or laptop computers (excluding necessary educational tools required by classroom teacher) without the permission of building principal or technology administrator.
 8. Public displays of affection such as kissing, holding hands, or inappropriate touching.
- B. ***Engage in conduct that is insubordinate.*** Examples of insubordinate conduct include, but are not limited to:
1. Failing to comply with the reasonable directions of teachers, school administrators or other school employees in charge of students or otherwise demonstrating disrespect.
 2. Lateness to school, missing or leaving school without permission.
 3. Skipping detention.
 4. Wearing headphones during the school day.
 5. Using cell phones, iPods, MP3 Players, or any other electronic device—especially after a warning has already been given.
 6. Continuing behavior that has been indicated as inappropriate in the past.
- C. ***Engage in conduct that is disruptive.*** Examples of disruptive conduct include, but are not limited to:
1. Failing to comply with the reasonable directions of teachers, school administrators or other school personnel in charge of students.
 2. Causing a public scene, which distracts students or undermines the learning environment.
- D. ***Engage in conduct that is violent.*** Examples of violent conduct include, but are not limited to:
1. Committing an act of violence (such as hitting, kicking, punching, and scratching) upon a teacher, administrator or other school employee or attempting to do so.
 2. Committing an act of violence (such as hitting, kicking, punching, and scratching) upon another student or any other person lawfully on school property or attempting to do so.
 3. Possessing a weapon. Authorized law enforcement officials are the only persons permitted to have a weapon in their possession while on school property or at a school function.
 4. Displaying what appears to be a weapon.

5. Threatening to use any weapon.
6. Intentionally damaging or destroying the personal property of a student, teacher, administrator, other district employee or any person lawfully on school property, including graffiti or arson.
7. Intentionally damaging or destroying school district property. (WAJ Board Policy # 7311)
8. Hazing, which includes any intentional or reckless act directed against another or the purpose of initiation into, affiliating with or maintaining membership in any school sponsored activity, organization, club or team.
9. Threatening verbally or in writing to harm a school employee.

E. *Engage in any conduct that endangers the safety, morals, health or welfare of others.*

Examples of such conduct include, but are not limited to:

1. Lying to or attempting to deceive school personnel.
2. Stealing the property of other students, school personnel or any other person lawfully on school property or attending a school function.
3. Defamation, which includes making false or unprivileged statements of representations about an individual or identifiable group of individuals that harm the reputation of the person or the identifiable group by demeaning them.
4. Discrimination, which includes the use of race, color, creed, national origin, religion, gender, sexual orientation or disability as a bias for treating another in a negative manner.
5. Harassment, which includes a sufficiently severe action or a persistent, pervasive pattern or actions or statements directed at an identifiable individual or group which are intended to be or which a reasonable person would perceive as ridiculing or demeaning.
6. Intimidation, which includes engaging in actions or statements that put an individual in fear of bodily harm.
7. Selling, using or possessing obscene material.
8. Using vulgar or abusive language, cursing or swearing.
9. Smoking a cigarette, vaping, e-cigarettes, cigar, pipe or using chewing or smokeless tobacco, steroids, look-alike drugs, and any substances commonly referred to as "designer."
10. Possessing, consuming, selling, distributing or exchanging alcoholic beverages or illegal substances, or being under the influence of either. "Illegal substances" include, but are not limited to, inhalants, marijuana, cocaine, LSD, PCP, amphetamines, heroin drugs."
11. Inappropriately using or sharing prescription and over-the counter drugs.
12. Gambling
13. Exposure to sight of the private parts of the body. This includes sexting, participation and/or possession as a recipient of sexting.
14. Initiating a report warning of fire, bomb, or other catastrophe without valid cause, misuse of 911, or discharging a fire extinguisher.
15. Possessing, consuming or distributing vitamins or energy supplements. This includes, but is not limited to, sports supplements, creatine, or caffeine tablets.
16. Attending or participating in an unofficial senior skip day. Students who attend or participate in an unofficial senior skip day will be issued consequences at the discretion of the high school principal. Such an absence will be marked unexcused and

parents/guardians will not be afforded the option to write a note stating that the student has permission to attend an activity of this nature.

17. Attending or participating in a disruptive senior prank. The district will not tolerate any potentially dangerous or disruptive senior pranks. Consequences will be given by the high school principal to students who attend or participate in any such behavior. Law Enforcement officials will also be notified if necessary.

F. ***Engage in misconduct while on a school bus.*** It is crucial for students to behave appropriately while riding on district buses to ensure their safety and that of other passengers and to avoid distracting the bus driver. Students are required to conduct themselves on the bus in a manner consistent with established standards for classroom behavior. Excessive noise, pushing, shoving and fighting will not be tolerated.

G. ***Engage in any form of academic misconduct.*** Examples of academic misconduct include, but are not limited to:

1. Plagiarism.
2. Cheating.
3. Copying.
4. Altering records.
5. Assisting another student in any of the above actions.

H. ***Engage in any conduct that violates the Windham-Ashland-Jewett Central School's Anti-Harassment in the School District policy*** (WAJ Board Policy #3420). The Board prohibits and condemns all forms of harassment on the basis of race, color, creed, religion, national origin, political affiliation, sex, sexual orientation, age, marital, military, or veteran status, or disability. The Board also prohibits harassment based on an individual's opposition to discrimination or participation in a related investigation or complaint proceeding under the anti-discrimination statutes.

I. ***Engage in use of tobacco or drugs.*** Windham-Ashland-Jewett Central School is a Drug-Free School Zone. The school district works with the community and law enforcement officials to protect all public areas (not just school property) where children are known to congregate. The Drug-free zone designates an area around our school where students should be able to play and talk without being threatened by drug activity. State and federal law increases the penalties for drug-related activities in a drug-free school zone.

For a more detailed explanation of the district's policy on alcohol, tobacco and other substances, see section VI above.

XVII. Reporting Violations

All students are expected to promptly report violations of the code of conduct to a teacher, guidance counselor, the building principal or his or her designee. Any student observing a student possessing a weapon, alcohol or illegal substance on school property or at a school function shall report this information to a teacher, the building principal, assistant principal, guidance counselor or the superintendent.

Any weapon, alcohol or illegal substance found shall be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral for prosecution.

The principal must notify the appropriate law enforcement agency of those code violations that constitute a crime and substantially affect the order or security of a school as soon as practical.

The district may file a PINS (persons in need of supervision) petition in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:

1. Being habitually truant and not attending school as required by part one of Article 65 of the Education Law.
2. Engaging in an ongoing or continual course of conduct, which makes the student ungovernable, or habitually disobedient, and beyond the lawful control of the school.
3. Knowingly and unlawfully possesses marijuana in violation of Penal Law §221.05. A single violation of §221.05 will be sufficient basis for filing a PINS petition.

The Superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

- A. Any student under the age of 16 who is found to have brought a weapon to school or
- B. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedures Law §1.20 (42).

XVIII. Disciplinary Infractions, Penalties, Procedures, and Referrals

A. Procedures and Referrals

Disciplinary action will be firm, fair, and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances, which led to the offense
3. The student's prior disciplinary record.
4. Other extenuating circumstances.

Except in cases of gross misconduct, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations. A student identified as having a disability may be subject to a "Nexus" hearing prior to proceeding to the penalty phase.

The classroom teacher is required to handle discipline matters in his/her classroom. When all attempts by the classroom teacher to resolve the situation have failed, the teacher will notify the principal's office that he/she is sending a student for disciplinary reasons. In the case of serious disciplinary situations, the teacher will notify the main office. If needed, the principal will report to the classroom to escort the student to the office.

Due Process: The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty. Decisions will be based upon a preponderance of evidence.

A copy of each referral and resulting administrative action is sent to the parent(s), referring faculty member, and the student's discipline file.

B. Penalties: Definitions

REPRIMAND /WARNING	► Means warning given by staff member or principal (Written or Verbal)
DETENTION	► Means students may be detained after school by teachers or at the discretion of an administrator. (Failure to report as assigned may result in an added penalty, E.g. reassignment of detention PLUS Extended Detention.) Main Office detention will be held Tuesdays, Wednesdays, and Thursdays 3:00-4:00.
EXTENDED DETENTION	► Means students may be detained by an administrator into the evening hours. (Failure to report as assigned may result in out-of-school suspension and reassignment of extended detention.) Transportation from extended detention is the parent's responsibility. Detention will be held on Tuesdays and Thursdays from 3:00-5:00.
SUSPENSION FROM TRANSPORTATION	► Means student may have their riding privileges suspended by an administrator or Director of Transportation. Parents will have the responsibility of transporting student to school.
SUSPENSION FROM ATHLETIC PARTICIPATION	► Means students may have their athletic privileges suspended by an administrator, athletic director or coach.
SUSPENSION FROM EXTRACURRICULAR ACTIVITIES	► Means students may have their extracurricular privileges suspended by an administrator or activity advisor.
REMOVAL FROM CLASSROOM BY TEACHER	► Means the student is removed from the classroom environment by the teacher with notice given to the administrator. The student will then be under the supervision of the administrator or support services personnel.
IN-SCHOOL SUSPENSION	► Means a quiet supervised learning environment in which the student suspended by an administrator is not in contact with other students within the school setting. Students are prohibited from participating in any activities related to school or from appearing on school property at any time during the period of suspension.
OUT-OF SCHOOL SUSPENSION	► Means removal from school by an administrator with the cooperation of parents and/or person in a parental relationship. A parent conference may be required when a student returns to school after a suspension. Alternative education (tutoring) for a suspended student less than 16 years of age will be arranged by the school district if the parents agree. The principal can suspend a student from one to five days. The superintendent can suspend for more than five days. Students are responsible for making up work missed as a result of a suspension. Students are prohibited from participating in any activities related to school or from appearing on school property at any time during the period of suspension.

SUPERINTENDENT'S
HEARING

- Means a hearing before the superintendent or his appointed hearing officer. This is invoked as needed following flagrant or repeated violations of the Code of Conduct. The student has the right to be represented by an attorney or designee; the right to present witnesses and other evidence in his/her behalf, and the right to cross-examine opposing witnesses.

EXPULSION / PERMANENT
REMOVAL

- Means the student is permanently removed from school by the superintendent.

C. INFRACTIONS / PENALTIES	1st Offense	2nd Offense
Being in any school area without an appropriate pass	1-7	2,3,4,6,8,12,13
Tardiness	1-7	2, 3, 4, 6, 8, 9, 12, 13
Unexcused absence from class	2-4, 6,	4, 6-9, 12, 13
Bus Offenses	5, 9, 11, 12, 13, 17,	6-14, 17
Motorized Vehicle Offense	5, 6, 8, 9, 11,	6, 8, 9, 14,
Disrespectful language / gesture	1-3, 6, 8, 9, 12, 13,	5-9, 11, 12, 13,
Inappropriate attire	5,	6, 7, 8, 9,
Refusal to follow reasonable requests	5, 6-10, 12, 13,	6-10,11-13
Disorderly conduct	1-3, 5, 6, 8, 9,	5-14
Tardiness to school	5, 6,	7, 8, 9, 12, 13,
Unexcused absences from school	6, 7, 8, 9,	7-13
Throwing food / objects in cafeteria	5-13	6-13
Theft	6-14	8-14
Extortion	7, 9-14	7, 9-14
Destruction of property	6-14	7-14
Harassment / Bullying (includes cyberbullying)	6-14	7-15
Forgery	6-14	6-14
Gambling	8-13	9-14
Academic misconduct	3-13	6-13
Blatant defiance of authority	6-14	7-14
Use or possession of tobacco products	7, 9, 11-13	7, 9, 11-13,
Leaving school without permission	6-9	6-13
Verbal threat to staff	6-14	6-14
Fighting - willing participant	7-14	7-14
Physical assault	9-15	9-15
False fire alarm / bomb threat	7, 11-15	7, 11-15
Weapons	7, 11-14	7, 11-15
Arson	7, 11-14	7, 11-15
Explosives	7, 11-14	7, 11-15
Drugs including alcohol possession, use and or sale of over the counter and prescription drugs	7, 11-14	7, 11-15
Personal Electronic equipment	6	8-13
Attending / participating in an unofficial senior skip day	7-9, 11-14, 16	7-9, 11-14, 16
Participating in a potentially dangerous or disruptive senior prank	7-9, 11-14, 16	7-9, 11-14, 16
Sexting (participation or possession)	7-11, 14,	7-11, 14,
Use/Possession of fireworks, stink bomb, incendiary device	7, 9, 11-13	7, 9, 11-13

- | | |
|--|---|
| 1. Verbal reprimand by teacher | 9. In-school suspension |
| 2. Teacher-selected alternative to detention | 10. Removal from class |
| 3. Teacher-given detention | 11. Out-of-school suspension |
| 4. In-class restriction – no passes | 12. Loss of some specified class privileges |
| 5. Administrative reprimand | 13. Loss of all school/class privileges |
| 6. Administrative-issued detention | 14. Police involvement |
| 7. Parent conference | 15. Referral to Response to Intervention Team |
| 8. Extended detention | 16. Prohibited from attending/participating in graduation |
| | 17. Loss of transportation privileges |

KEY

D. Suspensions (WAJ Board Policy #7313)

1. ***Suspension from transportation:*** If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building principal's attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the building principal or the superintendent or their designees. In such cases, the student's parent will become responsible for seeing that his or child gets to and from school safely.

2. ***Suspension from athletic participation, extracurricular activities, and other privileges:*** A student subjected to a suspension from athletic participation, extracurricular activities, or other privileges is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the suspension to discuss the conduct and the penalty involved.

3. ***In-school suspension:*** In-school suspension will be used as a lesser discipline to avoid an out-of-school suspension. The student shall be considered present for attendance purposes. The program is used to keep each student current with his/her classwork while attempting to reinforce acceptable behavior, attitudes and personal interaction. (WAJ Board Policy #7313)

4. ***Out-of-school suspension: - Five days or less:*** The principal shall have the power to suspend a student for a period not to exceed (5) school days. When the principal ("suspending authority") proposes to suspend a student for five (5) school days or less, the suspending authority shall provide the student with the notice of the charged misconduct. If the student denies the misconduct, the suspending authority shall provide an explanation of the basis for the suspension. When suspension of a student for a period of five (5) days or less is proposed, administration shall also immediately notify the parent/person in parental relation in writing that the student may be suspended from school. Written notice shall be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of such notice within twenty-four (24) hours of the decision to propose suspension at the last known address or addresses of the parents/persons in parental relation. Where possible, notification shall also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents/persons in parental relation. The notice shall provide a description of the incident(s) for which the suspension is proposed and shall inform the student and the parent/person in parental relation of their right to request an immediate informal conference with the principal in accordance with the provisions of Education Law Section 3214(3)(b). Both the notice and the informal conference shall be in the dominant language or mode of communication used by the parent/persons in parental relation. At the informal conference, the student and /or parent/person in parental relation shall be authorized to present the student's version of the event and to ask questions of the complaining witnesses. The notice and opportunity for informal conference shall take place prior to suspension of the student unless the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the

academic process, in which case the notice and opportunity for an informal conference shall take place soon after the suspension as is reasonable practical. (WAJ Board Policy # 7313)

5. Out-of-school suspension: More than five school days: In situations where the Superintendent determines that a suspension in excess of five (5) school days may be warranted, the student and parent/person in parental relation, upon reasonable notice, shall have had an opportunity for a fair hearing. At the hearing, the student shall have the right of representation by counsel, with the right to question witnesses against him/her, and the right to present witnesses and other evidence on his/her behalf. Where the basis for the suspension is, in whole or in part, the possession on school grounds or school property by the student of any firearm, rifle, shotgun, dagger, dangerous knife, dirk, razor, stiletto or any of the weapons, instruments or appliances specified in Penal Law Section 265.01, the hearing officer or Superintendent shall not be barred from considering the admissibility of such weapon, instrument or appliance as evidence, notwithstanding a determination by a court in a criminal or juvenile delinquency proceeding that the recovery of such weapon, instrument or appliance was the result of an unlawful search or seizure. (WAJ Board Policy # 7313)

6. Minimum periods of suspension: Pursuant to law, Commissioner's Regulations and the *District's Code of Conduct*, minimum periods of suspension shall be provided for the following prohibited conduct, subject to the requirements of federal and state law and regulations:

- a.) Consistent with federal Gun-Free School Act, any student who is determined to have brought a weapon to school or possessed a weapon on school premises shall be suspended for a period of not less than one (1) calendar year. However, the Superintendent has the authority to modify this suspension requirement on a case-by-case basis.
- b.) A minimum suspension period for students who repeatedly are substantially disruptive of the education process or substantially interfere with the teacher's authority over the classroom, provided that the suspending authority may reduce such period on a case-by-case basis to be consistent with any other state and federal law. The definition of "repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority" shall be determined in accordance with the Regulations of the Commissioner.
- c.) A minimum suspension period for acts that would qualify the student to be defined as a violent student pursuant to Education Law Section 3214(2-a)(a), provided that the suspending authority may reduce such period on a case-by-case basis to be consistent with any other state and federal law. (WAJ Board Policy #7313)

7. Appeals

The principal shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter, they must file a written appeal to the superintendent within five business days, unless they can show extraordinary circumstances precluding them from doing so. The superintendent shall issue a

written decision regarding the appeal within 10 business days of receiving the appeal. If the parents are not satisfied with the superintendent's decision, they must file a written appeal to the Board of Education with the district clerk within 10 business days of the date of the superintendent's decision, unless they can show extraordinary circumstances precluding them from doing so. Only final decisions of the Board may be appealed to the Commissioner within 30 days of the decision.

8. ***Exhaustion of Administrative Remedies:*** If a parent/person in parental relation wishes to appeal the decision of the principal, assistant superintendent, or superintendent to suspend a student from school, regardless of the length or the student's suspension, the parent/person in parental relation must appeal to the Board of Education prior to commencing an appeal to the Commissioner of Education.

E. Teacher Removal from Class

A student's behavior can affect the teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his or her composure and self-control in an alternative setting. Such practices may include, but are not limited to:

1. Short-term "time out" in another classroom or in an administrator's office.
2. Sending the student to the principal's office for the remainder of the period.
3. Sending the student to a guidance counselor or other district staff member for counseling.

Standard classroom management techniques such as these do not constitute disciplinary removals for the purposes of this code.

On occasion, a student's behavior may become disruptive. For purposes of this code of conduct, a disruptive student is an elementary or secondary student under the age of 21 who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher's instructions or repeatedly violates the teacher's classroom behavior rules.

1. A teacher removing a disruptive student from the classroom must inform the student and the principal or the principal's designee of the reasons for removal. The student must be given an opportunity to informally present the student's version of relevant events prior to the removal; however, if the teacher finds that the student's presence in the classroom poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, the teacher has 24 hours from the student's removal to provide the student the requisite explanation of the basis for removal and informal opportunity to be heard. The teacher must also meet with the principal as soon as possible to discuss the removal, but no later than the end of the school day. If the

principal is not available by the end of the school day, the teacher must meet with the principal prior to the beginning of classes on the next school day.

2. The principal, or the principal's designee, must inform the student's parents of the removal and the reasons therefore within 24 hours of the removal and, on request, give the student and the student's parents an opportunity for an informal conference with the principal or principal's designee to discuss the reason for the removal. The principal may require the teacher who ordered the removal to attend the informal conference. If the student denies the charges, the principal or the principal's designee must provide an explanation of the basis for the removal and an opportunity for the student and or the student's parents to present the student's version at an informal hearing to be held within 48 hours of the student's removal.
3. The principal or the principal's designee may set aside the teacher's disciplinary action upon a finding that the charges against the student are unsupported by unsubstantial evidence; or that the removal constitutes a violation of law; or that the conduct warrants suspension from school and a suspension will be imposed. The principal must make this determination by the close of business on the day after the 48 hour period for an informal hearing.
4. Students removed from a classroom by their teacher can return to the classroom only after the principal or the principal's designee determines whether or not to set aside the removal or the period of removal expires, whichever is less.
5. Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until he or she is permitted to return to the classroom.
6. Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement. Accordingly, no teacher may remove a student with a disability from his or her class until he or she has verified with the principal or the chairperson of the Committee on Special Education that a removal will not violate the student's rights under state or federal law or regulation.

XIX. Alternative Instruction

When a student of any age is removed from class by a teacher or when a student of compulsory attendance age is suspended from school pursuant to Education Law §3214, the district will take immediate steps to provide alternative means of instruction for the student.

XX. Discipline of Students with Disabilities

The Board recognizes that it may be necessary to invoke procedural protection prior to suspending, removing or otherwise disciplining students with disabilities to address disruptive or problem behavior. The board is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

The code of conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law regulations.

A. Authorized Suspensions or Removals of Students with Disabilities

1. For purposes of this section of the code of conduct, the following definitions apply.
 - a. A “suspension” means a suspension pursuant to Education Law § 3214.
 - b. A “removal” means a removal for disciplinary reasons from the student’s current educational placement other than a suspension and change in placement to an interim alternative educational setting (IAES) ordered by an impartial hearing officer because the student poses a risk of harm to himself or herself or others.
 - c. An “IAES” means a temporary educational placement for a period of up to 45 days, other than the student’s current placement at the time the behavior precipitating the IAES placement occurred, that enables the student to continue to progress in the general curriculum, although in another setting, to continue to receive those services and modifications, including those described on the student’s current individualized education program (IEP), that will enable the student to meet the goals set out in such IEP, and include services and modifications to address the behavior which precipitated the IAES placement that are designed to prevent the behavior from recurring.
2. School personnel may order the suspension or removal of a student with a disability from his or her current educational placement as follows:
 - a. The board, the district (BOCES) superintendent of schools or a building principal may order the placement of a student with a disability into an IAES, another setting or suspension for a period not to exceed five consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.
 - b. The superintendent may order the placement of a student with a disability into an IAES, another setting or suspension for up to 10 consecutive school days, inclusive of any period in which the student has been suspended or removed under subparagraph (a) above for the same behavior, if the superintendent determines that the student has engaged in behavior that warrants a suspension and the suspension or removal does not exceed the amount of time non-disabled students would be subject to suspension for the same behavior.
 - c. The superintendent may order additional suspensions of not more than 10 consecutive school days in the same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement.
 - d. The superintendent may order the placement of a student with a disability in an IAES to be determined by the committee on special education (CSE), for the same amount of time that a student without a disability would be subject to discipline, but not more than 45 days, if the student carries or possesses a weapon to school or to a school function, or the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function.

- 1) "Weapon" means the same as "dangerous weapon" under 18 U.S.C. §930(g)(w) which includes "a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of causing death or serious bodily injury, except...[for] a pocket knife with a blade of less than 2 ½ inches in length."
- 2) "Controlled substance" means a drug or other substance identified in certain provisions of the federal Controlled Substance Act specified in both federal and state law and regulations applicable to this policy.
- 3) "Illegal drugs" means a controlled substance except for those legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or any other federal law.

3. Subject to specified conditions required by both federal and state law and regulations, an impartial hearing officer may order the placement of a student with a disability in an IAES setting for up to 45 days at a time, if maintaining the student in his or her current educational placement poses a risk of harm to the student or to others.

B. Change of Placement Rule

1. A disciplinary change in placement means a suspension or removal from a student's current educational placement that is either:
 - a. For more than 10 consecutive days; or
 - b. For a period of 10 consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than 10 school days in a school year and because of such factors as the length of each suspension or removal, the total amount of time the student is removed and the proximity of the suspensions or removals to one another.
2. School personnel may not suspend or remove a student with disabilities if imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspension or removal. However, the district may impose a suspension or removal, which would otherwise result in a disciplinary change in placement, based on a manifestation of the student's disability, or the student is placed in an IAES for behavior involving weapons, illegal drugs or controlled substances.

C. Special Rules Regarding the Suspension or Removal of Students with Disabilities

1. The district's Committee on Special Education shall:
 - a. Conduct functional behavioral assessments to determine why a student engages in a particular behavior, and develop or review behavioral intervention plans whenever the district is first suspending or removing a student with a disability for more than 10 school days in a school year of imposing a suspension or removal that constitutes a disciplinary change in

placement, including a change in placement to an IAES for misconduct involving weapons, illegal drugs or controlled substances.

- b. If subsequently, a student with a disability who has a behavioral intervention plan and who has been suspended or removed from his or her current educational placement for more than 10 school days in a school year is subjected to a suspension or removal that does not constitute a disciplinary change in placement, the members of the CSE shall review the behavioral intervention plan and its implementation to determine if modifications are necessary.
- c. If one or more members of the CSE believe that modifications are needed, the school district shall convene a meeting of the CSE to modify such plan and its implementation, to the extent the committee determines necessary.

2. A conduct manifestation determination review of the relationship between the student's disability and the behavior subject to disciplinary action whenever a decision is made to place a student in an IAES either for misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension that constitutes a disciplinary change in placement.

3. The parents of a student who is facing disciplinary action, but who has not been determined to be eligible for services under IDEA and Article 89 at the time of misconduct, shall have the right to invoke applicable procedural safeguards set forth in federal and state law and regulations if, in accordance with federal and state statutory and regulatory criteria, the school district is deemed to have had such knowledge, the student will be considered a student presumed to have a disability for discipline purposes.

- a. The superintendent, building principal or other school official imposing a suspension or removal shall be responsible for determining whether the student is a student presumed to have a disability.
- b. A student will not be considered a student presumed to have a disability for discipline purposes if, upon receipt of information supporting a claim that the district had knowledge the student was a student with a disability, the district either:
 - 1) Conducted an individual evaluation and determined that the student is not a student with a disability, or
 - 2) Determined that an evaluation was not necessary and provided notice to the parents of such determination, in the manner required by applicable law and regulations.

If there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other non-disabled student who engaged in comparable behaviors.

However, if a request for an individual evaluation is made while such non-disabled student is subjected to a disciplinary removal, an expedited evaluation shall be conducted and completed in the manner prescribed by applicable federal and state law and regulations. Until the expedited evaluation is completed, the non-disabled student who is not a student presumed to have a disability for discipline purposes shall remain in the educational placement determined by the district, which can include suspension.

4. The district shall provide parents with notice of disciplinary removal no later than the date in which a decision is made to change the placement of a student with a disability to an IAES for either misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his/her current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension or removal that constitutes a disciplinary change in placement. The procedural safeguards notice prescribed by the Commissioner shall accompany the notice of disciplinary removal.

5. The parents of a student with disabilities subjected to a suspension of five consecutive school days or less shall be provided with the same opportunity for and informal conference available to parents of non-disabled students under the Education Law.

6. Superintendent hearings on disciplinary charges against students with disabilities subject to a suspension of more than five school days shall be bifurcated into a guilt phase and a penalty phase in accordance with the procedures set forth in the Commissioner's regulations incorporated into this code.

7. The removal of a student with disabilities other than a suspension or placement in an IAES shall be conducted in accordance with the due process procedures applicable to such removals of non-disabled students, except that school personnel may not impose such removal for more than 10 consecutive days or for a period that would result in a disciplinary change in placement, unless the CSE has determined that the behavior is not a manifestation of the student's disability.

8. During any period of suspension or removal, including placement in an IAES, students with disabilities shall be provided services as required by the Commissioner's regulations incorporated into this code.

D. Expedited Due Process Hearings

1. An expedited due process hearing shall be conducted in the manner specified by the Commissioner's regulations incorporated into this code, if:

The district requests such a hearing to obtain an order of an impartial hearing officer placing a student with a disability in an IAES where school personnel maintain that it is dangerous for the student to be in his or her current educational placement, or during the pendency of due process hearings where school personnel maintain that it is dangerous for the student to be in his or her current educational placement during such proceedings.

The parent requests such a hearing from a determination that the student's behavior was not a manifestation of the student's disability, or relating to any decision regarding placement, including but not limited to any decision to place the student in an IAES.

- a. During the pendency of an expedited due process hearing or appeal regarding the placement of a student in an IAES for behavior involving weapons, illegal drugs or controlled substance, or on grounds of dangerousness, or regarding a determination that the behavior is not a manifestation of the student's disability for a student who has been placed in an IAES, the student shall remain in the IAES pending the decision of the impartial hearing officer or until expiration of the IAES placement, whichever occurs first, unless the parents and the district agree otherwise.
- b. If school personnel propose to change the student's placement after expiration of an IAES placement, during the pendency of any proceeding to challenge the proposed change in placement, the student shall remain in the placement prior to removal to the IAES, except where the student is again placed in an IAES.
2. An expedited due process hearing shall be completed within 15 business days of receipt of the request for a hearing. Although the impartial hearing officer may grant specific extensions of such time period, he or she must mail a written decision to the district and the parents within five business days after the last hearing date, and in no event later than 45 calendar days after receipt of the request for a hearing, without exceptions or extensions.

E. Referral to law enforcement and judicial authorities

In accordance with the provisions of IDEA and its implementing regulations:

1. The district may report a crime committed by a child with a disability to appropriate authorities, and such action will not constitute a change of the student's placement.
2. The superintendent shall ensure that copies of the special education and disciplinary records of a student with disabilities are transmitted for consideration to the appropriate authorities to which a crime is reported.

XXI. Corporal Punishment

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any district employee is strictly forbidden; however, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:

1. Protect oneself, another student, teacher or any person from physical injury.
2. Protect the property of the school or others.
3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers and duties, if that student has refused to refrain from further disruptive acts. (WAJ Board Policy #7350)

The district will file all complaints about the use of corporal punishment with the commissioner of Education in accordance with Commissioner's regulations.

XXII. Comprehensive Attendance Policy

The Windham-Ashland-Jewett Central School Board of Education recognizes that student attendance is an important component of students' success. Numerous studies have shown the importance of the relationship between student attendance at school and academic achievement. Student interaction with teachers and other students in class helps to enhance

the academic learning experience and provides a basis by which students can demonstrate mastery of subject matter. Daily attendance creates an environment, which fosters subject competency, continuity of learning, and responsibility, all of which are integral to the education process. It also fosters and helps to build a positive work ethic and attitude, which will serve the student well in future careers.

For these reasons, the Windham-Ashland-Jewett Central School Attendance Policy takes into consideration class participation as a crucial component of student's grade. Active participation is an integral part of every course offered in school. Class participation shall be evaluated according to guidelines that will be clearly stated to students by their teachers at the beginning of each course. It should be clearly understood that excessive absences might result in the loss of course credit.

Comprehensive Attendance Policy (WAJ Board Policy #7110)

A. Objectives of the WAJ Comprehensive Attendance Policy are:

1. To accurately track the attendance, absence, tardiness and early departure of students to and from the school.
2. To ensure sufficient pupil attendance of classes so that pupils may achieve state-mandated education standards.
3. To track student location for safety reasons and to account to parents regarding the location of children during school hours.

B. Definitions: Whenever used within the Comprehensive Attendance Policy, the following terms shall mean:

1. *Scheduled instruction*: Every period that a pupil is scheduled to attend instructional or supervised study activities during the course of a school day during the school year.
2. *Absent*: The pupil is not present for the entire day/period of the pupil's scheduled instruction.
3. *Tardy*: The pupil arrives later than the starting time of the pupil's scheduled instruction.
4. *Early departure*: The pupil leaves prior to the end of the pupil's scheduled instruction.
5. *Excused*: Any absence, tardiness, or early departure for which the pupil has a valid school approved excuse on file at the school within five (5) days. Such excused, non-appearance shall include:
 - a) *Personal illness*
 - b) *Illness or death in the family*
 - c) *Religious observance*
 - d) *Quarantine*
 - e) *Required court appearance*
 - f) *Attendance at health clinics or other medical visits*
 - g) *Approved college visits*

- h) *Approved school-sponsored trips*
- i) *Military obligations*
- j) *Absences approved in advance by the building principal*
- k) *Other reasons approved by the Commissioner of Education*

An [excused] absence for which makeup work has been completed will not prevent loss of credit.

6. *Unexcused:* Any absence, tardiness, or early departure for which the pupil has no valid school approved excuse. Such unexcused non-appearance shall include shopping trips, family vacation, oversleeping, skipping class, and any other absence that is not excused.

7. If a note for absences/tardiness is not received within five (5) [school] days of the occurrence, it will be recorded as unexcused. If an absence is recorded as unexcused, the student may not be permitted to make up work missed and credit for the day's work may be denied. Telephone excuses by law are NOT considered legal and must be confirmed by a written excuse. A template for a written absence excuse can be found in Appendix N.

8. While absences due to vacations and non-school-related athletic competitions are unexcused, missed work will be accepted if the parent provides written permission to the building principal no less than five school days in advance. If the principal approves the request, the student may then get the missed work in advance from the teacher. The absence, however, will still be considered unexcused. The missed work must be submitted / made up immediately upon the return of the student to school, but no later than five days after the student's return to school.

C. Attendance Requirements

1. Attendance for Course Credit

a. In order to earn course credit, a student may not miss more than (10) ten days in a semester course or twenty (20) days in a two-semester course.

- 1.) For purposes of minimum attendance requirements, a student shall not be counted as present for a class if the student misses any part of class, whether through tardiness or early departure.
- 2.) Students of compulsory attendance age suspended from school instruction may not be marked as absent unless they fail to attend scheduled alternative education sessions.
- 3.) Students over the compulsory attendance age suspended from school instruction will be marked absent unless they have requested and been assigned alternative education. If alternative education has been assigned, only failure to attend scheduled alternative education shall count as an absence.

b. In order to prevent loss of credit for failure to attend, the district will take the following steps:

- 1.) The district shall notify the student and his/her parent(s) or persons in parental relation when the student accumulates unexcused absences at a rate that if continued will result in a loss of credit. Notification will be

made at the 3rd, 6th, and 10th unexcused absence for a semester course and at the 3rd, 6th, 10th, 14th, and 20th unexcused absence for a full year course. The notice will include the school's attendance for credit policy and the number of unexcused absences a student may accumulate before losing the right to earn credit, and the number of unexcused absences to date.

- 2.) An excused student absence, for which a student has performed any assigned make-up work, should not be counted as an absence for the purpose of determining a student's eligibility for course credit;
 - 3.) Where a student is in jeopardy of losing credit for excessive absences, the principal or his or her designee shall be responsible for reviewing attendance records and determining eligibility for makeup work for excused absences. This review will occur only upon request by the student. The student will be responsible for arranging makeup opportunities with their teachers.
- c. The pupil's parent or person in parental relation shall be notified of a pupil's unexcused absence, tardiness or early departure according to the following:
- 1.) Where a pupil has not been marked as present for the first period of scheduled instruction and the school has not been previously notified of the absence, the district shall attempt to contact the pupil's parent(s) or person in parental relation to learn the nature of the pupil's absence and notify the parent that the pupil has not arrived at school;
 - 2.) For every three unexcused absences, tardies, early departures, or any combination thereof, the pupil's parent(s) or persons in parental relation shall receive a notice containing the dates, times, and the nature of the pupil's unexcused nonpresence.
- d. Disciplinary Procedures
- The pupil may be subject to disciplinary procedure for unexcused absence, tardiness, or early departure. This may include verbal and written warnings, detentions, in-school suspensions, and loss of extra-curricular privileges, as described in the Code of Conduct.
- e. Incentives
- District teachers shall work with the building principal and attendance clerk to create and implement classroom-based and school-wide based programs for excellent attendance.
- f. Intervention Strategy Development
- The building principal shall meet at each marking period with the attendance clerk and teachers as he or she determines necessary to review student attendance records; address identified patterns of unexcused pupil absence, tardiness, and early departure; and review current intervention methods. Where the building principal determines that existing intervention policies or practices are insufficient, the building principal shall notify the Board of Education prior to its annual review of the building's attendance records, of

both insufficient practices and any proposed changes needing Board approval to implement.

g. Counseling

The District shall provide school counseling to students with chronic attendance problems.

h. Appeal Process

In the event there are unforeseen circumstances that reach beyond the scope of this policy, a process of appeal is available to evaluate each situation and determine impact on instruction as it relates to credit promotion.

A written request, including an explanation of the circumstances requiring an appeal must be received by the building principal no later than two (2) weeks prior to the end of each marking period. A committee consisting of the building principal, Director of Guidance, the school nurse, and a teacher representative will meet to discuss and evaluate the information provided. Parents may represent information provided from the written request in person at the meeting. A determination will be rendered and written notice provided within (5) five business days.

The Superintendent, CSE Chairperson, or other school official may sit in on an appeal or provide information or input when appropriate.

- i. The Board shall designate the Building Principal as the Attendance Supervision Officer. The Attendance Supervision Officer is responsible for reviewing pupil attendance records and initiating appropriate action to address unexcused pupil absence, tardiness and early departure consistent with the Comprehensive Attendance Policy.

XXIII. Released Time of Students (WAJ Board Policy # 7111)

A. Parents are urged to make appointments with physicians, dentist, special tutors, etc., *after school hours*. If a request is necessary, parents should make note of the date, time and reason for the release. **Children cannot be excused without advanced written request by parent/guardian, and must be released in care of parent/guardian, unless otherwise noted.** Written requests from the parent/guardian for the release of students generally will be honored. The appropriate time and reason for absence shall be recorded on the attendance record, using the procedures mandated by the state.

The building principal shall assume this responsibility or shall designate an individual to review and approve all requests.

B. Released Time for Religious Instruction: A student will be released for religious instruction for a maximum of one hour each week upon the presentation to his/her administrator of a parental request in writing.

C. Student Dismissal Precautions:

1. No student may be released from school to anyone other than the parent, guardian or child protective services personnel and law enforcement officers pursuant to law, unless the individual's name seeking release of the student appears on a list provided by the parent or guardian, or by verbal consent by custodial parent.

2. A student may be released to either parent unless a custodial parent supplies the Superintendent of Schools with a certified copy of a court order or divorce decree to the contrary.
3. The Superintendent shall develop procedures to enable parents and guardians to amend the list of persons authorized to obtain the release of their children.

XXIV. **Student Searches and Interrogations** (WAJ Board Policy #7330)

The Board of Education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district code of conduct. Students are not entitled to any sort of “Miranda”-type warning before being questioned by school officials, nor are school officials required to contact a student’s parent before questioning the student. However, school officials will tell all students why they are being questioned and will inform parents, as soon as reasonable, when a student is the subject of an investigation.

In addition, the Board authorized the superintendent, building principal, school nurse or any district security official to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the school violated the law or the district code of conduct.

Searches will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched, unless safety concerns require otherwise.

A. ***Student lockers, desks, and other school storage places:*** The rules of this code of conduct regarding searches of students and their belongings do not apply to student lockers, desks, and other school storage places. Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. This means that student lockers, desks, and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

B. ***Documentation of searches:*** The authorized school official conducting the search shall be responsible for promptly recording the following information about each search:

1. Name, age and grade of student searched
2. Reasons for the search
3. Name of any informant(s)
4. Purpose of search (that is, what item(s) were being sought)
5. Type and scope of search
6. Person conducting search and his or her title or position
7. Witness, if any, to the search
8. Time and location of search
9. Results of search (that is, what item(s) were found)
10. Disposition of items found
11. Time, manner, and results of parental notification

The building principal or the principal's designee shall be responsible for the custody, control and disposition of any illegal or dangerous item taken from a student. The principal or his or her designee shall clearly label each item taken from the student and retain control of the item(s), until the item is turned over to the police. The principal or his or her designee shall be responsible for personally delivering dangerous or illegal items to police authorities.

C. *Police involvement in searches and interrogations of students:* District officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. There are limitations to interview or search students in schools or at school functions, or to use school facilities in connection with police work. Police officials may enter school property or a school function to question or search a student or to conduct a formal investigation involving students when they have:

1. A search or an arrest warrant; or
2. Probable cause to believe a crime has been committed on school property or at a school function; or
3. Been invited by school officials.

Before police officials are permitted to question or search any student, the building principal or his or her designee shall first try to notify the student's parent to give the parent the opportunity to be present during the police questioning or search. If the student's parent cannot be contacted prior to the police questioning or search, the questioning or search shall not be conducted. The principal or designee will also be present during any police questioning or search of a student on school property or at a school function.

Students who are questioned by police officials on school property or at a school function will be afforded the same rights they have outside the school. This means:

1. They must be informed of their legal rights.
2. They may remain silent if they so desire.
3. They may request the presence of an attorney.

The District will refer all conduct issues, which may involve drug testing or body searches to the police and will not conduct such investigative procedures.

D. *Child Protective Services Investigations:* Consistent with the district's commitment to keep students safe from harm and obligation of school officials to report to Child Protective Services when they have reasonable cause to suspect that a student has been abused or maltreated, the district will cooperate with local Child Protective Services workers who wish to conduct interviews of students on school property relating to allegations of suspected child abuse, and/or neglect, or custody investigations.

All requests by Child Protective Services to interview a student on school property shall be made directly to building principal or his or her designee. The principal or his or her designee shall set the time and place of the interview. A school official will be present during all interviews. If the nature of the allegations is such that it may be necessary for the student to remove any of his or her clothing in order for the Child Protective Services worker to verify the allegations, the school nurse or other district medical personnel will conduct the exam and will inform the agent of the results.

A Child Protective Services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger of abuse if he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent's consent. Child Protective Services must inform a parent within 24 hours of an interview.

XXV. Visitors to School

The Board encourages parents and other district citizens to visit the district's school and classrooms to observe work of students, teachers, and other staff. Since schools are a place of work and learning, however, certain limits must be set for such visits. The building principal or his or her designee is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member or student of the school will be considered a visitor.
2. All visitors to the school must report to the office of the principal upon arrival at the school. There they will be required to sign the visitor's register and will be issued a visitor's pass which must be worn at all times while in the building. The visitor must return to the main office to sign out before leaving. (WAJ Board Policy #3210)
3. Visitors attending school functions that are open to the public, such as parent-teacher conferences, organization meetings, or public gatherings are not required to register at the main office.
4. Parents or citizens who wish to observe a classroom while school is in session are required to arrange such visits in advance with the classroom teacher(s), so that class disruption is kept to a minimum. Individuals must ask the principal in advance to observe classes.
5. Parents are encouraged to make "drop-offs" and "pick-ups" at the main entrance lobby before and after school. Unless they have an appointment and have signed in at the front desk, parents are not permitted in the hallways or classrooms prior to the start of school, during the school day or after the school day. Elementary teachers will escort their students to the main lobby where they can take the bus home or be released to the parent or his/her designee.
6. Teachers are expected not to take class time to discuss individual matters with visitors. Individuals wishing to speak with a teacher should make an appointment in advance. When a visitor shows up without an appointment, the principal will determine if the teacher is available to see the visitor.

XXVI. Volunteers

The Board recognizes the value of using school volunteers to support District instructional programs and extracurricular activities. The purpose of these volunteers will be to:

- A. Assist employees in providing more individualization and enrichment of instruction;
- B. Build an understanding of school programs among interested citizens, thus stimulating widespread involvement in a total educational process;
- C. Strengthen school/community relations through positive participation.

Volunteers are persons who are willing to donate their time and energies to assist superintendents, teachers, and other school personnel in implementing various phases of school programs. Volunteers shall serve in that capacity without compensation or employee benefits except for liability protection under the District's insurance program.

All volunteers must be cleared by administration prior to working with students. (WAJ Board Policy #3150) This does not apply to parent members of school-approved organizations (E.g. PTA, Booster Club, etc.) or classroom activities or extracurricular activities or organizations that utilize parent volunteers (E.g. Classroom parent, parents who assist class advisors, etc.).

XXVII. Public Conduct on School Property

The district is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this kind of environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, "public" shall mean all persons when on school property or attending a school function including students, teachers, and district personnel.

The restrictions on public conduct on school property and at school functions contained in this code are not intended to limit freedom of speech or peaceful assembly. The district recognizes that free inquiry and free expression are indispensable to the objectives of the district. The purpose of this code is to maintain public order and prevent abuse of the rights of others.

All persons on school property or attending a school function shall conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly attired for the purpose they are on school property.

A. Prohibited Conduct

No person, either alone or with others, shall:

1. Intentionally injure any person or threaten to do so.
2. Intentionally damage or destroy school district property or the personal property of a teacher, administrator, other district employee or any person lawfully on school property, including graffiti or arson.
3. Disrupt the orderly conduct of classes, school programs or other school activities.
4. Distribute or wear materials on school grounds or at school functions that are obscene, advocate illegal action, appear libelous, obstruct the rights of others, or are disruptive to the school program.
5. Intimidate, harass or discriminate against any person on the basis of race, color, creed, national origin, religion, age, gender, sexual orientation or disability.
6. Enter any portion of the school premises without authorization or remain in any building or facility after it is normally closed. Any unauthorized person on school property will be considered an intruder and will be asked to leave school premises immediately and will be subject to arrest and prosecution if he or she refuses. The Superintendent will be notified in such cases.
7. Obstruct the free movement of any person in any place to which this code applies.

8. Violate the traffic laws, parking regulations or other restrictions on vehicles.
9. Possess, consume, sell, distribute or exchange alcoholic beverages, controlled substances, or be under the influence of either on school property or at a school function.
10. Possess or use weapons in or on school property or at a school function, except in the case of law enforcement officers or except as specifically authorized by the school district.
11. Loiter on or about school property or at school functions.
12. Gamble on school property or at school functions.
13. Refuse to comply with any reasonable order of identifiable school district officials performing their duties.
14. Willfully incite others to commit any of the acts prohibited by this code.
15. Violate any federal or state statute, local ordinance or Board policy while on school property or while at a school function.

B. Penalties

Persons who violate this code shall be subject to the following penalties:

1. Visitors: Their authorization, if any, to remain on school grounds or at the school function shall be withdrawn and they shall be directed to leave the premises. If they refuse to leave, they shall be subject to ejection.
2. Students: They shall be subject to disciplinary action as the facts may warrant, in accordance with the due process requirements.

C. Enforcement

The building principal or his or her designee shall be responsible for enforcing the conduct required by this code.

When the building principal or his or her designee sees an individual engaged in prohibited conduct, which in his or her judgment does not pose any immediate threat of injury to persons or property, the principal or his or her designee shall tell the individual that the conduct is prohibited and attempt to persuade the individual to stop. If the person refuses to stop engaging in the prohibited conduct, or if the person's conduct poses an immediate threat of injury to persons or property, the principal or his or her designee shall have the individual removed immediately from school property or the school function. If necessary, local law enforcement authorities will be contacted to assist in removing the person.

The district shall initiate disciplinary action against any student or staff member, as appropriate, with the "Penalties" section above. In addition, the district reserves its right to pursue a civil or criminal action against any person violating the code.

XXVIII. Pets and Other Animals on School Property

In order to maintain a safe and healthy environment for students, staff, and visitors, permission to allow dogs and other animals on campus during the school day is prohibited unless permission is granted by the building principal and/or superintendent. Permission forms are located in the main office and must be submitted to the building principal. Proof of rabies shots

and up to date vaccination records must be submitted with the request. Additionally, the school nurse will need to rule out any allergy or other medical concerns for any students who will be in contact with the animal.

A service animal that has been trained to work with an individual with a disability will be permitted (per American with Disabilities Act, 28 C.F.R. Part 36); however, this allowance must be approved by the CSE Chairperson and the superintendent.

XXIX. Dissemination and Review of Code of Conduct

- A. The Board will work to ensure that the community is aware of the code of conduct by:
1. Providing copies of a summary of the code to all students at a general assembly held at the beginning of each school year.
 2. Making copies of the code available to all parents at the beginning of the school year.
 3. Making a copy of the code available on the school website: www.wajcs.org
 4. Providing all current teachers and other staff members with a copy of the code and a copy of any amendments to the code as soon as practicable after adoption.
 5. Providing all new employees with a copy of the current code of conduct when they are first hired.
 6. Making copies of the code available for review by students, parents, and other community members.

The Board will sponsor an in-service education program for all district staff members to ensure the effective implementation of the code of conduct. The superintendent may solicit the recommendations of the district staff, particularly teachers and administrators, regarding service programs pertaining to the management and discipline of students.

The Board may appoint an advisory committee to assist in reviewing the code and the district's response to the code of conduct violations. The committee will be made up of representatives of student, teacher, administrator, and parent organizations, school safety personnel and other school personnel.

Before adopting any revisions to the code, the board will hold at least one public hearing at which school personnel, parents, students, and any other interested party may participate. The code of conduct and any amendments to it will be filed with the Commissioner no later than 30 days after its adoption.

EMERGENCY SCHOOL CLOSINGS

During inclement weather, listen for the Global Connect automated phone call from the building principal. You may also listen to radio and television stations WRIP, WCKL, WGY, and WRGB for school closings. There may also be times when it is necessary to close school before the normal dismissal times. For the protection and safety of your children, it is necessary that your child knows, and can get to, an alternate residence if a responsible individual is not home during the day. These arrangements should be clear to both your child and the people expecting your child. PLEASE NOTE: When school is delayed, there is no BOCES transportation in the morning.

When school is closed, all related activities, including athletic events and student activities, will ordinarily be suspended for that day or evening. (WAJ School Policy #3510)

PARKING

On-campus parking is available to juniors and seniors in designated areas. To obtain a parking permit, students must complete the parking application, provide proof of insurance, provide a copy of a valid driver's license, and obtain parent and administrative permission. Students who have lost on-campus driving privileges may use the municipal parking lots which are located within the town, subject to the approval of controlling authorities. *Students are not permitted to return to or operate the vehicle until after the school day has ended.*

Students driving to and from school and parking on school grounds should note that this is a privilege, not a right, and can be lost if this policy or the Disciplinary Code is violated. (WAJ Board Policy #7341)

The Student Parking Permit Application / Vehicle Registration and WAJ Student Parking Regulations can be found in Appendix A.

(See also WAJ Board Policy #3290)

WORKING PAPERS

Working papers are needed by students between the ages of 14 and 18 in order to obtain employment. Working paper applications may be picked up in the main office.

- A physical examination is necessary in order to obtain working papers. The school nurse can help you arrange this examination.
- After parent/guardians complete the application form and a doctor completes the physical form, both forms are to be returned to the main office. Once the paperwork is complete, the Working Card will be issued.

WAJ COMMUNITY PLAYGROUND

The Creative Play Area is available for use with the following regulations:

- Hours of use-sunrise to sunset when school is not in session.
- A supervising adult must accompany children age 12 and younger. The use of the playground area by children is the responsibility of the supervising adult and not the school district.
- Throwing gravel and wood chips is prohibited.
- Climbing over handrails is prohibited.

- Alcoholic beverages and illegal drugs are prohibited.
- Glass containers are prohibited.
- Open-toed shoes are prohibited.

By observing these rules we help to ensure our children a safe and healthy play environment.

Please see Appendix K for playground rules used during the school day.

PASSES

Once the school day begins, except for the time between classes, students must use a pass when going from one place to another within the building. Passes will be issued, dated and signed by a teacher supervising the student. Study hall teachers have complete authority over whether or not to honor a pre-signed pass.

- If a student leaves a class or study hall, a pre-signed pass from an academic teacher is required in order for the student to leave study hall. Study hall teachers may NOT issue passes to any location in the building other than the restroom, nurse, guidance office, or main office.
- Students will not be excused from any classroom unless an emergency arises.
- Permission to go to the library will be granted by the classroom teacher, who will furnish the student with a pre-signed pass to use during a study hall. No student will go from the study hall to the library or from the study hall to another destination without first

reporting to the study hall teacher for permission to do so and properly signing out with the study hall teacher. Failure to follow this process will result in a disciplinary referral and loss of pass privileges.

- Students who abuse pass privileges will lose pass privileges and may be subject to additional disciplinary action.
- All students in the halls during school, except between periods and at dismissal, must have a pass stating the reasons for their being there.

STUDENT GUESTS AND VISITORS

Students' guests are not permitted on school grounds during the school day. All visitors must enter at the end of the school day unless previously approved by the principal or his/her designee. All visitors must sign in at the office upon entering the building.

NATIONAL HONOR SOCIETY

The National Honor Society and The Junior National Honor Society promote appropriate recognition for students who reflect outstanding accomplishments in the areas of scholarship, character, leadership, and service. Schools are chartered and their chapters follow the national constitution. (WAJ Board Policy #7430)

For information concerning requirement for membership in NHS or JNHS, see Appendix C.

ATHLETE'S CODE OF CONDUCT

It is an honor to be selected as a team member and to represent the Windham-Ashland-Jewett Central School District. Only those students in

good standing at Windham-Ashland-Jewett School may become a member of an athletic team. Students must recognize that participation in the athletic program is a privilege, not a right, and that this privilege can be denied. Thus, being an athlete presumes responsibility to yourself, your family, your teammates, your coaches, your school, and your community. (WAJ Board Policy #7410)

An athlete is expected to exhibit exemplary behavior in school, at home, at all contests, and in his/her personal life. Behavior reflecting discredit to oneself or the athletic program could lead to suspension or dismissal. Every athlete is expected to adhere to the Athlete's Code of Conduct. See Appendix B.

MONEY OWED BY STUDENTS

Any student who owes the school money for any reason: class projects, library fees, textbooks, or any other reason, must pay the money owed before requesting any school document (E.g. report card, transcript).

FIRE DRILLS

Fire drills, at regular intervals, are required by law, and are an important safety precaution. It is essential that when the fire alarm sounds, everybody obeys orders promptly and SILENTLY and clears the building by the prescribed route as quickly as possible. The teachers in each classroom will give the students instructions. WALK, DON'T RUN. All teachers must have a class list in their possession and take attendance as soon as they reach the designated location for safety.

Fire Drills are scheduled in accordance with WAJ Board Policy #5683.

LOCKS / LOCKERS

Lockers are assigned to students based upon their grade level. Students are required to use the school locks on their lockers unless other arrangements have been made with the building principal or CSE office. Students should not share their lockers with other students, nor should they give their combination to another student. Additionally, students have no reasonable expectation of privacy with respect to lockers and school officials retain complete control over them. This means that student lockers may be subject to search at any time by school officials, without prior notice to students and without their consent.

LOST AND FOUND

The school is not responsible for lost items. Students finding books, clothing, or other items should turn in these items to the main office. Students looking for lost items should check the main office as well.

POSTERS / FLYERS

Students and/or school organizations wishing to place posters on the walls in the corridors must have the posters approved by the building principal. Criteria include neatness, spelling, relevancy and good taste. Only flyers or posters for school-sponsored activities may be posted in the halls or sent home with students (WAJ Board Policy #3272). Community organizations may place flyers in the main lobby with the approval of the building principal.

LIBRARY

We are very proud of our Library and urge each student to take full advantage of the facility. It is open before school, during lunch and study halls, and after school on designated days at the

discretion of the librarian. During school hours, passes must be presented to gain entrance. The librarian has the authority to revoke library privileges at any time.

FIELD TRIPS

Field trips are an integral part of the school program. The Board of Education recognizes that field trips are an educationally sound and important ingredient in the instructional program of the schools (WAJ Board Policy #8460). When field trips are taken, it is imperative that the experience be a worthwhile one that will provide learning opportunity not similarly available in the regular classroom setting. This is extremely important, since many field trips cause students to miss classes other than the one pertinent to the trip. In order to permit sufficient preparation time for students and staff prior to the exam period at the end of the year, no field trips should be scheduled after June 1 in grades 7-12. Students are responsible for all work missed when they attend a field trip. No student will be allowed to attend a field trip if the required field trip form has not been completed, signed by a parent, returned to the teacher, and approved by the school nurse. The main office will retain copies of all field trip permission forms as an emergency back-up while the students are on the field trip.

LEGAL CUSTODY OF STUDENTS

Occasionally domestic problems involving child custody are brought to the attention of the school. School officials do not pass judgment in these cases. The responsibility of legal guardianship rests with the family and the courts. Legal documents must be on file with the main office if any restrictions have been established regarding a child's custody. The

district will not release information to anyone who is not legally entitled to receive such information; therefore, parents must make every effort to be sure the main office is provided with the most up-to-date legal documents as well as the names of authorized adults to whom the district may release the student or information about the student. This request must be made in writing and presented to the main office in person.

ACADEMIC INELIGIBILITY POLICY

Students in grades 7-12 who have grades below 65% or incompletes in two (2) or more subjects will be placed on INELIGIBILITY for a period of five (5) weeks.

For a copy of this policy, see Appendix D.

STUDENT HEALTH SERVICES

Student Illness: If a student is injured or ill, he/she should tell a teacher and ask for a pass to the nurse. If the nurse deems it necessary for the student to leave school, the parent or designee will be notified. Students and/or their parents must sign out through the main office.

The school nurse is authorized to administer emergency first aid. If an injury appears serious, the parents are notified and transportation to home or to the hospital is arranged. It is very important that the school be provided with completed *Emergency Information Authorization Form* for each student. This form must have all parent contact numbers as well as a parent designee in case the parent cannot be reached.

Medication: If a student needs to take any medication, PRESCRIPTION or NONPRESCRIPTION, during the school day, he/she must follow these rules:

- All medication to be given at school, including over the counter medication, must be brought to the health office by the parent, with a physician's prescription which indicates the frequency and dosage. The condition for which the child is being treated should also be noted. Medication must be in the original container prepared by the pharmacist or drug manufacturer.
- No student is permitted to carry medication on school grounds. Parents or parent designee MUST deliver and pick up any medication.
- There are special circumstances in which students are given permission to "self-carry" medications to use as needed. Approval from the school nurse and written prescriptions are required to "self-carry."
- **Students carrying medications (prescription and non-prescription) without proper authorization as stated above are subject to disciplinary action.**
(WAJ Board Policy #7513)

Health Insurance: The district carries a student accident insurance plan to *supplement* the insurance carried by the student's family. The policy covers all students enrolled in a regular school at no charge to the student or his/her family. The accident policy covers students while they are traveling to and from school, during the school day, or participating in any school-sponsored activity such as field trips or athletic events. Please remember that the policy does not cover all accidents that may occur. If your child is injured in any of the conditions described above,

please contact the nurse's office immediately. (WAJ Board Policy #7520)

Communicable Diseases: If your child contracts a communicable disease, you must notify the school nurse as soon as possible. A prompt report will help protect the health of the other students. If your child is contagious, he or she may be excluded from school. (WAJ Board Policy #5691)

Immunizations: State and Public Health Laws require that pupils must be immunized prior to entrance into public school. It is important that parents review immunization records to ensure that their child can enter school. (WAJ Board Policy #7511). Medical exemptions to immunizations must be reissued annually, identify the immunization exempted, the medical contraindication for the exemption, and the length of time immunizations is contraindicated. In addition, the medical exemption form must be signed by a physician licensed to practice in NYS. Please refer to the NYS Department of Health guidelines for minimum vaccination requirements for school attendance. (See Appendix M)

Students 11 years of age or older, entering 6th grade, must receive an immunization containing tetanus toxoids, diphtheria and acellular pertussis (Tdap).

CARDIAC AUTOMATED EXTERNAL DEFIBRILLATORS (AEDs)

WAJ provides and maintains on-site functional cardiac automated external defibrillators (AEDs) as defined by Public Health Law Section 300-b for use during emergencies. (WAJ Board Policy #5685)

REGISTRATION AND NEW STUDENTS

In order to register a child to attend the Windham-Ashland-Jewett Central School, the parent/guardian must bring the child's birth certificate, social security card, health record, and an authorized record of immunization to the guidance office. Furthermore, the parent/guardian needs to bring two proofs of residency. To be registered in Kindergarten, a child must be five years old before December 1st of the year the child is to enter kindergarten (WAJ Board Policy #7120, #7130). Each spring, the school district will notify parents via mail, radio, and newspaper regarding registration dates and times (WAJ Board Policy #7121).

ACADEMIC INTEGRITY

Students are expected to observe the district's standards of academic integrity. These are given in Appendix E. Failure to observe these standards may result in a range of penalties including grade reduction and school suspension. WAJ expects all students, parents, and faculty to promote academic integrity. This means that students are responsible for completing their own work, and teachers and parents are responsible for helping

students to access appropriate resources that allow them to internalize the skills and content knowledge taught in the classroom. Students learn more and attain a feeling of accomplishment through their own hard work and initiatives.

Knowing how to acknowledge sources when engaged in research is a very important part of academic integrity. Any time a source is directed quoted, paraphrased or summarized, the student must give credit to the author. Students should follow these rules of academic integrity:

- Do your own work.
- Don't let others use or copy: classwork, homework, quizzes, and tests. Others should not get credit for work that you have done.
- If you are helping someone, do not do the work for him or her.
- If you are working in a group, follow the teacher's directions on sharing work.
- Be truthful.
- If you are uncertain about the directions, ask the teacher for clarification.

Students who fail to follow these rules will face disciplinary consequences.

SENIOR PRIVILEGES

To be eligible for senior privileges, the senior must meet the following conditions:

- Have an overall average of 80% (including BOCES programs) at the end of each marking period.
- Not be on the Academic Ineligibility list at the end of the five or ten week period each marking period.
- Do not owe any detentions or other disciplinary consequences.
- Be in good disciplinary standing (no record of suspensions out of school).
- Maintain a 85% attendance rate.
- Return the Senior Privilege Contract (signed by senior and parent).

For more information about senior privileges, see Appendix F.

STUDENT SUPERVISION

Students are **NOT** permitted into the building until 7:30 AM unless prearranged with the Building Principal. Students must be supervised in school at all times. Students who walk to school or get dropped off at school must remain in the cafeteria until 7:45 a.m. when they can report to their classrooms. Under no circumstances should students report to class before 7:45. Likewise, students who get picked up after school must remain in the

cafeteria under the supervision of the monitor until their parents arrive.

PARENT TEACHER CONFERENCES

Report cards are distributed quarterly. Parent / Teacher conference dates are marked on the school calendar. We encourage parents to notify the teacher in writing or by phone or email whenever they feel any additional conferences are needed.

MORNING PROGRAM

Morning Program is a regularly scheduled assembly for grades PK-4 that provides a forum for elementary students.

Philosophy: We believe that academic success in school is closely linked to a student's positive self-concept. Therefore, starting the school day together on a positive note will install in each student positive feelings about school, themselves and each other.

Academics, citizenship, and positive interaction between students and staff will be the basis of the Morning Program. It is our purpose to instill a positive attitude that we belong and that we count through a variety of activities.

Goals: Children in the Morning Program will:

- Be happier about school learning.
- Feel that they are an important part of our school.

- Develop a positive self-concept.
- Take pride in their surroundings—whether they are classroom, school, home or community.
- Be exposed to a variety of positive experiences.

THE GOLDEN RULE

The two Golden Rules are:

1. Be kind to yourself and others.
2. Let others work and learn without being disturbed.

The students at WAJ are expected to learn and follow these rules to ensure a positive, productive learning environment.

HOMEWORK RECOMMENDATIONS

The Board of Education acknowledges the educational value of homework as an adjunct to and extension of the instructional program of the schools. (WAJ Board Policy #8440)

Please see Appendix L for recommendations from the Homework Taskforce for grades K-6.

PARENT TEACHER ASSOCIATION (PTA)

The Windham-Ashland-Jewett Central School has an active and committed PTA which works to support the school's mission statement. Parents are encouraged to attend PTA meetings which occur on the first Wednesdays of each month at 6:00 p.m. in the WAJ library. Parent involvement is a critical component in a child's success. The WAJ PTA provides a wide variety of ways for parents to be involved and support their child's school.

The Board of Education recognizes that the goal of the Parent-Teacher-Student Association is to

develop a united effort between educators and the general public to secure for every child the highest achievement in physical, academic, and social education (WAJ Board Policy #3250)

BOOSTER CLUBS

Booster clubs or other related organizations may be created to promote community support and to raise funds for specific school activities or programs. These groups must receive official Board approval and may not discriminate on the basis of sex, sexual orientation, color, national origin, ethnic background, disability, religion or any other arbitrary criteria.

Rules and regulations will be established to govern the activities of booster clubs and other related organizations. The Board further requires that:

1. Financial records be maintained and made available, upon request, for Board and/or public inspection;
2. Fundraising activities be approved in advance by the Superintendent; and
3. Groups wishing to make a contribution adhere to the District's policy and regulations regarding the acceptance of gifts. (WAJ Board Policy #5230)

The Board retains final responsibility and authority on all activities which have an impact on students, the school, school programs, and/or school-owned property. Violations to District policy or regulations may result in the dissolution of the club or organization. (WAJ Board Policy # 3260).

COMMUNITY USE OF SCHOOL FACILITIES

Any organization / person wishing to use the district facilities for any purpose must secure permission from the building principal and

Supervisor of Building and Grounds. This permission can be secured by submitting a *Building Use Request Form* to the main office. (WAJ Board Policy # 3280)

EDUCATION OF HOMELESS CHILDREN AND YOUTH

Homeless children and youth shall be educated as part of the school's regular academic program. All decisions regarding homeless children will be made in alliance with McKinney-Vento Homeless Education Assistance Act as reauthorized by the No Child Left Behind Act of 2001. (WAJ Board Policy #7131) Students who become homeless during their enrollment at WAJ are encouraged to see their school counselor or any other support personnel for assistance.

STUDENT BICYCLES

Students are permitted to ride bicycles to school. Bicycles must be parked and locked in the designated rack areas. While on school grounds, all bicycle riders should ride with caution. Any student found to be endangering the safety of himself/herself or others while riding a bicycle on school grounds will have his/her bicycle privileges denied. (WAJ Board Policy #7341)

CHILD ABUSE REPORTING

The Windham-Ashland-Jewett Central School District subscribes to all of the provisions of Title 6-Child Protective Services of the Social Services Law (Section 411-428). The district's purpose is to provide protective services to abused and maltreated children as described by the law, and to make school personnel within the District aware of the district's legal responsibilities under law to report all incidents of suspected abuse. (WAJ Board Policy #7530)

DISTRICT WELLNESS POLICY (WAJ Board Policy #7510)

The Windham-Ashland-Jewett Central School District believes in a Coordinated and Comprehensive approach to staff and student wellness that is sensitive to individual and community needs. To the end, the Board believes that children of all ages who are healthy individuals can learn more effectively and are more likely to complete their formal education. The Board also believes that a healthy staff can more effectively perform their assigned duties and model appropriate wellness behaviors for students. To that end, parents and staff are encouraged to make wise choices regarding food brought into school for student consumption.

Students' lifelong eating habits are greatly influenced by the types of foods and beverages available in their daily environment. In addition to ensuring that reimbursable school meals meet program requirements and nutrition standards, WAJ believes it must also establish standard guidelines to address ALL foods and beverages sold or served to students on the school campus, including those available outside of the school meal program.

- WAJ CSD shall prohibit the use of food as a punishment in schools and will be mindful of times when food is used as a reward in schools.
- WAJCSD shall not permanently deny student participation in recess or other physical activities as a form of discipline or for classroom make-up times.
- WAJCSD shall encourage parents, teachers, school administrators, students, foodservice professionals, and community members to serve as role models in practicing healthy eating and

being physically active, both in school and at home.

- Foods and beverages sold as part of school-sponsored fundraising activities shall include nutritious food choices.
- Refreshments served at celebrations and meeting during the school day shall include nutritious food choices.
- Food and beverages sold in concession stands on school campuses shall include nutritious food choices.

(For a more detailed description of this policy, please see WAJ Board Policy #7510.)

Student Driving

Driving and parking on school grounds is a privilege and not a right that is *only* authorized by the Building Principal. On-campus parking is available to juniors and seniors in designated areas. To obtain a parking permit, students must complete the parking application, provide proof of insurance, provide a copy of a valid driver's license, obtain parent and administrative permission. All other students or students who have lost on-campus parking privileges may use the municipal parking lots which are located within the town, subject to the approval of controlling authorities. **Students are not permitted to return to or operate the vehicle until after the school day has ended.**

Windham-Ashland-Jewett Central School Student Parking Regulations for Juniors & Seniors

1. Students must park in the designated areas only. Violations of this regulation will result in loss of parking privileges.
2. The student's car must be registered in their name or in the name of a family member. Proof of insurance must also be on file.
3. Students must have a valid Driver's License.
4. Students may not transfer the parking permit to another student. Violating this regulation will result in the loss of parking privileges.
5. If a student must leave early, they must sign out in the main office first.
6. Students may not loiter in the parking lot at any time during the school day.
7. Cars must be parked properly between the lines and in the assigned space.
8. Students must drive in a safe manner or be subject to consequences.

Index.....	16-21

Dear Parents/Guardians and Students,

Welcome to Windham-Ashland-Jewett's extracurricular and athletic program. This handbook is a reference for our students as well as their parents/guardians, including information pertaining to rules, regulations, responsibilities, and procedures for participation in our interscholastic athletics and extracurricular programs.

Being a member of a team or club is a privilege and an honor. As a student athlete and/or club member, you have committed yourself to the responsibilities and obligations that we know your parent(s)/guardian(s) support. Since you will be representing your FAMILY and your SCHOOL when participating in these activities, this contract explains what is expected of you.

WAJ students involved in athletics and extracurricular activities display academic responsibility, commitment, cooperation, empathy, respect, tolerance, and a host of other attributes that enable them to become well-rounded individuals.

WAJ club advisors make every effort to ensure activities are scheduled in coordination with the athletic director; however, it is important that students consider the feasibility of their commitment to multiple clubs and sports.

ELIGIBILITY Requirements:

- ❖ Contractual signatures of parental/guardian and student indicating consent and agreement to terms (WAJ BOE Policy §7410)
- ❖ Students must demonstrate good academic standing (passing all classes), demonstrate school citizenship, and maintain acceptable levels of attendance.
- ❖ Students having difficulty in their course work are expected to seek additional assistance and examine their level of participation in extracurricular and athletic activities. Our expectation is that students will be able to maintain their eligibility and complete the athletic season and/or activity as scheduled.
- ❖ A student who is under disciplinary action as prescribed or approved by the principal and/or superintendent, has failed to pass or progress as required each marking period, or does not meet attendance requirements shall be ineligible for participation in all athletic and extracurricular activities in accordance with school policies.

In order to participate in all athletic and extracurricular activities a student must:

- ❖ Not be failing or progressing unsatisfactorily in two or more credit-bearing or non-credit bearing courses at the end of each grade report period, including 5-week progress reports.
- ❖ Not be under disciplinary action prescribed or approved by the principal and/or superintendent.
- ❖ Meet attendance requirements
- ❖ Meet Academic Requirements

Athletes must also: (WAJ BOE Policy §7420)

- ❖ Pass the medical examination administered by the school physician/nurse practitioner or the student's personal physician. The school physician retains final approval on all physicals performed by the student's personal physician (WAJ BOE Policy §7512)
- ❖ Meet the requirements for interscholastic competition as set forth by the Commissioner's Regulations and the New York State Public High School Athletic Association.

ACADEMIC INELIGIBILITY: (WAJ BOE Policy §7410)

Situation

☐ Failing one course or earning grades below 70% in two or more courses

☐ Failing two or more courses

☐ Failing two or more courses after two week's probation

Remedial Effort

☐ Referred to coach or advisor if more courses will provide intervention counseling

☐ Must print current grades and submit to coach or advisor.

☐ Placed on probation for two weeks. During that time, he or she may continue to participate in meetings or practice, but cannot compete, perform, or attend club activity field trips.

☐ Must print current grades and submit to coach or advisor.

☐ Remains ineligible for another two weeks.

☐ Must print current grades and submit to coach or advisor.

Students with two or more failing grades must submit updated (current passing) grades within the 2-week probation period to be eligible for the third week.

Incomplete Grading Practice:

- ❖ An incomplete for grading and reporting purposes is defined as unfinished course work that is essential to accomplishing learning standards. Such course work is typically major assessments, projects, and/or papers through which students demonstrate mastery of content.
- ❖ Any incomplete grade(s) without special circumstances will impact students' participation in our programs. Participation in sports, clubs, and other extra-curricular activities will be suspended until work is completed.

DISCIPLINARY INELIGIBILITY: (WAJ BOE Policy §7410)

Disciplinary actions will result in a form of ineligibility, defined as non-participation as follows:

Office Detention: Ineligibility for that day

ISS (in school suspension): Removal for two school days (attendance in ISS is considered one day). Two days of ISS is four days of removal

OSS (out of school suspension): Upon return from OSS, the removal period will be equal to, but not include the period of suspension. (five days OSS = five days suspension plus five days ineligibility upon return to school)

A discipline probationary period will be imposed for the remainder of the school year for inappropriate behavior that occurs with frequency:

*Four incidents of In School Supervision

*Two incidents of Out of School Suspension

APPEALS PROCESS:

In the event a student believes that there are extenuating circumstances regarding his or her eligibility, there is an opportunity for appeal. The appeals committee is comprised of teacher volunteers, the guidance counselor, and administrative personnel. A student must submit their appeal in writing within one week of receiving their notification of ineligibility. The appeal request should include an explanation of circumstances and the reasons for reinstatement. During the appeals process the student remains ineligible.

SCHOOL ATTENDANCE:

In order for students to attend a school-sponsored function, it is necessary that students attend classes for at least one-half of the school day on the day of the activity, unless otherwise excused by the building administrator. One-half of the school day is from 8:30 A.M. until noon or from noon until the end of the school day. Additionally, students must attend school the day before and after a game or extracurricular event. (WAJ BOE Policy §7410)

Academic Eligibility for Participation in Interscholastic Sports and Extracurricular Activities

The Academic Eligibility Policy at the Windham-Ashland-Jewett Central School is a continuing effort by the Board of Education, Administration, and staff to establish and maintain reasonable academic standards as a prerequisite for participation in and attendance to interscholastic sports or any other extracurricular activity. Suspensions from said academic standards, and the threat of such suspension, is an incentive for a student to maintain those standards.” (WAJ BOE Policy §7410)

EXTRACURRICULAR OPPORTUNITIES AT WAJ:

Art Club:

The Art Club provides opportunities for students in grades 7-12 to participate in art projects and activities that are not necessarily available during class.

Band and Chorus:

These classes prepare students for performance opportunities throughout the school year. Additionally, service projects and field trips build camaraderie and unity among musicians and singers.

Drama Club:

Students engage in diverse activities throughout the year with the goal of providing the greater school community with a dramatic performance to entertain and instill an appreciation of the arts.

Fitness Club:

Provide students with the opportunity to use the fitness center after school, gain familiarity with the equipment, develop fitness routines, strengthen their bodies for athletic activity, improve performance, and prevent injury.

Jazz Band:

Enhances and expands the musical opportunities for students at WAJ. Students involved in this group learn to play different styles within the realm of jazz, including, but not limited to: blues, soul, rock, swing, and funk.

National Honor Society and Junior National Honor Society:

Students earn membership to NHS and JHNS through the demonstration of scholarship, leadership, impeccable character, service, and citizenship.

Mock Trial Club:

This club provides students with the opportunity to learn about court etiquette and proceedings, case law, and to practice their ability to analyze and understand legal cases while developing plaintiff and defendant arguments. Students occupy a number of roles, including attorneys and witnesses. They perform in front of real judges and work with local attorneys, strengthening the ties between the school and community. Students improve their skills and confidence in debate, performance, preparation, and improvisation.

Outdoor Club:

Students are engaged in a variety of outdoor related activities, providing opportunities for students to learn about nature

Science Club:

The purpose of the science club is to provide students with opportunities to explore the natural world, expand their interest and understanding of science outside the classroom, and to engage with the community.

Student Council:

Participation in student council provides students with an opportunity to serve the school, advocating for student-centered issues as well as assisting with community service projects.

Robotics Club:

The purpose of the Lego Warriors Robotics Club is to promote the integration of science, technology, engineering, technology, website development, computer-aided drawing, machining, and design. It is a wonderful opportunity to see how mathematics, science, and communication skills transform into fully functional robot Lego Warriors.

WAJ Mountain Bike Club:

This club advances the sport of mountain biking within the WAJ mountain top community and provides opportunities for its members to participate in competitive mountain biking events across the State of New York.

EXTRACURRICULAR ACTIVITIES: “Limited Open Forum”

“The Board of Education maintains a limited open forum where secondary students may meet for voluntary student-initiated activities unrelated directly to the instructional program, regardless of religious, political or philosophical content.

To provide “a fair opportunity” to students who wish to conduct a meeting, the Board of Education, in accordance with the provisions of the Equal Access Act, shall ensure that:

- a.) The meeting is voluntary and student-initiated;
- b.) There is no sponsorship of the meeting by the school, the government, or its agents or employees;
- c.) Employees or agents of the school or government are present at religious meetings only in a nonparticipatory capacity;
- d.) The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
- e.) Non-school persons may not direct, conduct, control, or regularly attend activities of student groups (20 USC Section 4071[c]).

The Board prohibits student organizations whose activities may be unlawful or may cause disruption or interference with the orderly conduct of the educational process.” (WAJ BOE Policy §7410)

ATHLETICS: (WAJ BOE Policy §7420)

Windham-Ashland-Jewett's athletic program is dedicated to athletic excellence and academic achievement, offering diverse and compelling experiences to our student-athletes and community, and encouraging a school environment steeped in integrity and values. We welcome and appreciate your interest, participation, and support of WAJ Athletics.

The Windham-Ashland-Jewett Athletic program is governed by the regulations of the New York State Commissioner of Education's basic code for athletic activities. WAJ is also a member of the New York State Public High School Athletic Association (NYSPHSAA), competing as a Class "D" school in Section IV of the NYSPHSAA. Specific guidelines are established for Middle School students as part of the NYSPHSAA Modified Interscholastic Sports Program.

ATHLETIC PROGRAM PHILOSOPHY MODIFIED LEVEL

Modified athletics is for students in grades 7 and 8 who wish to participate in a sport activity. All modified athletes are required to attend athletic study hall prior to practice and/or games. Sports offered are determined by the existence of leagues, student interest, and the relationship to the high school program. It is at this level where the program has its focus on learning athletic skills and forming the fundamentals needed to provide a safe environment for healthy competition.

While we would like to provide an opportunity for every athlete who expresses an interest in a program, this is not always possible. We generally avoid cuts at the middle school level. However, certain factors exist that must be dealt with by imposing a limitation to the number of students that can be accommodated in specific programs. If the number of students trying out for a team creates a situation that is difficult to manage, poses a safety problem, or is problematic because of facility consideration, reducing team size may be necessary. Ultimately, the number of teams and size of the

squad in any sport is determined by the availability of financial resources, qualified coaches, suitable indoor or outdoor facilities, and a safe environment.

In order for the desired development of the adolescent athlete and team to occur, practice sessions are vital and attendance at these practices is expected. The NYSPHSAA and Section IV have established sport-specific practice guidelines, which govern the number of practices that each individual and team must have in order to be eligible. Occasionally, a practice or contest will be scheduled for Saturdays. Opportunities for meaningful contest participation for each team member will exist over the course of a season.

JUNIOR VARSITY LEVEL

The junior varsity level is intended for those who display the potential of continued development into productive varsity level performers. Although team membership varies according to the structure of each program, freshman and sophomores occupy the majority of the roster positions. In certain situations, juniors may play on the junior varsity level and freshman may play at the varsity level.

Squad size at the junior varsity level is limited in some sports. Therefore, some teams conduct try-outs at the start of the season. At this level, athletes are expected to have visibly committed themselves to the program, team, and continued self-development. To this end, increased emphasis is placed on physical conditioning, refinement of fundamental skills, elements, and strategies of team play in addition to the social/emotional development. Junior varsity programs work towards achieving a balance between continued team and player development and striving for victory.

The realization that practice sessions are important is a premise that is vital to a successful junior varsity program and player. For all team members, meaningful contest participation will exist over the course of a season, providing the athlete meets program expectations. A specified amount of playing time, however, is never guaranteed. Athletes are expected to compete for a position and earn their position in the starting line-up.

Participants at this level are preparing themselves for the six-day-a-week commitment that is expected at the varsity level. Contests and practices are normally not held on Sundays and holidays; however, practice sessions are sometimes scheduled during school vacation periods. With the goal of becoming a varsity athlete clearly in sight, a high level of dedication and commitment is expected at the junior varsity level.

VARSITY LEVEL

Varsity competition is the culmination of each sport's program. Normally, seniors and juniors make up the majority of the roster. Occasionally, a sophomore and a freshman may be included on the team if the player demonstrates evidence of advanced levels of physical development, athletic skill, and appropriate social-emotional development. It is possible on rare occasions to have a junior high student included on a varsity roster.

Squad size at the varsity level is limited in some sports. Therefore, some teams conduct try-outs at the start of the season. The number of participants on any given team is a function of those needed to conduct an effective and meaningful practice and to play the contest. It is vital that each team member have a role and be informed of its importance. The number of roster positions is relative to the student's acceptance of their individual roles in pursuit of the team's goals. While contest participation over the course of a season is desirable, a specified amount of playing time at the varsity level is never guaranteed.

A sound attitude and advanced level of skill are prerequisites for a position on a varsity team, as is the realization that a varsity sport requires a six-day-a-week commitment. This commitment is often extended into vacation periods for all sports seasons. Contests and practices are normally not held on Sundays or holidays; however, the dedication and

commitment needed to conduct successful varsity programs should be taken seriously. There may be conflicts with other scheduled events. It is expected at the varsity level that the team and commitment to the team take precedent. The achievement of individual and team goals requires a full commitment on the part of every athlete on the roster.

COMMITMENT TO THE TEAM

Athletes are expected to attend every practice and contest, unless excused by their coach. If an athlete is in school, he/she is expected to attend practice. Excused absences are permitted for extra help, medical reasons, family illness, death in the family, family emergencies, and religious observances. Timely communication between the coach, parent, and/or athlete in this situation is essential. If a student wants to leave a team after the first two weeks of practice, they must attend a resignation hearing with a parent/guardian, coach, principal, and athletic director. Students should submit a written note requesting removal from the team to their coach and the athletic director. A hearing date will be set for all parties to discuss the circumstances regarding removal, a decision and length of sports suspension will be rendered by the athletic director and principal.

SWITCHING TEAMS IN THE SAME SEASON

A student who goes through a try-out for a sport and makes the team has made a commitment to that program. Therefore, if an athlete wishes to quit the team and join another sport in that same season, this cannot be done without review by the Athletic Director and coaches involved.

FAMILY VACATIONS

When parents and student-athletes choose to take their family vacations during sport seasons, it must be understood that the time missed by the student-athlete can affect skill development, team chemistry, and personal conditioning. Student-athletes who miss practices or competition for any reason may have their position and/or playing time adjusted. Coaches shall make every effort to inform parents and student-athletes of the season's schedule as far in advance as possible. The school's website can also be checked for season starting dates. Please be mindful that post season play at the varsity level can take place during vacation periods as well. Parents/guardians who ask for the exception to our practice policy present the coach with an uncomfortable dilemma. Coaches need to set the same standards of expectations for all participants, and asking them to make exceptions for some, and not for others, is unfair to the team. Furthermore, making such exceptions, without consequence, sets the tone for others in the future. Commitment is a critical component for success.

CONTESTS/PRACTICES ON RELIGIOUS HOLIDAYS

Coaches and team members are expected to respect the religious commitments and personal obligations of the family. Athletes and parents in these circumstances will be informed that the practice is optional, with no implication of any penalty for missing the practice.

SCHOOL-SANCTIONED ACTIVITIES AND FIELD TRIPS

There are numerous educational opportunities for our students to participate in during the school year. The athletic department supports school-sanctioned programs and trips, but also realizes that student-athletes who choose to participate in school trips or other school activities, which result in missing substantial amounts of practice time, affects personal athletic goals and team goals. As stated in the Family Vacations section, student-athletes who miss practice or competitions for any reason can expect to have their playing time or playing role adjusted. The same rules apply when planning for college visitations.

TRANSPORTATION

Student-athletes are transported to and from athletic events by bus. Athletic trips are part of the experience as a team and coaches use this opportunity to plan for and evaluate athletic contests. While students **MUST** travel with the team to a contest, it is **STRONGLY** recommended that students return with the team unless there is an extenuating circumstance. In the event a student is unable to travel home with the team, a note from home is required. This note should be brought into the Athletic Office for approval prior to the scheduled contest. (WAJ BOE Policy §5730) A copy will then be given to the coach. **ONLY THE PARENT/GUARDIAN CAN TAKE A CHILD HOME.**

During field trips and sports trips, no students will be allowed to sit any further back in the bus than the coach. The back seats will only be used if necessary. If equipment is carried inside the passenger area of the bus (rather than in the luggage compartment under the bus); the equipment should be placed in the rear seats of the bus. Under no circumstances will metal spikes or cleats be allowed to be worn on the bus. Also, soccer shoes that have the hard rubber cleats are not to be worn on the bus. Wear a pair of sneakers or sandals so that you can change after you get off the bus.

Eating on the bus is okay for sports trips, but remember the driver is not a custodian. Students are expected to clean up after themselves. Coaches must take responsibility for making sure the bus is clean.

If a group plans to stop and eat somewhere on the way home from an event, we ask that a person in charge call the Transportation Dept. in advance of the trip at 734-3206 to let us know. This way, the driver is aware and prepared prior to their trip.

Entering or exiting the bus from the rear of side doors is **NOT** allowed. These are emergency exits only. However, if sports equipment needs to be loaded through the back door of the bus then a person on the ground should pass them up to another person inside the bus. This is for the safety of all.

Every sports trip driver should bring a sheet with emergency numbers on it in case there is a problem. Sports trip drivers also have access to cell phones for use in long distance trips.

It is important for the coaches to verify the exact drop-off and pick-up location of the event with the drivers.

Once the bus leaves the pick-up point, students need to remain in their seats. Getting up and moving around on the bus is a distraction to the driver and it is also very unsafe. The WAJ Transportation Dept. has an excellent safety record on the road and we want to maintain our good record.

SCHEDULE INFORMATION & DIRECTIONS

Schedules for all interscholastic contests are distributed by the coach at the beginning of each season. In addition, they are posted through a link on the district's website at www.wajcs.org.

TEAM ELIGIBILITY

Windham-Ashland-Jewett Athletics is governed by regulations established by the New York State Public High School Athletic Association (NYSPHSAA) and Section IV Athletics. Each individual team is governed by its established regulations concerning daily attendance at practices and the minimum number of practices necessary before being eligible for competition. The coach will inform the athlete of these regulations.

GUIDELINES AND RECOMMENDATIONS FOR BEHAVIOR OF ATHLETES

The Athlete is expected to:

1. Compete with honor. We desire to win, but only with honor to our athletes, our schools, and our community. Put forth your best effort at all times. When you wear the **blue** and white of WAJ, you must be willing to accept the responsibilities that go with playing on a team that represents you, your school, and your family.
2. Understand and abide by the rules and regulations of the game, and to respect the integrity and judgment of the officials.
3. Conduct themselves as ladies and gentlemen at all times.
4. Demonstrate self-control and mutual respect at all times. Uncontrolled emotions can be self-defeating.
5. Not use crude or abusive language or gestures in dealing with opponents, officials, or spectators.
6. Accept victory with grace and defeat with dignity. Poor winners and losers do a disservice to themselves.
7. Set an example in word and deed, both on and off the playing area. Remember that athletes assume a role of leadership and that the young emulate their role models.
8. Be well-groomed, both on and off the field, as a representative of the school. Improper behavior while in uniform reflects badly upon yourself, your school and your community.
9. Observe training regulations and requirements of physical fitness for better personal performance and greater contribution to the team effort.
10. Place athletic competition in its perspective. It represents only one part of the learning process and should not be pursued to the exclusion of everything else.
11. Remember that participation in athletics is a privilege that should not be abused.
12. Refrain from shouting disapproval of calls made by officials. Shouting disapproval of calls made by officials may result in misconduct.

TEAM RULES

The student-athlete is expected to comply with the established team rules, procedures, and instructions as communicated by the coach. Coaches have the authority to suspend an athlete from the team, temporarily or permanently, for failure to comply with the rules and procedures or when the athlete's safety or safety of others requires such action.

SPORTSMANSHIP

You and your parent(s)/guardian(s) are expected to demonstrate the highest level of sportsmanship at all times, toward your teammates and toward the opposing team, all fans, coaches, and officials. This includes refraining from the use of profanity, taunting, and any demonstration that may be inappropriate. Booing, jeering, name-calling, or other inappropriate conduct which may be construed as unsportsmanlike is unacceptable. You must treat game officials with respect at all times, and you must realize and appreciate that the game officials are there to do their best to insure a safe and fair competition, and that the decisions of the officials are final. Any student disqualified from a contest for misconduct may also miss the next scheduled contest, and may face additional penalties as deemed necessary by the coach, Director of Athletics, and/or the School Principal.

Be a FAN, not a fanatic Fan (admirer of a sport)

Fanatic (unbalanced or obsessive behavior)

PARENT/ATHLETE/COACH/RELATIONSHIP

Both parenting and coaching are extremely difficult vocations. Coaches and parents want the athletes to have a positive experience as they participate in the sport or activity. Communication is the key to making the positive experience become a reality. Athletes, parents, and coaches are all responsible for effective communication.

Communication coaches expect from players:

- Athletes should express concerns immediately and directly to the coach.
- Notification of any schedule conflicts well in advance.
- Specific concerns in regard to a coach's philosophy and/or expectations.
- As your children become involved in the programs at Windham-Ashland-Jewett, they will experience some of the most rewarding moments of their lives. It is important to understand that there may be times when things do not go the way you or your child wishes. At these times, discussion with the coach is encouraged.

Communication you should expect from the coach:

- Expectations the coach has for your child as well as all of the players on the squad.
- Locations and times of all practices and contests.
- Team requirements (special equipment, off-season conditioning).
- Procedures should your child be injured during participation.
- Discipline which results in the denial of your child's participation.

Appropriate concerns to discuss with coaches:

- Concerns regarding your child's mental and physical status.
- Ways to help your child improve in the activity.
- Concerns about your child's behavior.

Issues not appropriate to discuss with coaches:

- Team strategy
- Play calling
- Other student-athletes
- Playing time

There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the other's position.

If you have a concern to discuss with a coach, please call to set up an appointment.

If the coach cannot be reached, call the district athletic office at 734-3400. The athletic director will communicate to the coach your need to meet with him/her. Please do NOT attempt to confront a coach before or after a contest or practice. These can be emotional times for both the parent and the coach. Meetings of this nature do not promote resolution. If a meeting with the coach does not resolve your concern, please call and set up an appointment with the Director of Athletics to discuss the situation. If the issue is not satisfactorily resolved, then please set up an appointment with the Principal by calling 518-734-3400.

RISK FACTOR IN SPORTS

The athletic program is conducted, first and foremost, with the safety of its participants in mind. The Windham-Ashland-Jewett CSD advises students and their parents/guardians that by the very nature of athletic activity, participation in an interscholastic sport or related activity may place the student at risk for injury. Such physical injury can occur in any type of sports activity and may vary in nature.

SPORTS CLEARANCE STEP BY STEP

Student must have a physical exam within one calendar year before the season starts.

Student/parent brings physical exam copy to school nurse for review.

Parent brings a completed Interval Health History form to the school nurse no sooner than 30 days before the start of each season.

School nurse clears student for participation.

The school nurse distributes cleared Interval Health History forms to coaches.

SPORTS PHYSICAL EXAMINATIONS (WAJ BOE Policy §7420, 7512)

It is required that all students have a physical examination prior to participating in the sports program.

Physicals are good for 12 months, unless there is a change in the student's health status following the physical exam. According to the latest NYSPHSAA ruling, physical exam dates, which expire once a season is underway, will not need to be updated until the next season.

However, after 30 days, an Interval Health Questionnaire must be submitted to update the school nurse prior to participation in the next sport season. The nurse will then issue a clearance for participation. Students may obtain a sports physical through the school doctor or a private doctor.

A student who does not have a physical prior to the first day of practice will not be eligible to participate on that team until the physical has been completed and the nurse signs the physical card.

Students changing dates on physical or medical excuses will be subject to discipline action by the coach. This will range from suspension to dismissal from the squad. This is viewed as a very dangerous procedure. The student is subjecting himself/herself to the possibility of injury and litigation.

ACCIDENT OR INJURY (WAJ BOE Policy §7420)

It is the student-athlete's responsibility to immediately report any injury to the coach. An incident report will then be completed. If a student-athlete has been removed from a practice or a contest because of any injury requiring medical attention, the student-athlete may not return to practice or competition without a physician's release.

Medical expenses resulting from any athletic injury must first be submitted to the family's insurance carrier. Any remaining balance may then be submitted to the school district's insurance carrier, which supplements the family's coverage in limited ways. For students to be covered under the district's insurance, a claim form must be submitted to the school nurse within 90 days from the date of the injury.

Injured students must report every injury and illness to your coach as well as your parents or guardians. If you receive medical attention for any injury or illness, you may not return to practice, scrimmage, or compete in a contest until you receive a written medical release from a doctor or health care facility where you were treated, and the note/release is examined and verified by your school nurse. You may not participate in a practice, scrimmage, or contest until your school nurse authorizes your return in writing to your coach.

See Appendix A for Information about Concussions.

PHYSICAL EDUCATION PARTICIPATION

A student-athlete excused from Physical Education class for medical reasons may NOT participate in a practice, scrimmage, or contest on that same day. The New York State Commissioner's Regulations dictate that a student-athlete is ineligible if he/she is medically excused from participation in a Physical Education class. Any contest that an ineligible athlete participates in is deemed a forfeit.

In addition, if a student-athlete did not participate in Physical Education on a day of a practice or a contest, that student is not allowed to participate in athletics that day. Exceptions to this could be, but not limited to, state assessments, field trips, and assemblies.

CHEMICAL HEALTH

To be a member of a Windham-Ashland-Jewett Central School District athletic team is a privilege and each student athlete should strive to perform to the best of his/her athletic and academic potential. We believe that all student athletes should conduct themselves in a manner that reflects positively upon their school and promotes good health. The Windham-Ashland-Jewett Central School District recognizes possessing, consuming, selling, distributing or exchanging alcohol beverages or illegal substances, or being under the influence of either prevents normal development of a healthy mind and body. Student athletes should also not use prescription drugs without the consent of a physician and/or parent at any time during the sport season. These substances pose a significant health risk for adolescents. Student-athletes are prohibited from this behavior during the course of their athletic season whether in or outside of school.

Due to the harmful effects and illegal nature of drugs (including anabolic steroids, human growth hormones and or other illegal supplements), alcohol, and tobacco products, students are forbidden to use any of these substances in any way, shape, or form. Students found to have used these substances during the season of their chosen sport may be suspended from their team, their parent(s)/guardian(s) notified, and referred to their guidance counselor and administrator for proper counseling and possible disciplinary action. You must notify your school nurse and coach in writing of any prescription medications you may be taking. You and your parent(s)/guardian(s) are reminded that smoking and the use of tobacco products are not permitted on school grounds, fields, or facilities.

MIXED COMPETITION

Female students may try out for a team where we do not provide separate competition for boys and girls. The NYS state education guidelines for “mixed competition” include a review panel, consisting of the school physician, physical education teacher, and athletic director. The student’s own family physician may also be a part of the review panel. A physical fitness test (the athletic placement test—from above) is used to determine the fitness level of the student. These procedures only apply to a student’s eligibility to try out for a team of the opposite sex. Males may not participate on teams organized for females.

HAZING (WAJ BOE Policy §7550)

You must abide by all school rules for conduct. All school disciplinary actions take precedence over your participation in interscholastic or co--curricular activities or programs. Hazing is a form of bullying and harassment, whether it is physical or verbal. This type of behavior should not be condoned or tolerated by a victim, a coach, staff, family, school administrator, fellow student, and especially team members. If a student is found to have committed an act of harassment against any student, including team members, he/she will face disciplinary action which may include suspension from the team and from school. Team members are expected to notify a coach or other school official if any such behavior is observed. Below is a list, though not complete, of some terms which are identified with hazing, bullying, and/or harassment. Some examples are, but not limited to:

Verbal Infractions – coercion, threats (verbal, written or electronic), mocking, name-calling, taunting, negatively teasing.

Physical Infractions – use of violence or threats, humiliating acts, pushing, shoving, kicking, hitting, spitting, extortion, stalking, restraining, etc.

Social Alienation and Shunning – gossiping, rumor spreading, ridicule, slurs (ethnic, racial, sexual or religious), social rejection, grudge carrying, threatening looks, public humiliation, and maliciously excluding.

In addition to published school and district rules and policies, any student who participates in hazing, or fails to report incidents he/she feels may be hazing, to their parent(s)/guardian(s), coach, athletic director, guidance counselor, or school administrator, may be suspended from the team, and/or face school disciplinary action, and/or prosecution by law enforcement officials.

COMPETING ON NON-SCHOOL TEAMS IN SEASON

Opportunities exist for WAJ student-athletes to participate on non-school sponsored teams while participating on a school sponsored team. When these situations occur, consistent and frequent communication between the student-athlete, parent/guardian, coaches and athletic administrator is mandatory. As discussed prior, membership on a team requires a considerable time commitment. The school district monitors the wellness and safety of our student-athletes. Keeping this in mind, each situation involving outside competition must be carefully evaluated on a case by case basis. Windham-Ashland-Jewett’s student-athletes’ first commitment must be to the school program.

SELECTIVE CLASSIFICATION (WAJ BOE Policy §7420)

The Selection Classification Program is a process for screening student athletes to determine their readiness to compete safely at an appropriate level of competition based upon readiness rather than age and grade. The program has been designed to assess a student athlete’s physical maturity, physical fitness, and skill so the student athlete may be placed at a level of competition that should result in increased opportunity, fairer competitive environment, reduced injury and greater personal satisfaction. Students, teachers, coaches, or parents/guardians may request the Director of Athletics to process a student through the Selection Classification screening procedure.

LOCKER ROOMS & POSSESSIONS

Student-athletes are issued a locker for their personal use located in the locker room. Only the student who is issued the locker receives the combination. Students should NOT give their combination to anyone as doing so compromises the security of their belongings. These locker rooms are used by a number of students throughout the course of the day. Therefore, it is essential that personal belongings be LOCKED in their locker while at practice or competition.

Note: Athletes are discouraged from bringing valuable personal items to school that need to be left in the locker room facility. Excess cash, expensive jewelry, cell phones, and electronics should be left at home.

UNIFORMS AND EQUIPMENT

WAJ provides uniforms and equipment at the start of each athletic season. The student is responsible for the proper care of these belongings as well as the return of all equipment and uniforms which have been issued. If any item is missing, the student will be held fiscally responsible for the cost to replace the item. Additionally, a student who has not turned in a uniform or met their financial responsibility for the uniform may not be issued equipment and/or uniform for the next season until this obligation has been met. Uniforms are only to be worn at contests. If school uniforms are not returned within one week after the last contest, the student will remain ineligible to participate in upcoming sporting events until the uniform is returned or replaced in its entirety.

**WINDHAM-ASHLAND-JEWETT
CENTRAL SCHOOL DISTRICT**

**Extracurricular and
Athletic Handbook
INDEX**

SPECTATOR CODE OF CONDUCT

Spectators are an important part of the game and shall at all times conform to accepted standards of good sportsmanship and behavior.

Spectators shall at all times respect officials, coaches and players and extend courtesies to them.

Wholesome cheering is encouraged.

Stamping of feet, taunting, foul and abusive language, inflammatory remarks, and disrespectful signs and behavior are not acceptable. **

Faculty supervised pep bands are permitted “dead ball time”. However, spectator noise makers or sound devices are prohibited.

Spectators shall observe and obey the rules and regulations of the school concerning smoking, food and soft drink consumption, use of lavatory facilities and parking of cars.

New York State Law prohibits alcoholic beverages of any kind on school property; the law further prohibits any person under the influence of alcohol to be on school property.

Spectators shall respect and obey all school officials, supervisors, and police at all athletic contests.

Violators of this code are subject to eviction from the area.

** Violation of #4 during a free throw attempt will be penalized by repeating the free throw, if missed. The official will make this decision.

NYSPHSAA/Section IV Misconduct Rule

Any member of a squad removed from a contest for unsportsmanlike conduct or for a flagrant foul shall not participate in that sport in the next scheduled contest or in NYSPHSAA tournament play. Disqualifications from one season carry over to the next season of participation.

Any member of the squad who strikes, shoves, kicks, or makes other physical contact with intent to do so to an official shall be expelled from the game immediately and banned from further participation in all sports for one year from the date of the offense. Note: Members of the squad include coaches, players, managers, scorekeepers, timers and statisticians.

A player or coach who has been suspended from play may not be present on the school grounds where the contest is played. There is no appeal to the NYSPHSAA/Section IV Misconduct Rule. The official’s ruling is final and not subject to question.

Note: The Windham-Ashland-Jewett CSD reserves the right to impose an additional consequence, which may result in school disciplinary action, a longer period of suspension from practice and contests, and/or dismissal from the team by the coach and/or administration.

PARENT SUPPORT

WAJ Athletics encourages family members to share in our athlete's education by attending games and showing positive, constructive support. If a parent has a question, the athletic staff welcomes the opportunity to talk. Discussions on the field are often not conducive to the topic as they are usually incomplete and public. If the conversation involves an individual's performance, it certainly deserves both privacy and time. Please call the coach and arrange a convenient time to meet.

It is the responsibility of the parent/spectator to:

Keep cheering positive and supportive.

Avoid actions, language and gestures which offend visiting teams, coaches and individual players.

Show appreciation of good play by both teams.

Learn the rules of the game in order to be a better-informed spectator.

Treat all visiting teams in a manner in which you would expect you and your child to be treated.

Accept the judgment of coaches and officials.

Encourage other spectators to participate in the spirit of ethical and sporting behavior.

Support abstinence from the use, abuse and resulting negative influence of drugs, including alcohol and tobacco

Remain seated in spectator areas during competition.

Recognize and help reinforce that this is interscholastic athletics and NOT professional sports. The goals of each are very different and should be remembered as such.

MOST IMPORTANT... As an adult, you are being relied upon as a positive role model on our sidelines. Your children as well as others are watching. We are all involved in the education process. Your support is greatly appreciated.

WAJ Booster Club

The WAJ Booster Club is looking for interested parents to help promote our program. Anyone interested in becoming a member, please call the president of the Booster Club, Christine Corrigan at 518-734-3400.

Have a safe and successful season!

Appendix A

Concussion/Head Injury/Mild Traumatic Brain Injury (TBI) Information

Definition: A concussion is a type of traumatic brain injury (TBI) which alters the functioning of the brain. A concussion can occur with any bump, blow, or jolt to the head or body that causes the brain to quickly move back and forth. Concussions can occur as a result of a fall, motor vehicle accident, accident on the playground, during athletic participation, or during many other activities. All concussions are serious and need to be evaluated by a health care professional.

Signs and Symptoms: Look for the following signs and symptoms of concussion for any student who suffered a bump, blow, or jolt to their head or body:

- Headache or head “pressure”
- Nausea and/or vomiting
- Dizzy and/or problems with balance
- Blurry vision or double vision
- Light and/or noise sensitivity
- Feels “foggy”
- Hard time concentrating
- Confused
- Just “doesn’t feel right”
- Hard time remembering
- Unable to remember events before or the injury
- Loss of consciousness
- Appears dazed or out of it.

Returning to Sports/Athletics: The District follows the International Consensus Conference Guidelines for Return to Play (RTP) to team sports in a monitored and graduated progression of activity over six phases once the athlete is symptom free for at least 24 hours and medically cleared by their physician*. Your physician RTP clearance is a return to our protocol, not games. The process is detailed below.

International Consensus Conference Guidelines for Return to Play Following Head Injury/Concussion

Phase 1 low impact non-strenuous light aerobic activity for short intervals, such as easy walking, biking, swimming in three ten minute intervals with rest in between; no resistance training

Phase 2 higher impact, higher exertion activity in two 15 minute intervals, with rest in between, such as running/jumping rope, skating, or other cardio exercise; may be sports specific if available (e.g. skating without collision meaning suited up, but skating when the team is not doing drills; running without impact in soccer or football, suited up), no resistance training

Phase 3 repeat phase 2 progressing with shorter breaks, and add additional 10 to 15 min. stationary skill work, such as dribbling, serving, tossing a ball (balls should not be thrown or kicked in the direction of the student); low resistance training if available with spotting

Phase 4 repeat of phase 3 without breaks in cardio, but add skill work with movement (allowing balls to be thrown/kicked in the direction of student) and add additional 10-15 minutes; non-contact training drills

Student will complete post-injury Impact computer-based neuro-cognitive testing to compare with baseline pre-injury test results in combination with the athlete's current overall neuro-cognitive symptoms and physical presentation.

Collaboration between the ATC, RN, District Physician and/or NP, and private medical provider, as needed, will determine whether to advance, hold, or regress.

Phase 5 repeat phase 4 as a warm up; weight lifting with spotting; full contact training drills for full practice session

Phase 6 warm up followed by full participation as tolerated

***For purposes of the head injury RTP protocol, an appropriate physician evaluation is completed by a practicing MD or DO within the following specialties: family medicine, pediatrics, sports medicine, neurology, or neurosurgery, with preference given to the individual's primary care physician. Family members and friends of the family who are medical providers may not serve as an appropriate physician. The physician completing the physician's evaluation form should document name, degree, specialty, practice name (if applicable), address, and phone number.**

Windham-Ashland-Jewett Central School District
Athletic and Extracurricular Contract

Student Name: _____ Coach/Advisor _____
(PLEASE PRINT)

Team/Club: _____ Level _____

This form MUST be signed by the student AND parent/guardian

The Handbook for Athletes, Club Participants, and Parents can be obtained in the Main Office or found on the school website.

I have read and I understand the “Athletic and Extra Curricular Handbook.” I accept my personal responsibility for these guidelines.

(Student Signature) _____ (Date) _____

I acknowledge reviewing the Windham-Ashland-Jewett Central School District’s “Athletic and Extracurricular Handbook” which contains the rules and regulations for participation. I accept my responsibilities in helping my son/daughter live up to the responsibilities and obligations set forth therein.

(Parent/Guardian Signature) _____ (Date) _____

THIS FORM MUST BE SIGNED AND RETURNED TO THE COACH OR ADVISER BEFORE PARTICIPATION IN EVENTS IS ALLOWED.

As a student at Windham-Ashland-Jewett, I have read the above code of conduct and understand the expectations and responsibilities associated with being part of an athletic team and/or club in this district. (This includes the attached head injury information and the return to play procedures.) I promise to abide by these rules and regulations.

Student: _____ Date: _____

Parent: _____ Date: _____

Windham-Ashland-Jewett Central School

Informed Consent & Parental Permission for Athletic Participation

As the parent(s) of _____, I/We hereby grant him/her
(Student Athlete)

permission to participate in _____ during the _____ school year.
(Name of Sport) Year of Participation

In addition, as parents, we are aware of the possibility of serious injury inherent in, athletic participation, and we are familiar with the dangers involved in this sport. We, consent to our son/daughter participating in this sport and hereby full agree to these conditions.

_____	_____	_____
Sport	Parent/Guardian Signature	Date

We understand that in case of an injury or illness, the quickest medical assistance will be summoned and first aid administered. We can be reached at the following numbers:

Home Phone: _____

Work Phone: _____

Cell Phone: _____

You, as coach, should be aware of the following special information or instructions regarding my son's/daughter's medical history or condition:

NATIONAL HONOR SOCIETY

Membership in the WAJERIAN Chapter of the National Honor Society is available to students who display outstanding achievement in scholarship, service, leadership, and character. These qualities can be demonstrated in the classroom, in athletics and in community and church organizations. The following regulations shall govern academic eligibility for membership in the National Honor Society:

- A Sophomore, Junior or Senior student shall possess averages of 90% without rounding.
- All subjects taken shall be considered in the average.
- All averages considered are cumulative beginning with the first quarter of the freshman year.

A member must continue to strive to maintain the high ideals of the National Honor Society. A member may be dismissed if he or she does not maintain an average of 90%. Any student who is dismissed has the right to a hearing before the faculty council. The next level of appeal is with the Principal then the Superintendent of Schools.

Academic Ineligibility Policy

In the spirit of our mission statement, and in keeping with our efforts to provide what is best for our students in a manner that encourages accountability at all levels, the following Academic Eligibility Procedure will be in effect for the current school year.

The focus of this plan is for teachers, coaches, and advisors to work together to assist students to be successful. Teachers do this by monitoring student progress, calling parents, and providing instructional support as necessary to remediate students' shortcomings in individual classes. Coaches/advisors do this by being aware of their participants' classroom situations and using that information to encourage better performance. By modifying the level of student participation as appropriate and working with students to encourage improvement, proper motivation is more likely to be inspired.

Academic Ineligibility:

- Eligibility status for all students will be evaluated every five weeks throughout the school year when teachers submit their grades. Students who are failing two or more classes, or who are assigned an incomplete in two or more subjects, will be ineligible for ten school days.

During this ineligibility period, students are expected to make up missed work and bring their grades up to passing.

Coaches and advisors may limit a student's participation in a sport or activity, or have additional requirements.

At the end of the two-week period, each teacher will report the student's status in the failing subjects to the Guidance Office. If a student is passing all of his or her classes after this two week period, then he or she will be removed from the ineligibility list and may resume regular participation in the sport or club, or may attend all extra-curricular events on and off campus. If, however, the student is still failing two or more classes after the two week ineligibility period, then he or she will remain ineligible for the remainder of the marking period. Coaches, advisors, and the Building Principal will be informed of this change and make adjustments to the student's participation level accordingly.

This procedure will be revisited annually and is therefore subject to change. In situations where an individual student's needs are not addressed by the above procedures, all final decisions will be made by the Building Principal.

E

WAJ Academic Integrity: Course of Action

All students of Windham-Ashland-Jewett Central School are expected to meet the standards of academic integrity in all assignments, activities, and actions pursuant to the school community. Failure to meet these standards will result in a zero for the assignment, a disciplinary referral, and additional consequences ranging from 3-13 per the WAJ Code of Conduct and the recommendation of the Building Principal.

What is Academic Integrity? Academic Integrity can be defined by honest academic work where (1) the ideas and the writing of others are properly cited; (2) students submit their own work for tests and assignments without unauthorized assistance; (3) students do not provide unauthorized assistance to others; and (4) students report their research or accomplishments accurately.

(Excerpted from http://www.ethicsed.org/programs/integrityworks/ai_definitions.htm)

Violations of Academic Integrity include, but are not limited to the following: (Excerpted from The University of Albany: http://www.albany.edu/undergraduate_bulletin/regulations.html)

Plagiarism: Presenting as one's own work the work of another person (for example, the words, ideas, information, data, evidence, organizing principles, or style of presentation of someone else). Plagiarism includes *paraphrasing or summarizing* without acknowledgment, submission of another student's work as one's own, the purchase of prepared research or completed papers or projects, and the unacknowledged use of research sources gathered by someone else. Failure to indicate accurately the extent and precise nature of one's reliance on other sources is also a form of plagiarism.

Cheating on Examinations: Giving or receiving unauthorized help before, during, or after an examination.

Multiple Submission: Submitting substantial portions of the same work for credit more than once, without the prior explicit consent of the instructor(s) to whom the material is being (or has in the past been) submitted.

Forgery: Imitating another person's signature on academic or other official documents.

Sabotage: Destroying, damaging, or stealing of another's work or working materials.

Unauthorized Collaboration: Collaborating on projects, papers, or other academic exercises that is regarded as inappropriate by the instructor(s).

Falsification: Misrepresenting material or fabricating information in an academic exercise or assignment (for example, the false or misleading citation of sources, etc.).

I have read and understood the WAJ procedures for Academic Integrity.

Senior Class Privileges / Class of 2020

TO BE DETERMINED

Windham-Ashland-Jewett Central School
2019-2020
Internet Acceptable Use Policy

I. Windham and the Internet

The Internet is a collection of interconnected computer networks around the world, which expands classroom and library media resources by providing access to information, images, and even computer software from places otherwise impossible to reach. These resources can yield individual and group projects, collaboration, curriculum materials and idea sharing. Internet access also makes possible contacts with people all over the world, bringing into the classroom experts in every content area, as well as students and adults from other nations and cultures.

We are able to provide access to the Internet for our students. It is important for parents and students to realize that access to the Internet is a privilege and demands responsibility. The following sections will outline the guidelines for acceptable use, unacceptable use and the consequences for such, filtering and monitoring software used by WAJ, legal disclaimer, and signature section. Please read the following pages carefully.

II. Acceptable Use

District Board of Education Policy 7314R authorizes that access to the Internet is provided by WAJ for the purposes of enhancing student learning. All Internet access at the school is for educational purposes only. Students should be accessing the Internet for research, information gathering, and viewing of articles, documents, pictures, audio and video for the purposes of learning only.

III. Netiquette

Internet users are expected to abide by the generally accepted rules of network etiquette and guidelines pertinent to the mission of the district. These guidelines include but are not limited to the following:

1. Be courteous and respectful in your writings
2. Use appropriate language. Do not swear; use vulgarities or any other inappropriate language.
3. Do not reveal your home address or phone number or those of other students or colleagues. Use school numbers or addresses of appropriate.
4. Understand that electronic telecommunications are not guaranteed to be private. People who operate systems do have access to messages and transmissions over certain media such as E-Mail, Internet, Distance Learning and Electronic Interlibrary Loan.
5. Respect other people's time and Bandwidth. Remember downloading large files will clog network traffic and slow all machines and access down.
6. Respect other people's privacy.

IV. Unacceptable Uses

The users of the WAJ Internet are responsible for their actions and the activity within their accounts. Do not give your password out to others, as you will be held responsible for all activity involving your account. Some unacceptable uses are listed below, but are not limited to the following list.

1. Using the network for any illegal activity, including violation of copyright or other contracts.
2. Using the network for financial or commercial gain
3. Degrading or disrupting equipment or system performance.
4. Vandalizing the data of another user, the network, or other networks connected via telecommunications. This includes but is not limited to the uploading of viruses.
5. Gaining unauthorized access to resources of entities.
6. Invading the privacy of individuals.
7. Using an account owned by another user.
8. Posting anonymous messages
9. Transmitting or receiving communications in any format which are pornographic, profane, obscene, depicting explicit sexual scenes, violence, or which contain other material or media with limited educational value according to local community or district standards.
10. The use of any form of social networking/chat sites (ex: myspace, facebook, and instant messenger services)
11. The use of proxy sites with the intent of circumventing in house security filters.
12. Use of e-mail for any purpose other than school-related

V. Consequences for Unacceptable Use

Consequences of violations may include but are not limited to the following:

1. Suspension/revocation of Internet access
2. Suspension/revocation of Network privileges
3. Suspension/revocation of Computer access
4. School suspension
5. School expulsion
6. Legal action and prosecution by the authorities

VI. Who is Watching?

The Internet and District Network are public places. You must always remember that you are sharing the space with many other users. Because these connections are granted to you as part of the larger scope of the curriculum, the WAJ school district reserves the right to monitor all traffic on the network. We do this to make sure that the network continues to function properly for all of its users. WAJ uses a number of programs and hardware devices for the purposes of Internet filtering and monitoring. Students should expect only limited privacy in the contents of their personal files on the District system. The situation is similar to the rights students have in the privacy of their lockers. Parents have the right at any time to request to see the contents of student personal files. Content filters are in place that log web page and file access by user accounts. Any attempts at circumventing these in-house filters are subject to penalization. They are in place for your safety.

VII. Personal Electronic Devices

Use of personal electronic devices is limited. Many of them are equipped with internet access which is not approved or monitored by WAJ.

1. Use of personal devices to access the internet is strictly forbidden and may result in revocation of network access, as well as temporary confiscation of the device in question.
2. Cellular phones, personal MP3 players, Compact Disc Players, or other audio devices **are not to be used during school hours.**
3. Personal laptop computers may be used since they will use WAJ's wireless internet system which will be completely monitored and secured. However, the use and access of software and applications housed on personal computers will be held to the standards and regulations outlined within the Acceptable Use Policy.

VIII. Student Responsibilities

All WAJ Students are expected to abide by the guidelines established in this policy while using the school provided internet. In the event of an accidental violation of the policy, the student should notify school personnel immediately so they can minimize the possibility of potential repercussions due to the accidental violation.

IX. Teacher Responsibilities

The faculty at WAJ will be responsible for properly monitoring student Internet access. Teachers will review and remind students of acceptable uses of the Internet while in school. All faculty and staff should model appropriate Internet behavior while using the Internet and abide by all policies stated in the acceptable use policy.

X. Parent Responsibilities

The purpose of the school Internet policy is to educate students on how to use the Internet in an appropriate, educational manner. As a school, we can only monitor the use of the Internet while your child is accessing our network. It is recommended that parents be an extension of the school and monitor their child's Internet activities at home. If you would like information on Internet supervision, you may contact the school and we will provide you with information published by industry leaders in the Internet supervision of the home.

XI. Disclaimer

The District makes no guarantee that the functions or the services provided by or through the District system will be error-free or without defect. The School District makes no warranties of any kind,

whether expressed or implied for the service it is providing in making electronic telecommunications available for students and staff. The School District will not be responsible for the damages suffered by individuals. This includes loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by negligence or user errors or omissions. Use of any information obtained via electronic telecommunications is at the risk of the user. The School District specifically denies any responsibility for the accuracy or quality of information obtained through its provision of electronic telecommunications.

XII. User Signature

Acceptable Use Agreement Student Access to Networked Information Resources

Students Name: _____ Teacher/Grade: _____
(PLEASE PRINT)

Student and Parent/Guardian Agreements:

Please read and /or discuss the Acceptable Use Agreement on the previous pages with your child. In accepting an account, your child accepts the responsibility of using the network in a responsible and appropriate manner. It is important that you understand his/her responsibilities as well. Your signature indicating that you have read and agreed to the guidelines is necessary prior to an account being issued.

I have read, or have had read to me, and/or have discussed the Acceptable Use Agreement and agree to use the network in an appropriate and responsible manner.

Student Signature

_____ Date: __/__/__

I have read and /or discussed the Acceptable Use Agreement with my child and give the school permission to issue and internet account to my child.

Parent/Guardian Signature

_____ Date: __/__/__

The Windham-Ashland-Jewett Central School supports and respects each family's decision whether or not to apply for student access and whether to terminate or suspend that access. Parents/guardians have the right to request alternative activities, which do not require access to networked information resources. Access, if issued, shall remain in effect through the remainder of this school year, unless suspended or terminated by the student, the school, or the parent or guardian.

PLEASE RETURN THIS PAGE ONLY & KEEP THE REST FOR YOUR RECORDS

WAJ ISS Rules and Procedures

- 1) Students should report to ISS with all books and necessary equipment for an entire day of work.**
- 2) Talking is not permitted in ISS without the express permission of the ISS teacher or the principal. Any student with a special circumstance should see the principal at the beginning of the school day.**
- 3) Eating is not allowed in ISS.**
- 4) While in ISS, students will be engaged in assigned school work. If all work has been completed, reading is encouraged.**
- 5) Students may not sleep, draw, lounge around, or otherwise waste time.**
- 6) The use of a computer to complete academic work is a privilege. Violations of the Acceptable Internet Use Policy will result in a referral and appropriate consequences (which will more than likely be additional ISS time). The student will also forfeit computer privileges until the principal or technology administrator determines if such privileges should be reinstated in the future.**

WAJ Study Hall Rules

1. All students must promptly report to the study hall to sign out and have their attendance taken. If a student has a pre-signed pass to leave the study hall, he/she must place the pass on the teacher's desk and be **SEATED** until dismissed by the study hall teacher.
2. No student may leave the study hall without a pre-signed pass from an academic teacher. The study hall teacher may **NOT** write a pass for any location other than bathroom, nurse, or office. If a student wishes to go to the library, an academic teacher must write the pass in advance. If a student wishes to go to a teacher or coach, the student must have a pre-signed pass from that teacher or coach to leave the study hall.
3. Laptops, electronic readers, or iPads, may not be used in study halls unless approval has been granted by the building principal or Director of Technology.
4. No electronic devices may be used in study hall. (e.g. cell phones, iPods, or MP3 players).
5. Noise must be kept to a minimum and students must stay busy. Sleeping is **not** permitted.
6. Students **may not** sit on desks, tables or counters.
7. Classroom phones **may not** be used by anyone except the classroom or study hall teachers.
8. No food or drinks are allowed in study hall (except water).

Student failure to comply with these rules will result in disciplinary action under the insubordination section of the Disciplinary Code.

Revised 8/12

Windham-Ashland-Jewett Central School Guest Form

_____, has requested to attend a function at our school. It is our policy for our students to be in good academic and behavioral standing to attend all activities at our school. We require the same of our guests. WAJ students must be academically and behaviorally eligible. This means that they must be passing all courses, except one, to remain eligible. Therefore, by signing this form you are stating that your student (our guest) meets the same eligibility requirements.

Visiting students must have some form of picture ID within them when they come to the event.

Thank you for your support of our programs.

WAJ PLAYGROUND RULES

- Children 12 years old or younger **MUST** be accompanied by a supervising adult.
- Sneakers or close toed shoes **MUST** be worn on the playground at all times.
- No climbing on exterior parts of equipment that is higher than 4 feet.
- No climbing **up** slides.
- One person at a time going down slides.
- One person at a time on swings.
- Do not walk behind moving swings.
- No games that involve physical contact.
- No use of hard baseballs or bats.

Use of the playground is a privilege. Misuse of the playground will result in consequences. One warning will be given for unacceptable behavior followed by a timeout if the behavior continues. Physical aggression will result in an automatic timeout.

HOMEWORK POLICY RECOMMENDATION

The Purpose of Homework

- To assess skills
- To review and practice skills taught in class
- To develop independent study, organizational and time management skills
- To extend classroom work. The students must have skills and resources to complete extension activities.
- To provide them with readiness activities for new learning

Responsibilities of the School

- To communicate District Homework Guidelines to teachers, students, and parents
- To review Homework Guidelines on a regular basis
- To enforce Homework Guidelines consistently

Responsibilities of the Teacher

- To communicate Homework expectations early in the year to parents and students
- To create assignments with a purpose
- To make sure students understand the purpose of the assignment
- To assign an appropriate amount of homework (see page 4)
- To consider time for gathering supplies and organizing materials when calculating how long it will take students to complete homework
- To coordinate homework with other teachers in order to ensure an appropriate amount of homework
- To assign homework that is varied, meaningful, and related to classroom work
- To adjust homework assignments for students with special needs
- To match assignments to skills, interests, and needs of students
- To contact parents when there is a pattern of incomplete homework assignments
- To be available to inform a student, who has been absent, of the assignments he/she has missed
- To ensure that students have the necessary resources and skills needed to complete assignments

- To refrain from placing parents/caregivers in a teaching position
- To provide time for support during activity period if necessary for specific skills
- To provide sufficient time for project completion
- To refrain from scheduling exams or project due dates on the day following a vacation
- To refrain from assigning homework on the following days:
 - Band/Choral Concerts
 - Open House
 - Evenings prior to Standardized Assessments
- To evaluate assignments and provide constructive feedback as soon as possible
- To collect evidence about the effect of homework on student learning

Responsibilities of Students

- To record assignments and due dates
- To take initiative
- To ask questions on the following day about difficult and/or confusing items
- To seek immediate help if assignment is not understood
- To plan time for homework including time to study and a plan to complete long term assignments
- To complete homework independently
- To demonstrate effort
- To complete assignments missed as a result of absence or tardiness
- To remain in school during the activity period if recommended

Responsibilities of Parents

- To provide a suitable, quiet, well lit location and necessary materials for homework completion
- To establish a consistent family routine that provides time for homework
- To assist students in planning completion of short term and long term assignments
- To refrain from completing homework for the student
- To communicate with teachers when student is demonstrating difficulty with assignments

- To communicate with teachers when student is not able to complete assignments within the established time guideline (see page 3)
- To encourage students to communicate with teachers
- To allow students to remain in school during the activity period for support if recommended
- To reinforce the relevancy of learning
- To provide basic school supplies
- To reinforce the relevancy and importance of learning

Possible Consequences for Incomplete Homework

- Teacher will communicate with parents
- Homework may be modified if necessary
- Remaining for activity period may be required
- Grades will be affected
- Not prepared for exams

Incentives for Completed Homework

- Use extrinsic rewards sparingly. If extrinsic motivators are to be used, they are most effective when rewards are closely related to the task accomplished. Also, rewards should only be given when they are clearly deserved. Giving a prize for minimally successful work sends the message that minimum effort is acceptable, and the reward then becomes meaningless (Brooks et al., 1998).
- Ensure that classroom expectations for performance and behavior are clear and consistent (Skinner & Belmont, 1991). Help students understand the criteria for individual assignments by giving them examples of high-, average-, and low-level work and then providing an opportunity to discuss how each piece was evaluated (Strong et al., 1995).
- Make students feel welcome and supported (Lumsden, 1994). Elementary school students in particular need to feel that teachers are involved in their lives. Take time to get to know students, talk to them individually, and "express enjoyment in interactions" (Skinner and Belmont, 1991).
- Respond positively to student questions, and praise students verbally for work well done (Dev, 1997).
- Work to build quality relationships with students, especially those considered to be at-risk and without other positive adult interaction; this is a critical factor of student engagement that allows children to foster a sense of connection with school (McCombs & Pope, 1994).
- Break large tasks into a series of smaller goals (Lumsden, 1994). Doing so prevents students from becoming overwhelmed and discouraged by lengthy projects.

- Promote mastery learning (Anderman & Midgley, 1998). "When a student completes an assignment that does not meet the expected criteria, give her or him one or more opportunities to tackle the task again, with guidelines on how to achieve the desired result" (Dev, 1997, p. 17).
- Evaluate student work as soon as possible after project completion, and be sure that feedback is clear and constructive (Strong et al., 1995).
- Evaluate students based on the task, not in comparison to other students (Anderman & Midgley, 1998; Dev, 1997; Lumsden, 1994).*

Recommended Time Per Night

"The first step in maximizing the effectiveness of homework is determining the appropriate amount of work to assign. More time, the research tells us, doesn't necessarily lead to higher achievement (Black, 1996; Corno, 1996; Paulu, 1998)

Grades 7-9: no more than 2 hours per night

Grades 10-12: 1 1/2 to 2 ½ hours per night

Homework during an extended absence: If a student misses school for an extended period of time, teachers may provide assignments for up to five days or an alternate homework plan. Upon return from an extended absence, the teacher will provide students with a compilation of the work missed if feasible.

2019-20 School Year New York State Immunization Requirements for School Entrance/Attendance¹

NOTES:

Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). For grades pre-k through 11, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. Intervals between doses of vaccine DO NOT need to be reviewed for grade 12 except for interval between measles vaccine doses. See footnotes for specific information for **each** vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule.

Vaccines	Prekindergarten (Day Care, Head Start, Nursery or Pre-k)	Kindergarten and Grades 1, 2, 3, 4 and 5	Grades 6, 7, 8, 9, 10 and 11	Grade 12
Diphtheria and Tetanus toxoid-containing vaccine and Pertussis vaccine (DTaP/DTP/Tdap/Td) ²	4 doses	5 doses or 4 doses if the 4th dose was received at 4 years or older or 3 doses if 7 years or older and the series was started at 1 year or older	3 doses	
Tetanus and Diphtheria toxoid-containing vaccine and Pertussis vaccine booster (Tdap) ³	Not applicable		1 dose	
Polio vaccine (IPV/OPV) ⁴	3 doses	4 doses or 3 doses if the 3rd dose was received at 4 years or older	4 doses or 3 doses if the 3rd dose was received at 4 years or older	3 doses
Measles, Mumps and Rubella vaccine (MMR) ⁵	1 dose	2 doses		
Hepatitis B vaccine ⁶	3 doses	3 doses	3 doses or 2 doses of adult hepatitis B vaccine (Recombivax) for children who received the doses at least 4 months apart between the ages of 11 through 15 years	
Varicella (Chickenpox) vaccine ⁷	1 dose	2 doses		1 dose
Meningococcal conjugate vaccine (MenACWY) ⁸	Not applicable		Grades 7, 8, 9 and 10: 1 dose	2 doses or 1 dose if the dose was received at 16 years or older
Haemophilus influenzae type b conjugate vaccine (Hib) ⁹	1 to 4 doses	Not applicable		
Pneumococcal Conjugate vaccine (PCV) ¹⁰	1 to 4 doses	Not applicable
