

Good Afternoon

I am making you aware of a confirmed positive student Covid case in Wendell. The student was in school yesterday and was tested last night. The student was not in school today. We have been in contact with the South Central Public Health District and are working cooperatively and collaboratively to address the situation. Our principal will be sending a letter home to classmates of the student. We are undertaking cleaning and sanitation protocols throughout the school.

We knew eventually we would need to address this type of scenario in our buildings. I applaud our staff for the way they've handled this situation today. We've had a great start to the school year and we are hoping to continue with face-to-face instruction until directed differently. We will continually engage parents, teachers, and administrators throughout this process.

We remind all to continue to follow and maintain CDC and local health authority guidelines; practice handwashing, physical distancing, and strongly encourage people to wear coverings in our buildings.

If you have questions or concerns please contact me personally on my cell phone. I know our community supports our students and schools. We will get through this together. I'm proud to be a Trojan.

Sincerely,

Tim Perrigot  
Superintendent of Schools  
(208) 536-0961
