

## OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 12/7/2020

(2/23/2021)

Under ODE's **Ready Schools, Safe Learners** guidance, each school<sup>1</sup> has been directed to submit a plan to the district<sup>2</sup> in order to provide on-site and/or hybrid instruction. Districts must submit each school's plan to the local school board and make the plans available to the public. This form is to be used to document a district's, school's or program's plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the [Ready Schools, Safe Learners guidance](#) document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to, school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,<sup>3</sup> parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

2. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

<sup>1</sup> For the purposes of this guidance: "school" refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, "school" will be used inclusively to reference all of these settings.

<sup>2</sup> For the purposes of this guidance: "district" refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

<sup>3</sup> Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a [government-to-government](#) basis.

In an effort to make the beginning of the 2020-2021 school year as seamless as possible, our District staff met with parents and the Burns Paiute Tribe on 6/30/2020. The Superintendent also surveyed the community at large and shared his findings with the administrative team. Our singular goal is the see students back in school this Fall, while providing a Safe, Respectful and Responsible environment where education is possible.

3. Indicate which instructional model will be used.

Select One:

☒ On-Site Learning      ☐ Hybrid Learning      ☐ Comprehensive Distance Learning

4. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
5. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-19 in the initial template) and [submit online](https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a). \* **Note:** Private schools are required to comply with only sections 1-3 of the **Ready Schools, Safe Learners** guidance.

### REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

*This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning. For Private Schools, completing this section is optional (not required). Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.*

Describe why you are selecting Comprehensive Distance Learning as the school's Instructional Model for the effective dates of this plan.

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. [Here is a link to the overview of CDL Requirements](#). Please name any requirements you need ODE to review for any possible flexibility or waiver.

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

*The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.*

## ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

*This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models.*

*Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.*

### 0. Health Metrics for Returning to In-Person Instruction

#### OPERATING WITHIN THE GENERAL METRICS

- ☐ The school meets eligibility for the "Safe Harbor Clause" as they were operating with in-person instruction in compliance with previous metrics, including under any prior exceptions. *Unless operating under an exception in section 0d of the **Ready Schools, Safe Learners** guidance, if the school is located in a county with metrics in the "Distance Learning" column of the metrics chart, then the school must transition to distance learning by January 4, 2021.*
- ☐ The school currently meets the General Metrics to successfully reopen for in-person instruction in an On-Site or Hybrid (On-Site and Distance Learning) model. *If this box cannot yet be checked, the school must return to Comprehensive Distance Learning but may be able to provide some in-person instruction through the exceptions noted below.*

#### EXCEPTIONS FOR SPECIFIC IN-PERSON INSTRUCTION WHERE REQUIRED CONDITIONS ARE MET

- ☐ The school currently meets the criteria required to provide limited in-person instruction (LIPI) for specific groups of students (see section 0d(1) of the **Ready Schools, Safe Learners** guidance).
- ☐ The school is small and remote (enrollment  $\leq 75$ ) and the LPHA has established that the school currently meets the criteria required for small remote schools (see section 0d(2) of the **Ready Schools, Safe Learners** guidance).
- ☐ The school currently meets the conditions required for to provide in-person instruction under the low population density, large population county exception (see section 0d(3) of the **Ready Schools, Safe Learners** guidance).
- ☐ The school is eligible for an emergency waiver for in-person instruction due to the impact of wildfires (see section 0d(4) of the **Ready Schools, Safe Learners** guidance).

### 1b. HIGH-RISK POPULATIONS

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Serve students in high-risk population(s) whether learning is happening through On-Site, Hybrid (partially On-Site and partially Comprehensive Distance Learning models), or Comprehensive Distance Learning models. <b>Medically Fragile, Complex and Nursing-Dependent Student Requirements</b> <input type="checkbox"/> All districts must account for students who have health conditions that require additional nursing services. Oregon law ( <a href="#">ORS 336.201</a> ) defines three levels of severity related to required nursing services: <ol style="list-style-type: none"> <li>1. Medically Complex: Are students who may have an unstable health condition and who may require daily professional nursing services.</li> <li>2. Medically Fragile: Are students who may have a life-threatening health condition and who may require immediate professional nursing services.</li> <li>3. Nursing-Dependent: Are students who have an unstable or life-threatening health condition and who require daily, direct, and continuous professional nursing services.</li> </ol> <input type="checkbox"/> Staff and school administrators, in partnership with school nurses, or other school health providers, should work with interdisciplinary teams to address individual student needs. The school registered nurse (RN) is responsible for nursing care provided to individual students as outlined in ODE guidance and state law: <ul style="list-style-type: none"> <li>• Communicate with parents and health care providers to determine return to school status and current needs of the student.</li> <li>• Coordinate and update other health services the student may be receiving in addition to nursing services. This may include speech language pathology, occupational therapy, physical therapy, as well as behavioral and mental health services.</li> <li>• Modify Health Management Plans, Care Plans, IEPs, or 504 or other student-level medical plans, as indicated, to address current health care considerations.</li> <li>• The RN practicing in the school setting should be supported to remain up to date on current guidelines and access professional support such as evidence-based resources from the <a href="#">Oregon School Nurses Association</a>.</li> <li>• Service provision should consider health and safety as well as legal standards.</li> </ul>	<ol style="list-style-type: none"> <li>1- All staff and students given the opportunity to self-identify as vulnerable or living with a vulnerable family member.</li> <li>2- Staff (Plan included bus drivers, classified, and limited teachers self-identifying).               <ul style="list-style-type: none"> <li>- Redeployed staff member assigned to on-line instructional support, work tasks without in person contact, (i.e. maintenance projects, office work), or leave options.</li> </ul> </li> <li>3- Students               <ul style="list-style-type: none"> <li>- All students identified as vulnerable, either by a physician, or parent/guardian notification, will be enrolled in online instruction with daily check-ins.</li> <li>- Students who experience disability will continue to receive specially designed instruction.</li> <li>- Students with language services will continue to receive English Language Development</li> </ul> </li> <li>4- Visitors/Volunteers               <ul style="list-style-type: none"> <li>- Visitors/Volunteers will be unable to work in schools, or complete other volunteer activities that require in person interaction, at this time. Adults in schools are limited to essential personnel only.</li> </ul> </li> </ol>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <li>• Appropriate medical-grade personal protective equipment (PPE) should be made available to <a href="#">nurses and other health providers</a>.</li> <li>• Work with an interdisciplinary team to meet requirements of ADA and FAPE.</li> <li>• High-risk individuals may meet criteria for exclusion during a local health crisis.</li> <li>• Refer to updated state and national guidance and resources such as: <ul style="list-style-type: none"> <li>○ U.S. Department of Education Supplemental Fact Sheet: Addressing the Risk of COVID-19 in Preschool, Elementary and Secondary Schools While Serving Children with Disabilities from March 21, 2020.</li> <li>○ ODE guidance updates for Special Education. Example from March 11, 2020.</li> <li>○ OAR 581-015-2000 Special Education, requires districts to provide 'school health services and school nurse services' as part of the 'related services' in order 'to assist a child with a disability to benefit from special education.'</li> <li>○ OAR 333-019-0010 Public Health: Investigation and Control of Diseases: General Powers and Responsibilities, outlines authority and responsibilities for school exclusion.</li> </ul> </li> </ul>	

#### 1c. PHYSICAL DISTANCING

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Establish a minimum of 35 square feet per person when determining room capacity. Calculate only with usable classroom space, understanding that desks and room set-up will require use of all space in the calculation. This also applies for professional development and staff gatherings. <input type="checkbox"/> Support physical distancing in all daily activities and instruction, maintaining six feet between individuals to the maximum extent possible. <input type="checkbox"/> Minimize time standing in lines and take steps to ensure that six feet of distance between students is maintained, including marking spacing on floor, one-way traffic flow in constrained spaces, etc. <input type="checkbox"/> Schedule modifications to limit the number of students in the building (e.g., rotating groups by days or location, staggered schedules to avoid hallway crowding and gathering). <input type="checkbox"/> Plan for students who will need additional support in learning how to maintain physical distancing requirements. Provide instruction; don't employ punitive discipline. <input type="checkbox"/> Staff must maintain physical distancing during all staff meetings and conferences, or consider remote web-based meetings.	<ul style="list-style-type: none"> <li>- Each classroom has posted outside the room a maximum capacity and the square footage of the area. To the maximum extent feasible...</li> <li>- Desks and furniture will be set to allow 35 sq. ft. per person.</li> <li>- Common areas and travel areas will be set for proper distancing.</li> <li>- Training and practice will occur regularly for students and staff to continue to follow physical distancing.</li> <li>- Hallways will be closely monitored to ensure students aren't loitering, but go directly to their classes.</li> <li>- If waiting needs to happen in these areas students will not be within 6 feet of each other for more than 15 minutes.</li> </ul>

#### 1d. COHORTING

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Where feasible, establish stable cohorts: groups shall be no larger than can be accommodated by the space available to provide 35 square feet per person, including staff. <ul style="list-style-type: none"> <li>• The smaller the cohort, the less risk of spreading disease. As cohort groups increase in size, the risk of spreading disease increases.</li> </ul> <input type="checkbox"/> Students cannot be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational week. Schools must plan to limit cohort sizes to allow for efficient contact-tracing and minimal risk for exposure. Cohorts may change week-to-week, but must be stable within the educational week.	<p>Below are the identified stable cohorts to ensure capability for contact-tracing.</p> <p>1- Transportation Cohort</p> <ul style="list-style-type: none"> <li>- This is a stable group of students each day.</li> <li>- Stable groups can be varied by AM/PM routes.</li> <li>- Updated contact-tracing logs are required for each run of a route.</li> </ul> <p>2- 6th - 8th Grade Classroom Cohorts</p> <ul style="list-style-type: none"> <li>- Where feasible, the cohorts are maintained throughout the quarter (9 weeks) by class and for each special area (i.e., music, PE).</li> </ul>

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <li><input type="checkbox"/> Each school must have a system for daily logs to ensure contact tracing among the cohort (see section 1a of the <b><i>Ready Schools, Safe Learners</i></b> guidance).</li> <li><input type="checkbox"/> Minimize interaction between students in different stable cohorts (e.g., access to restrooms, activities, common areas). Provide access to All Gender/Gender Neutral restrooms.</li> <li><input type="checkbox"/> Cleaning and disinfecting surfaces (e.g., desks, door handles, etc.) must be maintained between multiple student uses, even in the same cohort.</li> <li><input type="checkbox"/> Design cohorts such that all students (including those protected under ADA and IDEA) maintain access to general education, grade-level academic content standards, and peers.</li> <li><input type="checkbox"/> Staff who interact with multiple stable cohorts must wash/sanitize their hands between interactions with different stable cohorts.</li> </ul>	<ul style="list-style-type: none"> <li>3- Speech and Language Cohort <ul style="list-style-type: none"> <li>- This stable group is maintained as much as possible.</li> <li>- In the event the stable cohort is changed, the SLP will need to update the contact-tracing log. NOTE: Due to the instructional model used, there is not a need for cohorts in Band, Special Education services, EL services, or PE.</li> </ul> </li> <li>4- Every time students are moved attendance and hand sanitizing will be implemented.</li> <li>5- Cleaning and wiping surfaces (e.g., desks, door handles, etc.) must be maintained between multiple student uses, even in the same cohort with an approved EPA product, a trained staff person will clean.</li> <li>6- During lunch students will eat lunch either in the cafeteria, designated classrooms, or outside while monitored by a staff member.</li> <li>7- Students will be designated a place to eat lunch by hot/cold lunch, or by grade level.</li> <li>8- All staff who visit multiple cohorts or are within 6ft distancing and or will wear a mask or face shield.</li> <li>9- Music teacher: will teach cohorts and each student will use individual hand instruments, no wind instruments. Cleaning between cohorts.</li> <li>10- PE Instruction: schedule PE classes in the gymnasium, outside, or in classrooms with cohort groups; provide enough time for cleaning and sanitization between groups if using common spaces. Each cohort will have their own set of equipment.</li> </ul>

#### 1e. PUBLIC HEALTH COMMUNICATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <li><input type="checkbox"/> Communicate to staff at the start of On-Site instruction and at periodic intervals explaining infection control measures that are being implemented to prevent spread of disease.</li> <li><input type="checkbox"/> Develop protocols for communicating with students, families and staff who have come into close contact with a person who has COVID-19. <ul style="list-style-type: none"> <li>• The definition of exposure is being within 6 feet of a person who has COVID-19 for at least 15 cumulative minutes in a day.</li> </ul> </li> <li><input type="checkbox"/> Develop protocols for communicating immediately with staff, families, and the school community when a new case(s) of COVID-19 is diagnosed in students or staff members, including a description of how the school or district is responding.</li> <li><input type="checkbox"/> Provide all information in languages and formats accessible to the school community.</li> </ul>	<p>Communication:</p> <ul style="list-style-type: none"> <li>1- The district safety committee (w/LPHA) will develop communication to staff, students and families on the infection control measures being implemented to prevent spread of disease (see communicable disease plan resources in section 1a).</li> <li>2- The district safety committee (w/LPHA) will develop protocols for communicating with anyone who has come into close/sustained contact with a confirmed case or when a new case has been confirmed and how the district is responding.</li> <li>3- The district safety committee (w/LPHA) will update communicable disease plan with communication protocols (see plan resources in section 1a).</li> </ul>

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, and locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for instructional and extra-curricular activities requiring additional considerations (see section 5f of the **Ready Schools, Safe Learners** guidance).

## 2b. ATTENDANCE

(Note: Section 2b does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<input type="checkbox"/> Grades K-5 (self-contained): Attendance must be taken at least once per day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools). <input type="checkbox"/> Grades 6-12 (individual subject): Attendance must be taken at least once for each scheduled class that day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools). <input type="checkbox"/> Alternative Programs: Some students are reported in ADM as enrolled in a non-standard program (such as tutorial time), with hours of instruction rather than days present and days absent. Reported hours of instruction continue to be those hours in which the student was present. <input type="checkbox"/> Online schools that previously followed a two check-in per week attendance process must follow the Comprehensive Distance Learning requirements for checking and reporting attendance. <input type="checkbox"/> Provide families with clear and concise descriptions of student attendance and participation expectations as well as family involvement expectations that take into consideration the home environment, caregiver's work schedule, and mental/physical health.	<ul style="list-style-type: none"> <li>- Attendance will be taken twice per week following ODE guidance.</li> <li>- Attendance is taken daily for our On-site students.</li> <li>- Attendance policies and plans will encourage staff and students to stay home if someone in their house is sick.</li> <li>- Teachers will notify the principal when the absence rate has increased by 20% or more.</li> <li>- The principal will report this increase to the LPHA.</li> <li>- Teachers will use the Respiratory Surveillance spreadsheet to document students with respiratory illness.</li> </ul>
