

3RD GRADE ART LESSON WEEK 2

In this lesson we will be drawing cityscapes! If a landscape is a picture of the land.. What do you think a cityscape is a picture of?... that's right, a CITY! Except our cities will have a twist. All of our buildings will have silly faces. Be CREATIVE! You can add whatever kind of faces you want. I will include some idea sheets for faces but I know that YOU can come up with fantastic faces.

Supplies:

Paper
Pencil
Eraser
Marker
Crayon
Water
Paintbrush

[Here](#) is a link to the video lesson. This video was also made by Cassie Stephens the AmAZInG art teacher from Tennessee. She will walk you through drawing your cityscape and adding faces PLUS color using markers. She also adds a sky inspired by the artist Vincent Van Gogh and his artwork Starry Night. I think you have probably seen it in the art room before!

Optional:

-Draw a water tower like the one in Bowdon and add a James Rizzi face to it.

James Rizzi Artwork.

Student example.

Face idea sheet on page below.
