Re: Bertha-Hewitt-Verndale Shared Programs

The Verndale School District would like to continue the shared service programs at the same level in agriculture and Spanish for 2018-2019 school year. This letter serves as notice that the Verndale School is considering possible changes to the shared services program for art. At this time, we do not have a final plan, but we do anticipate adding more art class opportunities for our students. Our hope is to have this final decision made in March. In response, please let me know how many additional hours of art Verndale could purchase from Bertha-Hewitt.

The Verndale School appreciates the continued collaboration between the two school districts. It has been a strong relationship for the last several years and has had a positive impact on our student programs. Please feel free to contact me with any questions or concerns.

Sincerely,

Paul Brownlow
Superintendent
