

Intro to Ag Mechanics		
Standards	Fall Semester	
Common Career Technical Core Standards	Topics Covered	Number of Days
AG-3	Class syllabus, class/shop procedures and shop tour	1 Week
AG-3	Safety Examine and summarize the importance of health, safety, and environmental management systems in Agriculture, Food & Natural Resources (AFNR) activities	4 weeks
AG-5	Describe career opportunities and means to achieve those opportunities in each of the Agriculture, Food, & Natural Resources Career Pathways. W1 Test	1 Week
AG-PST-1, 2 construction	1. Apply physical science principles and engineering applications to solve problems and improve performance in AFNR power, structural, and technical systems. 2. Operate and maintain AFNR mechanical equipment and power systems. We will be working on shop projects.	3 Weeks
AG-PST-1, 2 Equipment	1. Apply physical science principles and engineering applications to solve problems and improve performance in AFNR power, structural, and technical systems. 2. Operate and maintain AFNR mechanical equipment and power systems. 3. Service and repair AFNR mechanical equipment and power systems. Working on shop projects W2 test	3 Weeks
AG-PST-1, 2, 3 Metal	1. Apply physical science principles and engineering applications to solve problems in AFNR power, structural, and technical systems. 2. Operate and maintain AFNR mechanical equipment and power systems. 3. Service and repair AFNR mechanical equipment and power systems. Shop work projects. S1 test	6 Weeks
