According to Board Policy FDA (LOCAL), transfers shall be granted for one regular school year at a time. Applications must be submitted every year. Campus and grade level enrollment, among other factors, are considered prior to acceptance.

New Elementary Student Transfer Applications: Due to enrollment numbers we are only accepting **new** Elementary transfer student applications for the 5th Grade for the 2020-2021 school year.

We will consider additional Kindergarten transfer requests after school starts if the grade has less than 54 students.

Middle School and High School Student Transfer Applications: we are accepting student transfer applications for all middle school and high school grades.
