# Using ClassLink at Home

ClassLink provides OneClick single sign-on into web and Windows applications for your child that are used by your child's teacher. ClassLink is accessible from any computer, tablet or smartphone. Use ClassLink to access programs used at school by going to our district webpage and clicking on the ClassLink icon or go directly to the district ClassLink page: https://launchpad.classlink.com/taylor

If students or staff will be accessing ClassLink from a *personal* mobile device, be sure that they are directed to the ClassLink **mobile app** to download (iOS or Google Play) and then to search for your district name for the custom mobile login page access.
