It has been observed, that our end of the day pick-up is not as safe as it could be. So, we are resharing our current pick-up procedures and have added some new procedures for the safety of all.

- If you are getting out of your car to pick-up your child(ren), you **must** park on Penfield and walk up the sidewalk to get your child. **We can't have people getting out of their cars in the drive.** It is unsafe for everyone who is outside at that time.
- The front drive will have one lane of cars for pick up (the lane closest to the building), just like in the morning. Please make sure to pull all the way up to the cone marked student pick-up area, to allow for as many students to enter cars as possible. The outside lane can be used for parents to pull away after they have their child in the car.
- Students can get in cars anywhere along the sidewalk between the front door and the first cone.
- Students are **NOT allowed to cross the drive at any time.** Please wait in the line or park on Penfield and cross only at the crossing guard.
- Cones will be set-up at the end of the drive in the 2nd lane to prevent a double lane pick-up line. **Cones are not allowed to be moved.**

We are sorry for any inconvenience or longer dismissal times this may cause, but the safety of our students is our first priority. We appreciate your cooperation and patience.
