#### **New Milford's Mission Statement**

The mission of the New Milford Public Schools, a collaborative partnership of students, educators, family and community, is to prepare each and every student to compete and excel in an ever-changing world, embrace challenges with vigor, respect and appreciate the worth of every human being, and contribute to society by providing effective instruction and dynamic curriculum, offering a wide range of valuable experiences, and inspiring students to pursue their dreams and aspiration

#### **Health Education Grade 4**

Fourth grade health vertically aligns with the third grade curriculum and will provide students the opportunity to further explore, create, practice and reflect to better understand what it means to be socially, emotionally and physically healthy. The course is broken into two units of study. The first unit addresses the social and emotional aspect of wellness and includes the following topics - Self-Advocacy; Recognizing Feelings; Personal Boundaries; Communication Skills. The second unit focuses on physical well-being and self-management. Topics include an introduction to Media Literacy; Communicable Disease Prevention; Drug Abuse Prevention and Refusal Skills; Sleep Hygiene; Nutrition and Injury Prevention.

# **Pacing Guide**

Each class currently meets once every 6 days, and will receive approximately 30 sessions during the school year. A suggested progression is outlined below.

Session	Unit	Lesson
#	#	Title
1-3	1	Self - Advocacy: Creating a Veb of Support
4-6	1	Recognizing and Responding to Feelings:  Mixed Up and Corfused
7-9	1	Body Language and In yed Messages
10-12	1	Relations to Bound ries
13-15	2	Disease Prevention
16-18	2	Drug Abas Prevention and Refusal skills
19-21		Natrit on
22-24	2	Media Literacy
25-27	2	Sleep Hygiene
28-30		Injury Prevention - Tick-borne Illness

	Stage 1 Desired Result
ESTABLISHED GOALS	

**Standard 3**: Students will demonstrate the ability to practice health-enhancing behaviors to avoid and reduce health risks.

**Standard 5**: Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.

**Standard 6**: Students will demonstrate the ability to use decision-making skills to enhance health.

**Standard 8**: Students will demonstrate the ability to advocate for personal, family and community health.

# CT Sexual Health Education Standards

**Standard 1 -** Students will comprehend concepts related to physical, mental, emotional, and social development and the impact on self and others.

Students will be able to independently use their learning to...

• Live a healthy life by making safe choices and decisions regarding self-advocacy, emotional regulation and relationship management..

Transfer

• Demonstrate behaviors that promote healthy Nationships throughout life.

# UNDERSTANDINGS

Students will understand that...

- healthy relationships make as feel comfortable and safe
- sometimes we need leep with situations that make use feet uncomfortable or unsultable.
- it is important to recognize and express emotions in a healthy way.
- we in feel multiple emotions about the sale thing.
- there are different ways we communicate and send messages to one another.
- being aware of body language and mixed messages are important for maintaining healthy relationships.

# Meal ing

ESTENTIAL QUESTIONS tudents will keep considering...

- What factors in my life affect my emotional and social well-being?
- How does my emotional health influence my relationship with others?
- What can I do to avoid or reduce health risks while expressing my emotions and forming positive relationships?
- What can we do when we do not understand how we feel or how someone is feeling?
- How can someone express their feelings through their body language?
- How do feelings play a role in our decision making and our actions?

**Standard 3:** Students will demonstrate the ability to practice health-enhancing behaviors to avoid and reduce sexual health risks.

**Standard 5:** Students will demonstrate the ability to use interpersonal communication skills to avoid or reduce health risks and contribute to sexual health.

#### CCSS.ELA-Literacy.RI.4.1

Refer to details and examples in a text when explaining what the text says explicitly and when drawing inferences from the text.

### CCSS.ELA-Literacy.W.4.4

Produce clear and coherent writing in which the development and organization are appropriate to task, purpose, and audience.

#### CCSS.ELA-Literacy.SL.4.1

Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on *grade 4 topics and texts*, building on others' ideas and expressing their own clearly.

 saying "no" to establish a personal boundary is our right, but sometimes may feel uncomfortable.

## Acquisition

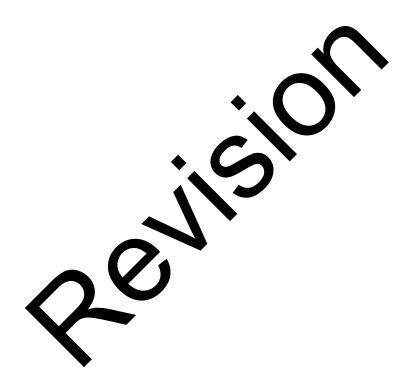

#### Students will know...

- how to make health decisions and when to seek help with those decisions.
- how to explain the ways that rules of expressing behaviors make the classroom, school and community safer.
- how to check in with ourselves a out how we are feeling.
- how to recognize emotions in ourselves in order to letter understand how we are feeling and why.
- how to defire a resonal boundary.

Students will be skilled at...

- identifying healthy, unhealthy and abusive relationship behaviors.
- Selecting trusted adults and professionals who can help with health related decisions.
  - recognizing and expressing their emotions in a healthy way.
- identifying and communicating their own personal boundary to others.
- identifying the boundaries of others.
- responding in a healthy way when a personal boundary has been crossed.

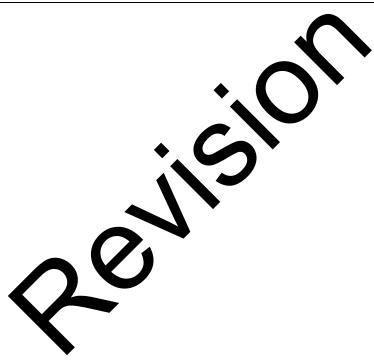

Stage 2 – Evidence		Stage 2 – Evidence

#### Books:

**Cancer Hates Kisses** 

#### Videos:

- Health For Children Video Series -
  - Diseases
  - Dealing with Feelings
- Safer Smarter Kids Curriculum Body Boundaries
- <u>TickLES</u> Educational Video Tick bite Prevention

## **Stage 1 Desired Results**

#### **ESTABLISHED GOALS**

**Standard 3**: Students will demonstrate the ability to practice health-enhancing behaviors to avoid and reduce health risks.

**Standard 4:** Students will analyze the influence of family, peers, culture, media, technology and other factors on health.

**Standard 5:** Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.

**Standard 6**: Students will demonstrate the ability to use decision-making skills to enhance health.

**Standard 8**: Advocacy Essential Question: Curricular Outcome: Students will demonstrate the ability to advocate for personal, family and community health.

### CCSS.ELA-Literacy.RI.4.2

Determine the main idea of a text and explain how it is supported

#### Transfer

Students will be able to independently use their learning to...

- Live a healthy life by making safe choices and decisions regarding disease prevention, drug abuse prevention and refusal skills; sleep hygiene; nutrition and media literacy; tick-borne illness prevention.
- Participate in safe activities that promete w lines throughout life.

## Meaning

# UNDERSTANDINGS Students will understand that...

- pathogens are expentity for life on earth, but some san much people very ill
- communicable disease is spread from posser, to person by pathogens.
- through the practice of good hygiene we can reduce our risk of contracting or spreading communicable disease.
- Some diseases can be prevented with vaccinations.
- The only thing that can kill viruses is the human immune system.

# ESSENTIAL QUESTIONS Students will keep considering...

risks?

- What can I do to avoid or reduce health
- How do I make good decisions to keep myself healthy?
- How can I prevent communicable diseases?
- How can communication enhance my personal health?
- What influences my healthy behaviors and decisions?
- What prevents people from making healthy food choices?

by key details; summarize the text.

#### CCSS.ELA-Literacy.W.4.4

Produce clear and coherent writing in which the development and organization are appropriate to task, purpose, and audience.

#### CCSS.ELA-Literacy.SL.4.1

Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on *grade 4 topics and texts*, building on others' ideas and expressing their own clearly.

- Nicotine is more addictive than any illicit drugs.
- Poor sleep hygiene can negatively affect a student's social, emotional, physical and academic health.
- The purpose of advertising is to influence our choices.

- What can I do to promote accurate health information and healthy behaviors?
- What can I do to protect myself when spending time outdoors?

### Acqui ition

#### Students will know...

- that two of the most common pathogens are bacterial and virus is
- the four ways germs can spread from person to person.
- wherey said yash their hands.
- Neoting least and in both smoking and vaping products.
- the consequences of both a good and bad night's sleep.
- that MyPlate can help them make healthy food choices
- the anatomy of a typical nutrition facts food label.

students will be skilled at...

- recalling at least 4 strategies they can practice to reduce their risk of disease transmission.
- washing hands properly.
- refusing an offer to smoke or vape.
- implementing strategies to practice good sleep hygiene.
- recognizing sleep helpers and sleep barriers.
- Building a healthy meal that is colorful, satisfying and representative of at least 3 food groups.
- Differentiating between healthy and unhealthy food choices by interpreting

<ul> <li>that our choice of every food, drink, game, clothingetc is greatly influenced by consumer marketing tactics</li> <li>Some diseases are transmitted by the bite of a tick called tick-borne illnesses</li> </ul>	<ul> <li>food labels.</li> <li>Analyzing and identifying marketing tactics used to entice the consumer.</li> <li>Practicing strategies that can decrease personal risk of contracting a tick-borne illness.</li> </ul>

	Stage 2	2 – Evidence
Code	Evaluative Criteria	Assessment Evidence
T, A	Situation examples:     a. You are home alone with your sibling, who finds an open pack of cigarettes on the counter.     She is curious and wants the both of you to try lighting one	PERFORMANCE TASK(S): Students will show that they really understand evidence of  Goal: Role Play Role: Student Actors
T, A	<ul> <li>b. You are at a party and a group of friends is passing around a cigarette. As it gets passed to you, everyone's watching to see what you will do.</li> <li>c. You are waiting for the school bus to pick you up when your friend notices a partially lit cigarette on the ground. He wants to smoke it and offers some to you.</li> <li>d. You are in the locker room when you notice a popular kid luts something funny in eir buth. He or she offers you lome.</li> </ul>	Audience: Peers Situation: Students valuated out situations Products: Students will a monstrate healthy personal boundary interactions. Standards: Audients we clear and assertive communication either Verbally or not verbally that ensures their safety and comfort. (Drug Abuse Remention Refusal skills)
	<ul> <li>assertive communication &amp; e cards provided along with ongoing student feedback.</li> </ul>	
	Students must:     a. clearly say "No"     b. provide a reason that draws from knowledge of drugs     c. avoid aggressive behavior     d. demonstrate how to leave the	

	situation (Go).	
T, M, A	<ul> <li>Clear, neat and coherent writing</li> <li>Proper use of specific health related vocabulary</li> </ul>	Goal: Personal Reflection Role: Author Audience: Teacher Situation: Students reflect on their current sleep hygiene habits. Products: Student must make 1 - 2 changes to improve sleep habits
T, M, A	Accurate recall of negative consequences	Standards: Student is able to describe negative consequences of personal sleep barriers; and clearly communicate how they will implement their 1-2 taggested sleep helpers.  (Sleep Hygiete)  Chal: Healiny Food Finders Role Detective
	<ul> <li>Accurate nutrient comparison clearly identified.</li> <li>The summary of findings to peaclearly written and data supported.</li> </ul>	Ludierice: Peers Luation: Students must analyze, compare two food labels Products: Students will collect data, make a choice and explain why their food choice is the healthier option Standards: Students will be able to recall which nutrients to limit and which they should get more of. (Nutrition)

	<ul> <li>Rubric will provide marketing tactic word bank from which to choose.</li> <li>Writing should be neat, coherent with use of specific content vocabulary, and persuasive if offering an alternative food.</li> </ul>	Goal: Marketing Tactic Finders Role: Detective Audience: Peers Situation: Students must analyze food advertisements Products: Students will decide the types of marketing tactics used to try to persuade a consumer to make a purchase Standards: Students will use their knowledge of nutrition to decide if the ad is selling a healthy or unhealthy product. If unhealthy, they must suggest healthier alternatives. (Media Literacy)
Т		OTHER EVILENCE Students will show aley have achieved Stage 1 goals by  Sin seessment of exposure level to tick-borne illnesses  Tea Party - students will each have a card with a term, definition or partial strategy on it. As they enter the room they must walk around checking with their peers to find a match to their card. Once all cards are matched, each "couple" shares the fact or strategy with the class.  (Disease Prevention)

Stage 3 – Learning Plan		
Code	<ul> <li>Pre-Assessment</li> <li>Students will complete a story with missing words using a word bank that will determine prior knowledge about tick-borne illness (from TimeforLyme.org or similar source)</li> <li>Students are invited to build a healthy meal using paper plates and pictures of various foods laid out on a table. Teacher will look for color, portion and variety of food groups present.</li> </ul>	
Code means the same as stage 2, and	Summary of Key Learning Events and Instruction Student success at transfer meaning and acquisition depends on	Progress Monitoring
is done in the same way	Disease Prevention	Dis ese Prevention
M	Topic Icebreaker - Students play a game called "Guess the Object of the Game" Each student will read the name of a disease and a brief description and then stand by a "Yes" or "No" sign. After 6 diseases have been shared, students may attempt to guess the object of the game. Game continues until the object is revealed.	monitors student participation, encouraging everyone to listen to their peers bc clues are hidden in each disease description. Game concludes when someone figures out what "Yes" and "No" mean. (Yes=Contagious No=Non-Contagious)
M	Students will watch a brief video introduct key vocabulary.	T will add new vocabulary to the classroom word wall as terms are discussed.
M, A	Students will read alors a non-fice piece explaining what a human cell is and a trong comprehension questions in whole groundsetting. (A Tower of Living Cells or similar text)	<ul> <li>T will track student responses on whiteboard and clarify meaning as needed.</li> <li>T will provide graphic organizer and illustrations on SmartBoard to assist all</li> </ul>
M, A	<ul> <li>Students will take notes during lesson SMartBoard presentation defining 4 key vocabulary words.</li> </ul>	learners.
T, M, A	Students will follow a maze of situations to reveal 4 ways pathogens can spread from person to person.	T challenge students to revisit each correct situation to determine how pathogens traveled from person to person and track responses on the board.

T, A	Students will brainstorm strategies they can implement to reduce the spread of communicable disease.	T will track responses on the board, generate a word document and hand out to students to hang in their lockers as a daily reminder.
M	<ul> <li>Drug Abuse Prevention and Refusal Skills</li> <li>Topic Icebreaker - "Addiction Activity" Each student receives a card; not all are the same and some are even blank. Students must stand up when they hear an item on their card is announced.</li> </ul>	<ul> <li>Drug Abuse Prevention and Refusal Skills</li> <li>T will ask guiding questions to assist students in making conclusions based on what they observe. Goal - students will be</li> </ul>
T, M	<ul> <li>Students will read together with small group of peers to reveal the main idea of a Scholastic Article "E-Cigarettes: What You Need to Know" (or a similar text). A scribe will write the main idea on the classroor poster. A reporter will share information with the class.</li> </ul>	alse to conclude that Nicotine is one of the most addictive legal drugs on the market.  T will work with small groups to assist with finding the main idea, as needed.
M, A	Students will view a Brainpop video on shoking/young.	T will ask guiding questions.
T,, M, A	Students will work in small groups to make healthy decisions based on situations provided using a 4-step decision making model	<ul> <li>T will challenge students to recall at least 2 reasons why vaping is just as dangerous to their health as smoking.</li> </ul>
M, A	Sleep Hygiene  • Students will read a poempntitled "It was a Dreadful day" (or similar text) and underline all of the bad things	T will introduce the 4-step decision making model and provide each student with a personal copy to use during small group work.  Step Hygiens
	(consequences) that happened and discuss why these events occurred.	<ul> <li>Sleep Hygiene</li> <li>T will assist students as needed during individual reading time.</li> </ul>
M, A	<ul> <li>Students will categorize each consequence as either social, emotional or physical.</li> </ul>	T will track events on a large scaled health triangle asking students to identify which area of health was negatively affected by
M, A	Students will view Brainpop video and verbally recall at least 2 benefits of good sleep during pair and share.	each event.

M, A	<ul> <li>Students will read a non-fiction piece entitled "Sleep Well" (or similar text) and answer related</li> </ul>	T will track benefits on a large Chart paper
	comprehension questions	<ul> <li>T will track responses on the WhiteBoard</li> </ul>
		highlighting the physical changes that occur
