

# ANNOUNCEMENT

In our school district's mission to instill within our students the desire to learn, to graduate from high school, and to become productive citizens, we're always excited to learn new ways to support our students in Murray County. With that in mind, we are excited to introduce our districts has partnered with Purposity.

If you knew a kid down the street had a simple need – say she needed sneakers for school – chances are you'd help, right? But, it's hard to know the needs of real people in your community because there's never been a way to connect people who could really use help with people who want to offer it.

Enter our new app partnership, Purposity. Its name comes from purpose + generosity, and it's designed to connect the individual needs of people near you with neighbors, like you.

Purposity allows you to quickly and easily lend a hand to one of our students or families. By signing up, you're sent just one weekly notification with a specific need. It might be a winter jacket for a student in one of our schools or household essentials for a family that lost its home in a fire. Decide if you want to help and meet a need in just a few clicks, right from your phone. You'll know exactly who you're helping and why. It's the simplest way to make an impact in our school community.

To be a part of our Purposity movement, download the Purposity app in the [App Store](#) or [Google Play](#), and follow Murray County Schools. You can scan the QR Codes below for access as well.
