## Parent Resources

The goal of the Sunflower County Consolidated School District is to ensure that every student has access to a rigorous instructional program required for college and career readiness. As indicated in the [District's Beliefs and Vision statement](#), increasing student achievement is the primary goal.

The Curriculum, Instruction, and Assessment department is committed to meeting the district's instructional goal. The Curriculum department prepares a standards-based curriculum that is aligned to the Mississippi Essential Knowledge. A common standards-based curriculum guarantees that every SCCSD teacher will have access to the resources necessary to plan, teach, and assess instruction and student learning effectively.
